

Jacquy Aristhene

Hair Stylist

Serving DC, VA, MD

I was born and raised by a Haitian woman. She came from twelve siblings and was the first to come to America and pursue entrepreneurship in the beauty industry. This created and fed the creativity in me. I've been licensed for over fourteen years and enjoyed every opportunity. I've styled hair in promotional events, weddings, fashion shows and everyday working women. The iconic looks, the energy and just being a part of making someone feel beautiful is so rewarding to me. I'm extremely driven, vigilant, strong communicator and always appreciate innovation. The beauty industry is an art, an avenue to express yourself. I strive to honor that and create a beautiful experience while doing so one beautiful client at a time.
