

2020 Facilitation Agenda & Notes

Helpful Facilitation Prompts, as needed:

- Everyone whip around to introduce and share needs
- designate notetaker (use shared discussion notes space below)
- "One common challenge I hear among us is..."
- What is one constructive idea you or your school have already started working on?
- What are top-of-mind concerns?
- Share out of logistics ideas - tech support, class sizes, costs,
- transportation, sanitation, seating, sharing supplies, schedules
- How might we share supplies and/or plan for equity of student experience?
- Generation of maker topic activities or ideas, websites that could be useful, etc.

NOTES: All conference notes will become "view only" at the end of the conference and will be shared to the Fab Play Institute Listserv at the conclusion of the week.

Workshop: STEM in the Makerspace

Presented by Nick DiGiorgio & Jenn Hartz
