

Level 2/Jordan

Self-Evaluation

**Homework due Monday, October 27**

First and Last Name \_\_\_\_\_

As we finish Week 5 of the quarter, we are almost halfway done with the term. It's time to start thinking about **next** term! Most students study in Level 2 for two or three terms, sometimes more. Students are ready for Level 3 when they have **strong** skills in reading, writing, speaking, and listening, and the teacher thinks they will be successful in the next level. Students study again in Level 2 when they have some skills they need to practice more, or they just need more time to feel comfortable and confident using English to communicate and understand clearly.

Please think about the work you have done so far in this class. A **self-evaluation** is a grade that you give to yourself. Use the questions below to think about your time in Level 2.

### **Effort and Difficulty Level**

- Think about the work you have done in the class so far. Has it been your best? What has been **easy** for you? What has been **hard**? What has been **just right**? Give examples.

---

---

---

---

---

### **Attendance**

- This class meets three times a week. Have you come to every class? Have you been on time to class? Have you left class early? Have you had problems that have prevented you from attending class regularly? Please write about them.

---

---

---

---

---

### **Classroom Behavior and Participation**

- What do you do when you're in class? Do you sleep? Do you need friends to translate for you? Do you speak your first language most of the time? Do you ask questions when you don't understand? Do you participate in class? Do you take notes? Do you sit next to students who don't speak your language? Do you try your best? Do you put your phone away and focus?

---

---

---

---

### **Practice at Home**

- What do you do to practice English when you're **not** in class? Do you do your homework? Do you read Davida's emails? Do you read and reread the textbook? Do you use your eagle eyes to check your work before you put it in the blue box?

---

---

---

---

### **Class Materials**

- Have you used the tools that Davida has recommended, like Longman Dictionary, YouGlish, the exercises from the computer lab, and the textbook/packet audio?

---

---

---

---

## English Skills

- Compare your English from the beginning of class to now. Have you practiced all four skills: reading, writing, speaking, and listening? Do you know more words? Do you feel more confident about your pronunciation? Do you feel more comfortable expressing yourself in English? Can you have a short conversation in English without using your phone? Can other people understand you? Have you improved your technology skills? What else? What do you want to practice more?

---

---

---

---

---

## Level 2 - Good and Bad

- What have you enjoyed about the class so far? What has **not** been enjoyable for you in the class so far?

---

---

---

---

---

- **Optional:** Is there anything else you want to tell Davida? Is there anything else you want to ask Davida?

---

---

---

---

---

When you are finished writing, check your work with eagle eyes for spelling, meaning, grammar, capitalization, and punctuation. **You will put your paper in the blue box on Monday, October 27.**

It has been a pleasure teaching you. Thank you for your hard work! Don't give up! Keep reading, writing, speaking, listening, and learning in English! Be patient. Practice makes perfect!
