

Third-party Apps Installation

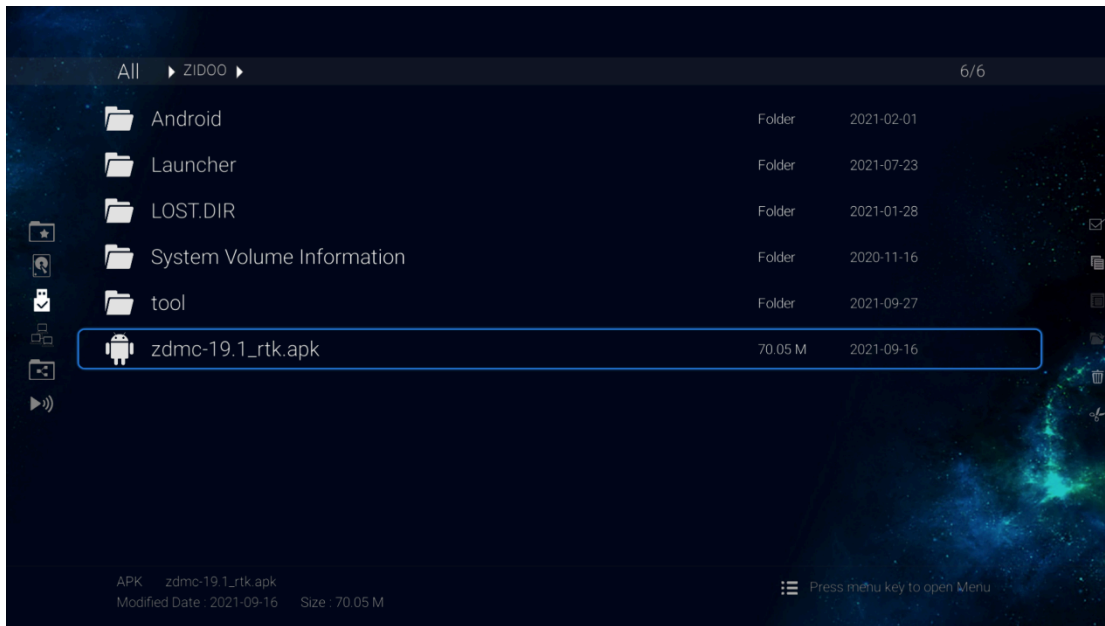

1. Install from USB disk (Recommended)

1.1 Copy the apk into a USB flash disk. Plug the USB flash disk in USB2.0/3.0 port in the media player. The media player will prompt to "Detected the external device", select "Open". You can also use Zidoo File Manager to open the USB flash disk.

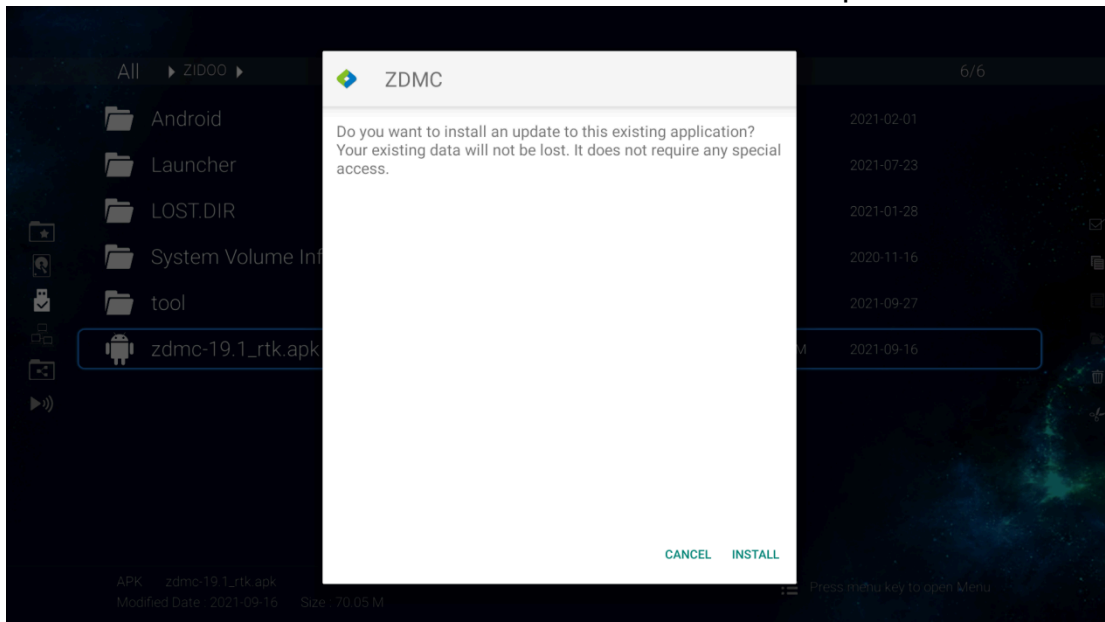

1.2 Enter USB flash disk path to select the apk you need to install. Press the "OK" button on the remote control to install.

