My Relationship to the Events: I was a Witness in the Case I am referring to, then become Pastor to the alleged victim.

Julian Elizabeth St. Marie is a Legal professional licensed with Washington State Bar Association (WSBA). **The license number is #27268**. The admit date is November 7, 1997. The license type is lawyer. The practice address is 1820 Jefferson St, Port Townsend, WA 98368-6951. The current status is active.

I am accusing Julie St. Marie of bullying and discriminating against homeless. I am accusing Julian Elizabeth St. Marie of Fraud on the Court, Abuse of Process, Obstruction of Justice, Selective Prosecution,Theft of a Homeless man's emotional support dog and its commercial value. I am accusing Julie St. Marie of using public money to deceive the public and to the financial benefit of a local non-profit, Center Valley Animal Rescue (CVAR) and it's Director Sara Penhallegon (Sara).

Attorney Julie St. Marie conspired with others to steal private property, stalk and harass a homeless man and set him up for future crimes as FOI emails show.

Attorney Julie St. Marie advised Sara Penhallegon of CVAR in 2019, to place a future premeditated lien on a private parties property, his dog, and to do so in order to steal the dog with future made up expenses. The Chronolog shows FOI emails of Attorney Julie St. Marie advisind CVAR and Sara to set this man up for future services he did not consent to, in order to use those forced, illegal services in a civil suit as a lien to steal private property and cause severe mental anguish to victime Michael Allmain.

Julian Elizabeth St. Marie was the Jefferson County Prosecuting Attorney the Case #200007018 Jefferson County Washington District Court Port Townsend, WA 98368

Narrative and Timeline of Events

After Dark on **April 19th, 2019** Michael Allmain's dog, Moses, Jumped or Fell out of a canopy out of the back of Michael's Truck, in the Port Hadlock, Washington area. Michael looked all night, calling Mo Mo, searching throughout the night. Michael looked for days and he posted on Facebook looking for Moses, as well as called the Jefferson County Sheriff's Office in Hadlock.

April 20th, 2019

On April 20th 2019 around 9am, a Port Hadlock Good Samaritan called 911 about a dog that looked attacked. Jefferson County Sheriff Deputy Brian Peterson and Deputy Kevin Denney went on the call. Here is that Original incident Report. Click Below to Read.

May 11, 2019, 9:29 am to Jefferson County Sheriff Deputy Brian Peterson, Undersheriff Andy Persteiner, Sheriff Joe Noel, Jefferson County Prosecuting Attorney Julie St. Marie regarding her recommendations on dog Moses she should never have met, and of which she is not a licensed Vet.

May 12th, 2019, 3:52pm Sara Penhallegon, Director of CVAR eMails Jefferson County Deputy Brian Peterson and Prosecuting Attorney Julie St. Marie. May 13th 2019, later that morning and day after KARP tells CVAR of lien and how to use, Sara Penhallegon CVAR emails the Jefferson County Sheriff about the lien, where the dog should be, her entitlement to money and the dog, and letting them know she is available to go and pick the dog up.
https://photos.app.goo.gl/AEDW8aH7uakKoeJe8

Also CVAR Sara emailed prosecuting attorney Julie st. Marie about the lien (more intent), Julie says Yes I recommend the Lien, read that email below. Unfortunately our office can't get involved, says Julie, ya Right like we believe that one.
Click Below to read the eMail
https://photos.app.goo.gl/Sr89QYPaeNGFXEgr5

This Lien was planned all along to make up, force vet bills and CVAR stay bills, and use those bills to get the dog from his owner, in case there

was No Conviction. They lied and got a conviction and the dog and a settlement for 25k.

At 9:23am on **May 20th, 2019**, Prosecuting Attorney Julie St. Marie Answers Sara Penhallegon's email from May 13th 2019 regarding placing a lien. Julie gives Sara legal advice and advises to place the civil lien.

