5	My mom asked me to wear a jacket _____ it was cold.		
	b. so that	b. although	c. because
1	It was _____ hot in Abu Dhabi last summer.		
	b. enough	b. more	c. extremely
4	Shamsa _____ Japanese last year.		
	b. studied	b. is studying	c. studies
3	The flight _____ at 9 A.M. on Tuesday for Mumbai.		
	b. Is leaving	b. will leave	c. leaves
2	_____ I open the door for you?		
	b. Will	b. Shall	c. Do

/10

Part 3: Reading A

Instructions: Read the text carefully. Choose if each statement is true, false or not given.

/26

Mission to the Space Station

Last year, an astronaut named Sarah and her teammate Leo joined an exciting space mission. They wanted to study how plants grow in outer space and learn more about our solar system. Their high-tech spacecraft launched from Earth on a bright morning. The rocket was very loud and powerful, but the skilled team inside arrived safely at the International Space Station after a long journey.

On the first few days, living on the space station was difficult because there was zero gravity. Everything floated around in the air! While they were working, Sarah looked out of the large window and noticed the beautiful blue planet Earth spinning below. She felt very independent and proud because she was one of the few people selected to work in space. She took many photos of the bright stars and the grey Moon outside.

One afternoon, a small alarm started ringing because a computer system stopped working. The astronauts quickly put on their safety gear and fixed the object carefully. Although the situation was challenging, nobody was scared because they worked together as a great team. At the end of their six-month mission, Sarah felt more confident. She learned that space exploration can teach us important lessons about science, patience, and working together to solve problem

1. Sarah and Leo travelled to the International Space Station to study plants and the solar system.	A	True	B	False	C	Not given
2. The spacecraft launched from Earth during the night.	A	True	B	False	C	Not given
3. Sarah found it easy to live on the space station from the beginning.	A	True	B	False	C	Not given
4. Sarah took photographs of Earth, the Moon, and the stars during the mission.	A	True	B	False	C	Not given
5. The astronauts were frightened when the computer system stopped working.	A	True	B	False	C	Not given
6. Sarah plans to return to space for another mission next year.	A	True	B	False	C	Not given

Part 4: Reading B

Instructions: Read the questions carefully. Choose an answer using the text.

/26

2. What items are often placed on altars?

- | | |
|----------|---|
| A | Flowers, candles, photographs, and food |
| B | Clothes and toys only |
| C | Books and maps |

Day of the Dead

Every year, people across Mexico celebrate the Day of the Dead, a national festival that honours family members and friends who have passed away. The festival takes place on the 1st and 2nd of November and combines traditions, art, music, and family gatherings.

During the celebration, families build special displays called altars in their homes. These altars are decorated with flowers, candles, photographs, and favourite foods of the people being remembered. Many families also visit cemeteries to clean and decorate graves. Although the festival is connected to death, it is not usually a sad event. Instead, people celebrate the lives and memories of their loved ones. In many towns and cities, colourful parades take place. Participants wear traditional costumes and face paint, and musicians perform in the streets. Markets become busy as people buy flowers, decorations, and special bread made for the festival. Visitors from other countries often travel to Mexico to experience these unique traditions.

The Day of the Dead is important because it helps families stay connected to their history and culture. It teaches younger generations about the lives of their ancestors and encourages people to remember those who came before them. For many Mexicans, the festival is a meaningful way to celebrate family, memory, and tradition.

1. When does the Day of the Dead take place?

A 1st and 2nd November

B 1st and 2nd December

C 31st October only

4. What does the word "ancestors" most likely mean in the last paragraph?

A Future family members

B Friends from school

C People from your family who lived before you

3. What is the main purpose of the festival?

A To remember and celebrate loved ones who have died

B To sell decorations in markets

C To prepare for winter

6. Why do many visitors travel to Mexico during the festival?

A	They want to experience the unique traditions and celebrations.
B	They need to buy food for their families.
C	They are moving to Mexico permanently.

5. Which idea from the text is similar to traditions in many other countries?	
A	Remembering and honouring family members
B	Wearing face paint every day
C	Buying flowers every weekend

1. What is the main idea of the text?	
A	A guide shows visitors different animals in Dubai Safari Park.
B	A boy gets lost in a park.
C	People build a new zoo.
2. How many animals live in Dubai Safari Park?	
A	About 300 animals
B	More than 3,000 animals
C	Only 100 animals
3. What do oryx usually eat?	
A	Meat
B	Fish
C	Plants

4. Why do elephants stay near water pools?	
A	To sleep
B	To hide food
C	To cool down
5. Why are gorillas in danger?	
A	They cannot climb trees
B	Forests are disappearing
C	They do not eat food