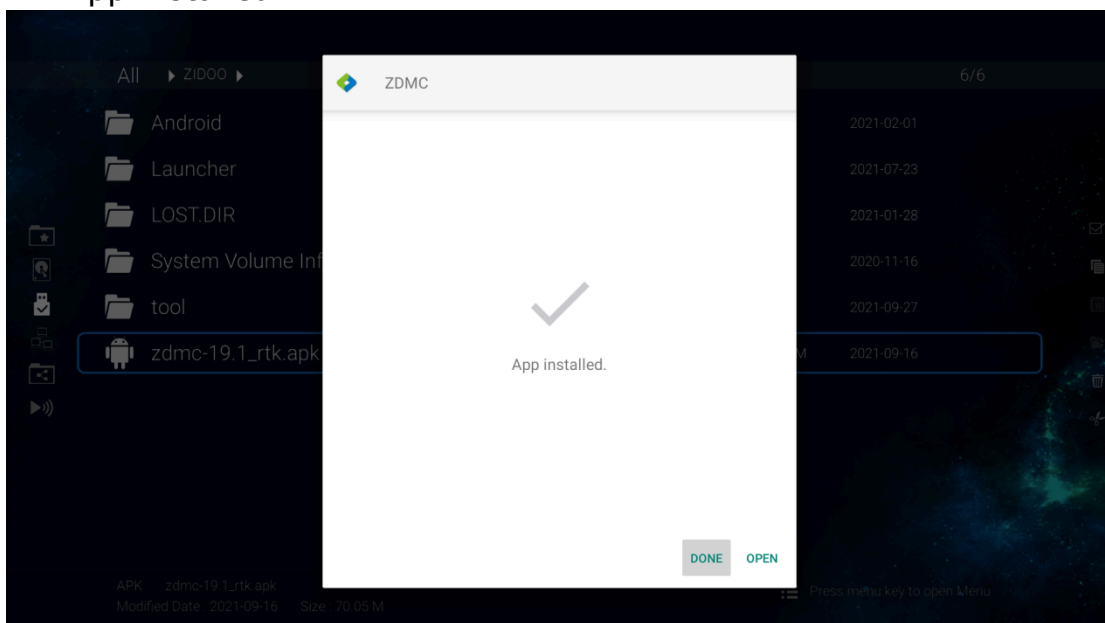

1.3 Click“install” and wait for the installation to complete

1.4 App installed.

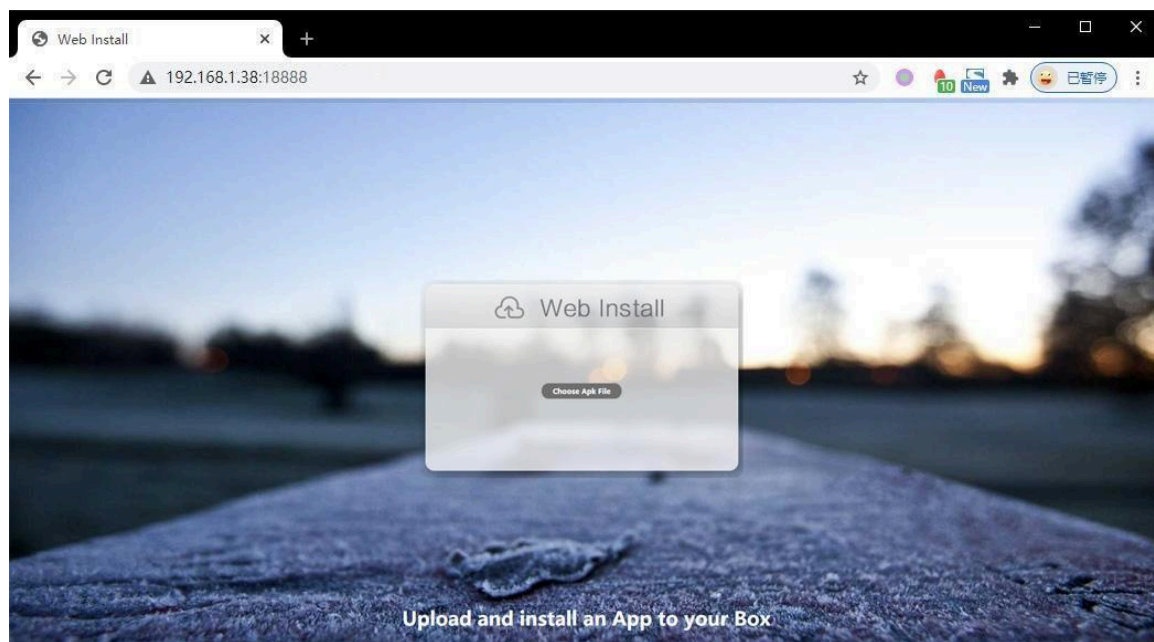

2.Web Installation

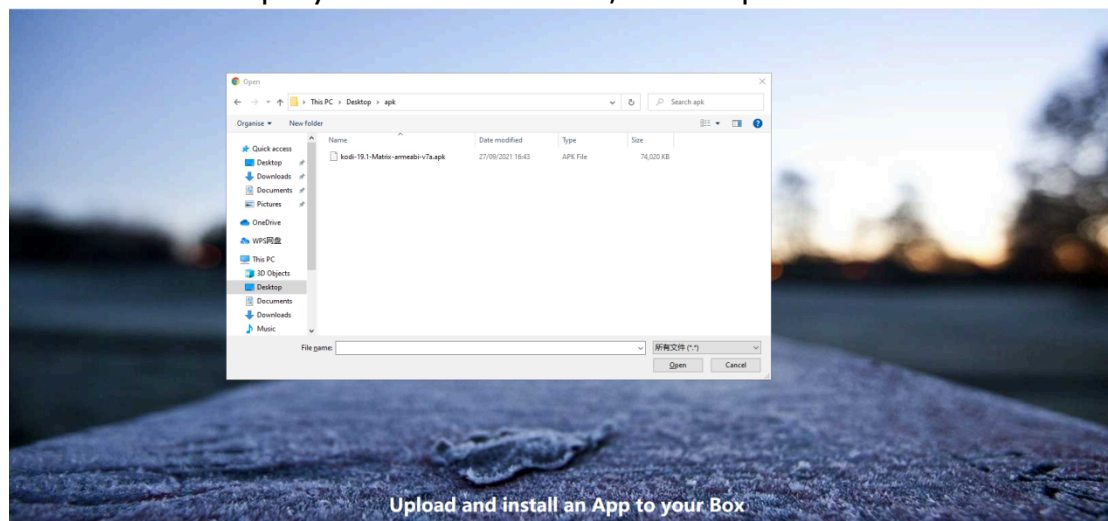

2.1 Click “About” in the main interface of the media