Jefferson County Prosecuting Attorney Julie St. Marie tells Sara Penhallegon, Director of 501(3)(c) Non-Profit Center Valley Animal Rescue to File a Lien against Michael Allmain. More Evidence of Premeditating a Lien for Future Forced Vet Bills. In other words, to STEAL MICHAELS DOG through Abuse of Process and Fraud on the Courts.

After harassing, stalking, threatening, bullying, following, reporting Michael for years, and finally letting his dog loose. They used the Lien through Civil Court, to tie the hands of the Criminal Court as Moses was Evidence held by the City of Port Townsend at Center Valley Animal Rescue in Quilcene and to hold Michael[s property over a year from November 23, 2020 as an animal at large up until October 22nds 2021 when they got Moses FINALLY for good through Jefferson County Superior Court and a Civil Lien finally executing on their crimes. Your Prosecuting Attorney Julie St. Marie was in on it for the Whole Time. the MOTIVE? Ask them, seems Emotional to Me and add in some criminal restitution, county and city paying invoices, and a bit of hey add CVAR to the county and city code.

May 30th, 2019

On **May 30th, 2019** Center Valley Animal Rescue Director Sara Penhallegon emails Prosecuting Attorney Julie St. Marie for FREE Legal Advice Yet Again. Sara does not understand why all this has taken place,

Duh Right they broke the law, took away Michael's rights and poor them, what? There is no reason Roady or any other animal can't be brought here, oh and we should try and get on the board of the humane society, CVAR Sara says to Prosecuting Attorney Julie St. Marie.

Julie sends Sara the Humane Society Contract to Sara. Julie says it is not unlawful to have taken Moses to CVAR. Remember Deputy Brian Peterson had Moses Owner sign a document that his dog was at the Humane Society. And CVAR kept Moses 3 weeks that first time, $9000 Bill and forbade the owner to see his dog or make Medical decisions for his dog, his property, enabled by Sheriff Deputy Brian Peterson. Give Me a Call Says Jakal Julie. Read Emails Click Below.

https://photos.app.goo.gl/4Lkxrs7SvvpzZZji6

ON **September 20,2019** CVAR, Sarah Penhallegon eMails Deputy Brian Peterson and Undersheriff Andy Pernsteiner. She says there has been an anonymous complaint and asks them to lie for her and say that Moses had to be brought to CVAR as it was a weekend. She is referring to the Paul Becker Complaint here, as we know this because she emailed Prosecutor Julie St. Marie as well and said so. Thing is folks it was illegal to take Moses to CVAR and illegal for CVAR to Keep Moses Hostage for weeks and charge the owner.

On December 11th 2019 Sara, Director or Center Valley Animal Rescue Email to Julie St. Marie, Jefferson County Prosecuting Attorney.

Michael Allmain's mental anguish is severe by this point and we are praying daily together, and working through his grief of losing Moses. He is done and finding it hard to have a will to live on this day and he posts this on a community social network site called Next Door

Michal Allmain Posts The Following:

"I'm about to just give up I've lost hope In this community and humanity. if something were to ever happen to me make sure my daughter knows the truth and nothing less that's my only wish"

https://photos.app.goo.gl/iAVvGGs4ekg24iqL7

Sidenote here: I have more evidence of Michael Allmain's Mental Anguish for a Civil Attorney for a Case against all the Co-Conspirators, i will not be posting all of this online, email me at ReverendCrystalCox@gmail.com for that information.
In Case you are Wondering just how DARK and Lawless your Jefferson County Prosecutors are. I, Reverend Crystal Cox, put out videos at the time about Michael's mental anguish over THEM stealing his dog. I cry and plead for his life, Melissa Pleimann emails Chris Ashcroft and makes fun of me spelling his name wrong, that is how much they cared about this man. Anyway, Michael Allmain had a thread on NextDoor about ending his life and making sure his daughters knew the truth. YOUR Prosecuting Attorney Julie St. Marie, the ONE causing the Mental Torment to Michael and conspiring with Sara Penhallegon of Center Valley Animal Rescue, is in the THREAD.

