Exhibit - Immediately Available District Public Records and Web-Posted Reports and Records¹

[For use by only those districts that have websites.]

The District's Freedom of Information Officer designates the public records that are listed in this table as being immediately available to the public. The records that are asterisked (*) are posted on the District's website and may be immediately inspected, downloaded, printed, and/or copied. Any asterisked public record is also immediately available for inspection or copying upon request at the District's administrative office during its regular business hours, provided any applicable fees are paid. Unless otherwise noted in the special instructions column, records not asterisked (*) will be provided within five business days as allowed by the Freedom of Information Act, provided any applicable fees are paid.

Web-posted records and information (use of an * is explained in the paragraph above this table)	Web-posting statutory reference and special instructions
*Annual schedule of regular meetings for the current school year that are posted at the beginning of each calendar or fiscal year *Public notice of each Board meeting that is posted at least 48 hours before the meeting and remains posted until the meeting is concluded *Agenda of each regular meeting that is posted at least 48 hours before a meeting and remains posted until the meeting is concluded Note: For school districts that do not post board meeting notices and/or agendas on a website (because they do not have a website maintained by a full-time staff member), the notice and agenda must be continuously available for public review during the entire 48-hour period preceding the meeting	5 ILCS 120/2.02.

¹ This exhibit has two purposes: (1) to identify the data and documents that must be posted on a district's website, if the district has a website; and (2) to fulfill the requirement in the Freedom of Information Act (FOIA) for the district's FOIA officer to designate the public records that are immediately available to the public. 5 ILCS 140/3.5(a). Many attorneys agree that using the required items for web-posting is an easy and practical way for the FOIA officer to develop a list of public records that are *immediately available*. Some attorneys prefer that the district also retain copies of its web-posted public records for immediate inspection and/or copying upon request at the administrative office. The introductory paragraph manages this issue by indicating that copies of certain identified public records will also be immediately available in the district's administrative office. This exhibit suggests identifying public records for immediate availability that are easily reproduced and stored, i.e., not voluminous. The FOIA officer should customize this list as appropriate to the district's circumstances.

Districts may respond to a FOIA request for a public record published on the district website by directing the requester to the website. However, if the requester is unable to reasonably access the record, the requester may re-submit his or her request, and the district must then make the record available for inspection and copying. See 5 ILCS 140/8.5; see also reference in Ill. Public Access Counselor binding opinion 10-1. Consult the board attorney for ideas to manage the district's specific FOIA compliance issues.

See sample policy 2:230, *Public Participation at School Board Meetings and Petitions to the Board*. This report is included in a district's annual financial report as the *Report on Shared Services or Outsourcing*. See www.isbe.net/Pages/Annual-Financial-Report.aspx.

⁵ 105 ILCS 85/27(d) states that individual notification to the parent/guardian of a child whose covered information was breached may be delayed if a law enforcement agency determines that notification will interfere with a criminal investigation and provides the District with a written request for a delay of notice. This basis for delay does not specifically apply to the more general website notification of a breach, however, such a delay may also be warranted depending upon the circumstances. Consult the board attorney for guidance on this issue.

Training materials for any individuals designated as Title IX Coordinator(s), investigators, decision-makers, and informal resolution facilitators	34 C.F.R. §106.45(b)(10)(i)(D). Naming only the training provider and course does not meet this requirement. The U.S. Dept. of Education (DOE) requires training materials to be publicly available “so that a district’s approach to training Title IX personnel may be transparently viewed by the [district’s] educational community and the public, including for the purpose of holding a [district] accountable for using training materials that comply with [Title IX] regulations.” 85 Fed. Reg. 30254. Consult the Board Attorney regarding this requirement; making training materials of third-party consultants publicly available may violate their intellectual property rights. The DOE acknowledged the potential for intellectual property violations, suggesting that districts either “secure permission from the consultant to publish the training materials” or create their own training materials. 85 Fed. Reg. 30412.
