BIG MOUTH SEASON 8 (Final Season)

On Netflix May 23, 2025

In the eighth and final season of *Big Mouth*, our beloved Bridgeton teens tackle new challenges as high schoolers such as: driving, drugs, sexual inexperience, enthusiastic consent, porn and the teenage mind, cancel culture, their changing bodies, and (in the end) fear of the looming future. Through it all, friendship is the cornerstone for surviving this time of life – whether one's puberty is just beginning, like for Nick who gets his first growth spurt, or near its conclusion, like for a maturing (and prematurely balding) Andrew. At the height of the season, when many of our characters are in crisis, Compassion (personified as a new creature voiced by Holly Hunter), emerges as a crucial way forward. Ultimately, though, this season is about the importance of sticking by and supporting your friends, especially when life gets overwhelming and messy. In the end, our kids step into the harrowing unknown of the future, made less afraid of what's to come because they have each other.

Big Mouth is the critically-acclaimed and Emmy®-winning adult animated comedy about the glorious nightmare that is puberty. Inspired by Kroll and Goldberg's childhood, it follows a group of friends and their hormone monsters as they navigate adolescence, human sexuality, and coming of age.

THE WATERFRONT

On Netflix **June 19, 2025**

For decades, the Buckley family has ruled Havenport, North Carolina, dominating everything from the local fishing industry to the town's restaurant scene. But their fishing empire has started to crumble as patriarch Harlan Buckley (Holt McCallany) recovers from two heart attacks, and his wife Belle (Maria Bello) and son Cane (Jake Weary) venture into the deep end to keep the family businesses afloat.

As their attempts spiral out of control and into treacherous waters, Harlan steps back in to take command. Facing her own demons, Buckley daughter Bree (Melissa Benoist) — an addict in recovery who's lost custody of her son — finds herself entangled in a complicated relationship that could threaten the family's future forever.

Inspired by true events and set against the backdrop of coastal North Carolina, *The Waterfront* comes from prolific showrunner Kevin Williamson (*Scream*, *Dawson's Creek*, *The Vampire Diaries*). The twisty drama plays out over eight episodes that are as much about family dynamics as they are about the lengths people will go to when their legacy is on the line.