She says there are public records and that the community should not overreact without information. She had total disregard for the POSTER,

Michael Allmain contemplating taking his own life.

THESE PEOPLE ARE MONSTERS. You Pay Them. They Gaslighted him daily and made him look crazy, driving him to near death and inciting a violent mob after him daily. No kidding, there are police incident, reports, emails and more “public records” proving it. Here is the Thread from March of 2021. These Monsters NEVER considered Michael's life, NOT one time. Nor his daughters.

They NEVER once considered Michael Allmain as a living, loving, breathing being. They did NOT care if Michael Lived or Died and showed it viciously and consistently for years. All FOUR County Prosecutors, Sheriff Deputies, Commissioners, and a hundreds of people incited by Sara Penahallegon of Center Valley Animal Rescue. I Have Seen the FOI emails, THEY are the Bad Guys, tons of proof. Here is the NextDoor thread where Michael may have died within days. DEMONS they are Pure Dark.

3-26-2021 Hearing Michael Allmain Case, Jefferson County Let's US Know Their Intent. No Commentary

Prosecuting Attorney Julie St. Marie Puts on the Record that WE KNOW THAT Michael Is INDIGENT that is Why he has a Public Attorney. And the Unfairness to CVAR. This Clip also shows that over and over Julie St. Marie tries to claim Moses was Abandoned (see 2:22 timestamp and 1:59) and keep in mind Moses was NEVER abandoned and spoke with Officer Davis the very next day as this chronology of evidence clearly shows. This clip also speaks of LIABILITY for the State, and NOT representing CVAR at timestamp 2:14. At 2:18 Timestamp, Judge says this is the first time that Future Costs have been addressed. Restitution should have been the way the state recovered cost and NOT a Lien and Foreclosure.

2:19 Michael Allmain is a party to a criminal case and whether the dog gets returned we don't know the outcome of the case. 2:21 not allow alter or adopt out. 2:21 Julie readdressed the subject of Seizure, Judge makes it clear that regardless of how Moses was seized he is Evidence in a criminal case. 2:05 Mr. Allmain has not had his due process. All of this above is in the clip below.

On **March 31st 2021 Prosecuting Attorney** Julie St. Marie Joined the NextDOOR thread where Defendant Michael Allmain was pleading for his life. She did NOT let it be known that she was the prosecutor in a then OPEN Criminal Case.

Here is a Video I made before the NextDoor post was Deleted in October of 2021 when I posted "source documents" and "public records", and Michael commented and the Post was Deleted, having been there for 7 months.

Julie had the site administrator delete the site on the grounds that it is an "ongoing case". Michael was ruled GUILTY in July 2021 and they Auctioned off his Dog in October 2021. Click Below to Watch.

In October of 2021, Tom Christopher NextDoor Site Moderator removed the POST Thread entirely and says it is an ongoing case and does not belong here and that people complain about Michael's post, he does not want any favoritism or manipulation to be implied. Good Luck it's sad but private communication is best. Click Below to Read this communication to Michael when the post was deleted.

IN March of 2021 Judge Mindy Walker ruled, a Court Order that CVAR, Center Valley Animal Rescue RETURN Michael Allmain's property to him, this property was Moses, Michael's dog. CVAR and Sara Penhallegon REFUSED to follow this court order and was aided and abetted to do so by Attorney Julie St. Marie and her then boss Attorney James Kennedy. This enabled CVAR to permanently STEAL Michael Allmains property and charge his $26,000 to do so, on top of auctioning off Michael's property, his emotional support do, to themselves for $1000.

Here is Proof the Prosecutors knew that Michael Allmains PROPERTY, his Dog Moses was Court Ordered to be released to Michael in March of 2021 and as not. This email from Attorney Prosecutor James Kennedy to CVAR clearly proves the Prosecutors knew what the court ordered Michael's Property to be returned and that they directly DEFIED a court order.

