Commission Categories

Examples, prices, and the order form can be found on my [carrrd](#) (currently I only have examples and determined prices for character art and character references)

Character Art:

If you have any pre-existing reference(s), please provide them in your order info! Options below.

full-body, half-body, headshot

rough sketch, clean & colored sketch, rendered painting

Character Reference:

Please provide details not only about the character themselves, but also their environment and any notable references and/or inspirations. Since this is a design-heavy category, wait times are expected to be longer by 2-4 weeks. Options below.

simple, detailed

Environment Concept:

Similar to the character concepts, please provide as many relevant details as you can, such as: the “vibe” of the environment, references and/or inspirations, and any other notable information. Since this is a design-heavy category and contains more detail than a character concept, wait times are expected to be longer by 3-5 weeks. Options below.

rough sketch, clean & colored sketch, rendered painting

Pet Portrait:

Please provide photos of your pet(s), preferably from multiple angles so I can depict your beloved companion accurately! Options below.

full-body, half-body, headshot
