

- Updates: What's happening across the state?
 - Communication issues
- Immediate Issues (e.g. ExLibris automatically keeps adding Open Access resources...)
 - Search results, i.e. Catalog scope
 - Facets disappearing
 - Problems with linking to Ebsco full text
 - Problem with open access articles being auto added (passed this to Erin/ERM)
 - Coverage notes
 - Standalone e-resources: Create a local collection with portfolios for more control
- Goals for this semester
 - Work with Network Zone Manager (update recommendations)
 - User Testing (I'd like to discuss asking for money to use [usertesting.com](https://www.usertesting.com) to help streamline the process).
 - Ask Amy B. about recent call for student workers for testing - should be involved if statewide testing is happening?
 - Other ideas
 - How are we advising people about ways to customize Primo (i.e. you can change the full text link labeling)
 - Central customization package - need to ask NZ manager if we can do this
 - How do we share customizations?
 - Push for libanswers, we can start an FAQ - build it up with answers from the Canvas discussions + our more recent customization ideas
- Membership for the rest of the semester.
 - Start with Amy B.
 - Longer process for adding faculty