Michael Allmain's Dog this court previously released to Michael and CVAR and the Jefferson County Prosecutors Flat Out DEFIED the Court Order as proven by Prosecutor Kennedy eMail shown below

"until 3/12/21 based on when the court order that the dog be released back to Mr. Allmain (still unbelievable)" That is Prosecuting Attorney Kennedy ADMITTING that the Court Ordered that Mr. Allmain's dog be released back to him, yet it NEVER happened.

April 28th 2021 Trial Confirmation Hearing

Michael Allmain Case. **April 28th 2021 Trial Confirmation Hearing**, Michael's Public Defender Nat Jacobs, asks the Court Yet Again to Preserve the Evidence. The Evidence is HIS DOG Moses as this same Court has Ruled Over and Over TO BE EVIDENCE and NOT Abandoned. As per the probable cause statement, and proof Michael contacted Port Townsend Police Officer Wendy Davis immediately. Here you see proof of premeditated intent to place a lien in the future, willfully with intent, through the Civil Courts, (abuse of process, fraud on the courts) and sure looks to me that CVAR is getting Legal Advice PAID by Jefferson County Taxpayers, from Jefferson County Prosecuting Attorney Julie St. Marie to steal a homeless man’s property, his dog, and destroy his family maliciously, all the while knowing Michael Allmain was innocent as their emails clearly prove. Keep in Mind Folks This Violent Gang Stocking Lynch Mob Nearly Killed this Man, and they are Your Government. A City Attorney, a City Cop, Sheriff, Deputy, Prosecutors, Animal Rescue, a County Commission and hundreds of violent angry life threatening gang stalking citizens.

The Following is Important to this Chronology as this hearing, this moment in time, is what made it so that Julie St. Marie was no longer a prosecutor and therefore Prosecutor James Kennedy took over the Michael Allmain Case after this.

On **May 5th 2021** there was a Hearing on a Case that Prosecutor Julie St. Marie was involved in, for some reason it was included in the Michael Allmain Case Video Transcripts, so I watched. It was regarding a case that had gone on for quite some time and finally got FINAL Trial Confirmation, however OOPS Julie St. Marie Forget to send out the Subpoenas and the Trial is in a few days, oh and well Julie is not available for that date anyway, conflicting schedule and all. You can play the clip at the link below.

Julie Says the State Can Prosecute the Case how they Want. She Admits to Egg on her Face.

Ms. Powers wants the state to pay the costs associated with the Jury change and let's the court know she is filing a Complaint in this Matter. She says she is filing CrR 8.3 Motion and notes Governmental Misconduct. Ms. Powers says there is no grounds for continuance as Ms. St. Marie had already asked for a continuance to serve subpoenas and did not so there is no ground. Ms. St. Marie does not know she has to put the subpoenas in the Judge's file, and Judge Mindy Walker suggests Julie check out the Rules.

Prosecutor Julie St. Marie admitted Government Mismanagement. The Judge Refuses the Continuance.

In Conclusion,

I allege that Attorney Julie St. Marie has done this same pattern and history to other victims such as Parkes, Estes and Schoop. This same method of using civil and criminal courts to take away private property and set animal owners up for

crimes. I ask that you take this matter seriously and hold Julie St. Marie accountable for ethics violations, criminal actions and take away her attorney license to protect the public at large.

Michael Allmain Case Chronology

April 19th, 2019

After Dark on April 19th, 2019 Michael Allmain's dog, Moses, Jumped or Fell out of a canopy out of the back of Michael's Truck, in the Port Hadlock, Washington area. Michael looked all night, calling

Mo Mo, searching throughout the night. Michael looked for days and he posted on Facebook looking for Moses, as well as called the Jefferson County Sheriff's Office in Hadlock.