player or enter “QUICK SETTINGS→OTHER→About” to check and record its IP.

Open the PC browser and input IP:18888 in the search bar to enter the Web remote installation interface.

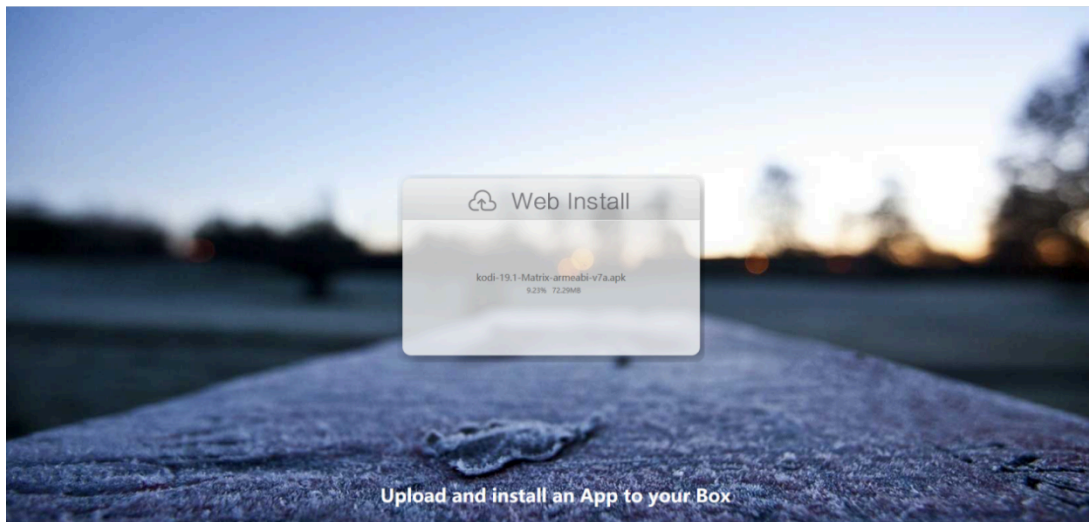

Note: It is recommended to use Google Chrome to turn on flash.

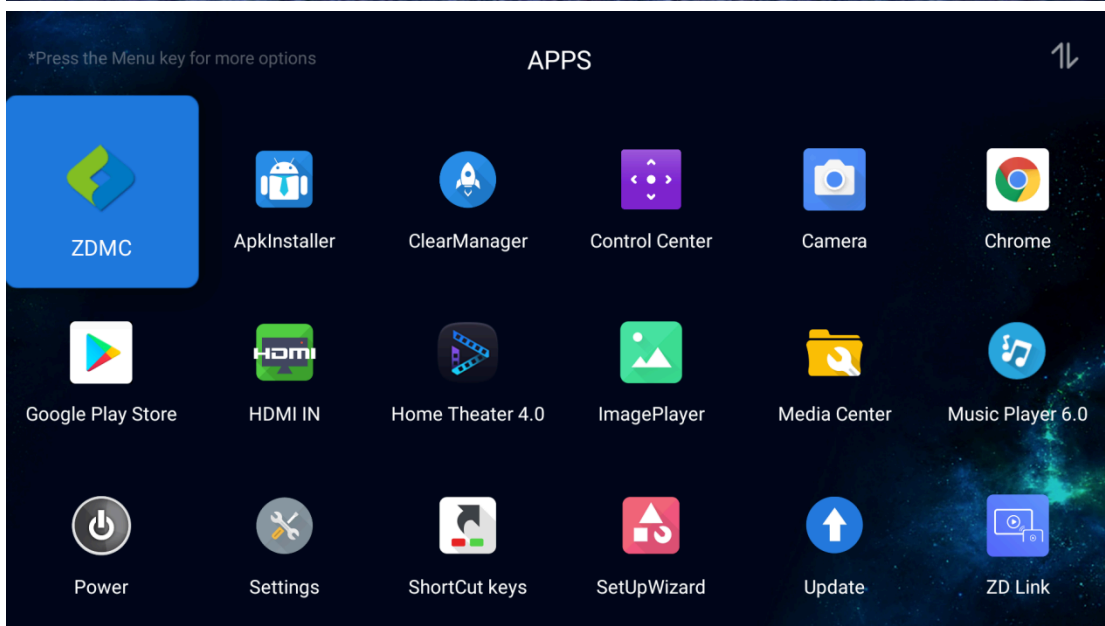

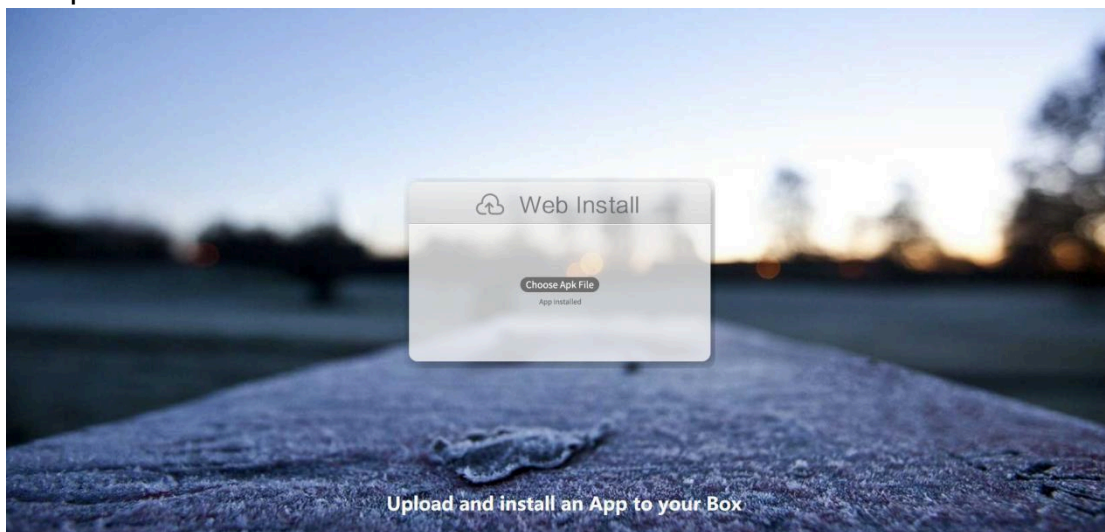

2.2 Select the apk you need to install, click “Open”.

2.3 Wait for apk upload to media player

2.4 Media player will automatically install it after the apk upload is complete.

THE END
