Add'ISeptember 2025

PI/C report from Area 73 Convention in Huntington (July 2025)

-I attended a workshop presented by the PI Chair for Area 73. He educated me on QR codes and gave me an example of a handout that we can create specifically for our district(s) and circulate.

-I need to know what, if anything, we are allowed to do with Al-Anon. I have received interest from Rachel T. with Al-Anon to work together to help carry the message, helping alcoholics and their families. This flyer could be something we could have a QR code on for them.

Kickoff to Recovery on Magic Island –August 31a 2025

The booth was set up for this event with significant help from Tiffany L. Victoria went to the Club and brought the tent down. We distributed a lot of meeting schedules, Sold 1 big book. Patrick and Randy H. assisted in taking down the tent and helping pack up and load. It was a successful event. I have a receipt to submit for \$14.00 for candy that was on the table during the event. This was already included in the budget I am submitting today.

District 1 meeting for August 17, 2025

I attended this meeting. Missy S. and Victoria both committed to service work in connection with District 9 for upcoming events. Rosemarie has not been present in some time and Andrea has not responded to the last two messages I sent her about helping.

At this meeting, District 1 agreed to pay half of the cost to order new pamphlets for the rack we have at the AA booth. We had an urgent need to get more of a few of the pamphlets that are significantly important in carrying the message at the upcoming AAPDAC (AA as resource to healthcare professional, About AA, and A Newcomer Asks). The total for 50 of each of these was \$52.47, half of which District 1 agreed to pay. They have a Literature Chairperson and she along with Missy S. already ordered and we received the pamphlets. Can I get a Motion to approve \$26.23 reimbursement to District 1 for this order?

As mentioned, District 1 has agreed to pay half of a larger order for pamphlets and even some swag for the AA booth. I am submitting a budget for expenses, which includes these items. Once approved by our District, Missy S. and District 1's Literature Chairperson, Ashley W., will place the order. We will then reimbursement them for our half of the total cost.

Appalachian Addiction and Prescription Drug Abuse Conference- Embassy Suites, Sept. 18-20 (Thurs-Sat.)

I have received a commitment from misty s .in District 1 to tend the booth which I have registered from 9-5pm. A table is being provided. I have the tote. I will be there to set up the booth around 630am on Thursday. The event starts at 7am. I am unable to set up the evening before because of my Pinch meeting. I will stay with the booth until I go to work around 8:40 and I will come back at 5pm until the end of the day. Same on Friday.

I can be there on Saturday morning as well. I will put a post on the "We Are Responsible" page asking for additional volunteers.

Ashley M.

Accessibility & Treatment – Treatment Report

- Met with Carrie Cunningham, director of RPC, on Tuesday.
- Reached out to several committed AA women; with the help of Nichole W. (AA member, coworker, RPC graduate), we plan to attend the SOS meeting at RPC this Wednesday.
- The goal is to introduce ourselves, offer rides to meetings, possible sponsorship, fellowship, and leave our contact info. All district women are invited—see me after the meeting if interested.
- Highland: Still unclear on changes to their detox program. The last update suggests no change to the long-term psych unit, which may mean detox remains the same. Will follow up this week.
- Still seeking volunteers to bring the meeting to Highland consistently.

I'm scheduled to meet with Carrie Cunningham, director of RPC, this Tuesday. With the help of my friend and coworker Nichole W.—a fellow AA member and an RPC graduate—we've lined up a small group of women to attend the SOS meeting at RPC this Wednesday. Nichole will introduce us, and we'll be there to offer rides to meetings, possible sponsorship, fellowship, and leave our numbers. We're hoping for about five women to join us, and I'd love for more district women to get involved—see me after the meeting if you'd like to attend.

On the Highland side, it's still been tricky to get a clear answer on what's going on with their detox. The latest I've heard is that there won't be changes to the long-term psych unit, which might mean detox stays as is. I'll check back in this week for confirmation. We also still need volunteers to bring the meeting to Highland consistently, so please consider if that's something you could help with.
