

**Subject Line: Three Rivers meet Seven Figures**

**Hey Alex**

**It's Matthew**

I reached out to you last weekend speaking about the potential of Three Rivers

Your park is absolutely one of a kind and of the best in nation IMO

The image Three Rivers Team has built around the park is amazing and was like a breath of fresh air

Your park truly delivers on not only making the experience impactful, but unforgettable

With that in mind, its an injustice for your park to not be in the very top 1% of paintball parks nation wide

I want to help you tap in!

While your park is amazing, your social media presence isn't grabbing the kind of engagement and attention the park deserves

But it's hard to, as we live in an attention based economy

This is where I come in, with my experience in the entertainment industry I could maximize the online exposure Three Rivers will get and build the desire around the one of a kind experience three rivers has and finally monetize that attention in one swoop increasing the growth and revenue of your park

Utilizing tools like page optimization, DIC, PAS, HSO frameworks, email sequences, email opt-ins and so much more

If your interested in discussing these things further, you can reply to this email as it is my main one.

But thank you for your time and attention and I would love to hear from you soon

**Best,**

**Matthew**
