Team description

Please provide an overview of the team of journalists and scientists involved in this proposal, including a brief explanation of why they are qualified to successfully carry out the project. (max. 1200 characters).

Please upload CVs of the team members (2 pages max. per CV).

Please select the countries where all team members of the applying team are based (check all that apply), including countries that do not participate in the EU's Creative Europe Programme.

About your project

Please be as concrete and concise as possible and avoid generic and overly broad and general formulations.

Project description

Briefly tell us what you plan to investigate (max. 4000 characters)

1. What public interest issue(s) it will focus on
2. What new information your proposed investigation will reveal
3. What scientific area(s) will be involved.

Project relevance. Please indicate why this story would be a contribution to the public interest in the countries involved and/or in the EU more broadly. (max. 2000 characters)

Methodology. How do you intend to pursue your objective? Type of sources? Tools? Techniques? (max. 2000 characters)

Scientific contribution. How does the scientific expertise contribute to the story? (max. 2000 characters)

Collaboration plan. Please explain how the research organisation will be involved and how scientific research will benefit the investigation. (max. 2000 characters)

Dissemination plan. Please provide the activity timeline for your investigation and explain how and when you plan to broadcast, publish or share your findings. (max. 2000 characters)

One story or more. Please provide an estimate of how many stories you plan to publish within this project.

Impact. Please describe expected results and impact of your story/ies. (max. 2000 characters)

Risk assessment. Please describe the (ethical) considerations associated with the completion of your project and how you plan to mitigate against these considerations. (max. 1500 characters).

Co-funded by the European Union

Please list the risks associated with the completion of your project and how you plan to mitigate against these risks.

Budget. Select your tier based on the complexity of the proposed investigations, the number of partners involved, the nature of the associated tasks and the tentative timeline
- Tier 1: € 10,000
- Tier 2: € 20,000
- Tier 3: € 50,000

Please download the budget template, fill it out and then upload it. The budget must be in euro.

Budget justification. Please briefly provide any additional information needed to justify the costs you have included in your budget. (max. 1500 characters)
(The budget should contain sufficient detail so as to allow the jury to assess the feasibility and relevance of your proposed costs. For eligible and ineligible project costs, refer to the Call for Applications document.)

How will you ensure **gender balance, inclusion and diversity** in your project and in the way of managing the tasks/activities? (max. 1500 characters)

Terms and conditions

- You have read, in full, and understand the Call for Applications document, which outlines details of the Journalism Science Alliance, the eligibility criteria, conditions of the grant, and selection criteria, and the proposed timeline for grantees.
- You agree that the information provided in this application is correct at the time of completion, and that the European Journalism Centre can use the information to shortlist and select successful applications for grant funding. You understand that your data will be processed in accordance with the EJC Privacy Policy.
- You agree that the information provided in this application can be published by the EJC, along with other intelligence and data generated by the Alliance, for the purposes of informing the end-of-Programme evaluation, and sharing learnings with other

  practitioners, the wider industry and the Programme Partners. All business-sensitive information provided will be anonymised before being published publicly.
- You understand that your data may also be shared with our programme partner, NOVA, for the purposes of jointly managing this application. Processing will happen according to the NOVA Privacy Policy.

Almost there..

Your submission is currently not submitted.
Once you click **finish** below, your application will be closed and final. You will no longer be able to come back and make changes to the application.

Ready to submit your application?
Here's a final checklist to make sure you've covered everything:

- Are your contact details correct?
- Is your research and publication plan as concrete as possible?
- Does the budget tier you selected correspond to the estimated efforts?
- Have you attached all relevant documents?
