

Privacy Policy for ProperInvoice

Effective Date: 24-10-2025

Thank you for choosing ProperInvoice. This Privacy Policy is intended to inform you about how we handle your information.

Our core principle is simple: **Your data is your own.** ProperInvoice is designed as a completely offline application. We do not collect, store, transmit, or have access to any of the personal or business data you enter into the app.

1. No Data Collection

ProperInvoice does not collect any personal or sensitive information. To be perfectly clear, we **do not** collect, track, or transmit any of the following:

- **Personal Information:** Your name, email address, phone number, or physical address.
- **Business or Financial Data:** Any information related to your business, customers, items, invoices, or financial reports.
- **Usage Data:** We do not track how you use the app, such as which features you use or how often you open it.
- **Device Information:** We do not collect unique device identifiers, IP addresses, or any other information about your device.

2. Data Stored Locally on Your Device

All the information you enter into ProperInvoice is stored exclusively on your local device (iPhone, iPad, or Mac). This data includes:

- Your business profile information (name, address, contact details, logo).
- Your customer list and their contact details.
- Your list of items and services.
- All invoice data you create, including dates, items, quantities, prices, and notes.

This data remains under your exclusive control. It is never uploaded to our servers or shared with any third party. If you delete the app from your device, all of its associated data will be permanently removed.

3. Permissions

Photo Library Access:

ProperInvoice may request permission to access your photo library. This permission is required **only** for the purpose of allowing you to select and add a logo to your business profile.

The image you select is copied into the app's secure, local storage on your device. We do not have access to this image or any other photos in your library.

4. Data Security

We rely on the robust security features built into your operating system (iOS and macOS) to protect the data stored locally on your device. We recommend using a passcode, Touch ID, or Face ID to secure your device from unauthorized access.

5. Children's Privacy

Our application is not intended for use by anyone under the age of 13. We do not knowingly collect any information from children. Since our app does not collect any data at all, we do not have any information about the age of our users.

6. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page. You are advised to review this Privacy Policy periodically for any changes. Changes to this Privacy Policy are effective when they are posted on this page.

7. Contact Us

If you have any questions about this Privacy Policy, please contact us:
