**534 MAXIMUM ENROLLMENT POLICY**

**PURPOSE:**

To provide procedures to take place if the school is oversubscribed.

With current staffing and present facilities, Central Lakes Adventure School Board recommends a number of 55 full time students before policy is enforced.

When Central Lakes Adventure School has enrolled students over the number determined by the school board as the largest number of students to be provided quality programming, these extra students will be placed on a waiting list.

The students shall be placed on the waiting list on a first come first to access basis for Central Lakes Adventure School services.
