

Art Portfolio Two

Pre-Project Outline

Please indicate your brief

Project Brief

Clothing and Footwear Store: Three different areas men's/women's/children's and/or footwear and till/bagging area. Also the window display area

Floorplan for the building (including dimensions)

- 2D/3D Views of each Area/Room 4 to 6 2d sketches
- 1 X 3D Model (Physical or Digital) I am doing it digitally this time
- Demographics and Suitability
- Material and Sustainability

Are you working collaboratively with another student? If so, which student?

Yes I am, in this term I will be working with the Architect Narmina, Marvin, and Mohammad.

Please remember that your work, submission and assessment are individual and although you may work collaboratively, your assessment is individual. Therefore it is vitally important that all team members understand that all outcomes will be assessed based on the final outcome placed on individual websites and individual blogs.

Please outline your initial ideas and intended outcomes for the project brief you have and explain how you will fulfil the brief's requirements. Make sure you cover each aspect of the brief.

For this project I want to create a live eco-friendly clothes and shoe store that places a strong emphasis on smart design. For this project I intend to have 6 complete 2d sketches and One Digital 3D outcome. Moreover, I intend to complete each of the following aspects of the brief:

- Floorplan for the building (including dimensions): The layout will be carefully thought out to maximize movement and space. Also it will preserve a feeling of largeness. As well as it will provide dimension for each area.
- 2D/3D Views of each Area/Room: I'll offer 2D and 3D views of every space so you can see the design from all angles. And this will improve clients understanding of the design and spatial layout
- Material and Sustainability: I will focus on selecting sustainable materials to minimize environmental impact. These materials may include recycled materials,

and energy efficient lighting. The design boards will show this in details.

State your project plan and timescale

Please complete this with good detail. You will need to make your own project plan with more detail and ensure you include this in your blog (as accessible link)

Week	Tasks	If work collaboratively on project please state individual assigned to the task / deadline for completion
One	Reading Introduction to the module/module handbook and assessment	All / Week Two
One	Consider briefs that you will carry out for your assignment. Start exploring ideas for brief	All / Week Two
Two	Develop Ideas and explore different possibilities for project tutorials	All / Week Three
Two	Work on this outline and project plan in preparation for pre-project tutorials next week and look for designers or artists that relate to my project to do research for starting from week three, and four.	All / Week Three
Three	Pre-project tutorials Start my Initial research after the tutorial do the target market research, start with 2D work using procreate and hand	Week Four

	drawing sketches to be done on week five • Space planning, and zoning	
Four	2x Further Research • Materials and suitability research • The 2 Research Post Completed by the beginning of week five	Week Five
Five	2D development of work At least 3 designs to be developed or completed by the beginning of Week Six • Site and demographic research • Start with my 3d work using coohom, and Autocad, homebyme • Do some experiment for the texture using different mediums • Add 2D and 3D process on my blog	Week Six
Six	3D development of outcomes for final portfolio Tutorials throughout the week • Finish at least 2 section women/men and the reception • Finish all 2d sketches • Do more experiment using different colours • Add more process on 2d and 3d	Week Eight
Seven	• Make sure that i have all my research done in my blog • Do further research if needed • Check my 2d work and see if anything needs improvement • Start with my design boards • Finish all sections on my 3d work	Week seven
Eight	• Check my 3d and 2d work make sure that everything is good • After finishing my 2D and 3D work start adding it to my design boards with introduction and explanation • Check the website if needs any changes	Week Eight
Nine	Finalise Design Boards/Project Finalise Website Updates • Add all my work to my website	Week Nine
Ten	Assessment submission deadline (05/06/24)	All /

Please state the research you will be carrying out in relation to your project.

Please note that research should be individual, however if you are working in a group the research will inform your project.

Conceptual Research:
Technical research: Coohome, procreate, hand-drawing sketches, (Autocad If can)
Target Market Research: Gen Z

We will be looking further at research in class, however you need to ensure you have considered fully your research methods and the research you are intending to carry out for this project.

Resources

List the resources you will be using for this project and any potential issues or costs that may arise and where you are sourcing this item

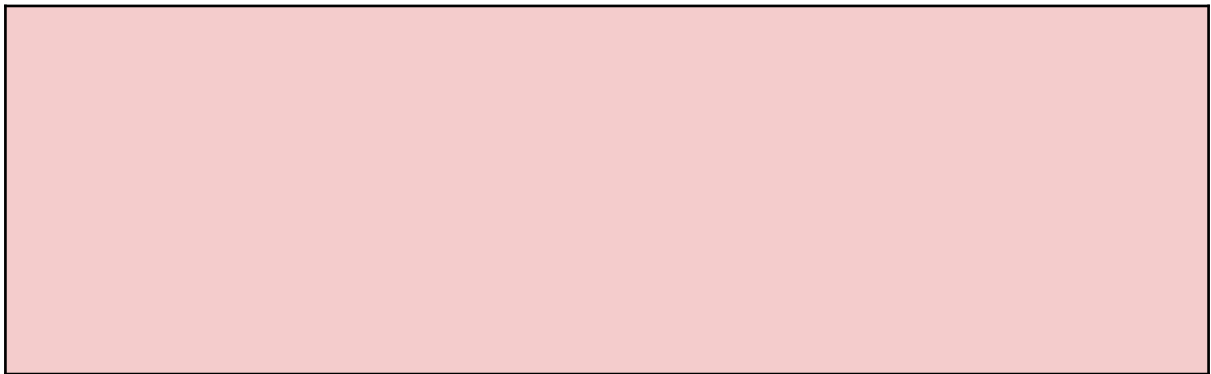

[illegible]

Please add any further comments and notes that have not been covered in your form here...

Tutor Feedback from Tutorial

This is for tutor use only

If all elements have been completed here and discussed and agreed your tutor will sign off on your project.

The student should sign this to state that this is the agreed project and their intentions and major changes to this original agreement must be discussed with the tutor.