April 20th, 2019

On April 20th 2019 around 9am, a Port Hadlock Good Samaritan called 911 about a dog that looked attacked. Jefferson County Sheriff Deputy Brian Peterson and Deputy Kevin Denney went on the call. Here is that Original incident Report. Click Below to Read.
https://drive.google.com/file/d/1bCsXYmf9fcYLciZnOLByTwTehpPQ4H1F/view?usp=sharing
(**Note:** in the above report there was an added Narrative on April 25th, 2021 Quoted AS Follows: "(4/25/2019 9:46:09 AM) MET WITH ALLMAIN REF 19-3761 SERVED WITH ANIMAL IMPOUND NOTICE AND OBTAINED VERBAL STATEMENT AND TOOK PHOTOS OF THE TRUCK WHERE MOSES (THE DOG) FELL OUT OF AS WELL AS THE HARNESS. SPOKE WITH GINGER BY PHONE. SHE SAYS NO REASON TO BELIEVE MICHAEL WOULD INTENTIOANLY OR NEGLIGENTLY HARM DOG. AGREED TO PROVIDE FOLLOW UP STATEMENTS IF NEEDED. BOTH PARTIES ASKED FOR VISITATION WITH ANIMAL BUT WERE ADVISED HIS LOCATION WOULD BE KEPT COFIDENTAL UNTIL VET FEELS IT APPRIOPRIATE."

The above is important to take note of, as The OWNERS asked to see their pet, their property, and Sheriff Deputy Brian Peterson said NO, and that the Dogs location would be kept

confidential until Vet Feels Appropriate. What Vet? Christine Parker Graham, the alleged “volunteer” vet at Center Valley Animal Rescue? Or was he talking about the then Vet Tech Sara Penhallegon? Is it Legal for Deputy Brian Peterson to hold your property, your injured pet at a “confidential” location? Was there discrimination? Why prevent the owners from seeing their beloved family pet? And under what statutes, laws, or authority was this Deputy holding the property, and at a confidential location? I allege this was not legal, was discriminating, and that Deputy Brian Peterson and the Jefferson County Sheriff's Office is liable for this.

I Allege that Deputy Brian Peterson acted Criminally in signing a fraudulent document, an impound notice that lied about the whereabouts of Michael Allmain’s property. I Allege Fraud, Violation of Due Process, Discrimination and theft of property.

I Allege that Deputy Kevin Denney violated state law in taking Michael Allmain’s property, his emotional support dog, un-neutered (able to sell puppies 1-3thousand each), even if not care about his mental health or emotional state, they took a man’s property with value even in commercial value alone, Deputy Kevin Denney violated state law in taking an injured stray to CVAR, instead of to a licensed vet open at that time. CVAR, Center Valley Animal Rescue, Sara Penhallegon violated State Law by accepting possession of this dog, Moses, that very first day. I also allege theft as CVAR used this to steal Allmain’s dog permanently, as they placed a lien for charges for this illegal incarceration at CVAR of Moses by Deputy Kevin Denney, that Michael Allmain the owner had nothing to do with and they did illegally, Denney I Allege is a co-conspirator in that theft.

I allege it is illegal to have kept Moses from his owner Micahel Allmain and performing medical treatments without consent, as they knew who the owner was days in and still kept his dog for 3 weeks, finally taken by the Humane Society as a matter of Law, then they charged the owner Michael Allmain for this illegal activity. The Sheriffs department, County Prosecutors and county commissioners covered for them, gave them legal advice, and went after Micheal Allmain for them, CVAR, as the record proves.

Back to April 20th, 2019. Deputy Kevin Denney takes Moses, the injured Half Timber Wolf Hybrid Dog, to Center Valley Animal Rescue in Quilcene Washington. I am alleging that this was a violation of State Law, it was ILLEGAL for Deputy Denney to take Moses to CVAR, as they were NOT a Licensed Animal Vet qualified for this Emergency Care, and there was a Vet Open that Day, closer by, in Chimacum and most likely Port Hadlock and Port Townsend, it was a Saturday and qualified licensed Vet's were open. CVAR did not have a Contract with the County and SHOULD never have met Moses. There was NO LAWFUL reason for the Jefferson County Sheriff Deputies to take Moses to an Animal Rescue Sanctuary in Quilcene with NO LICENSED VET. None the less that is where Moses was taken, and Moses Owner Michael Allmain was forbidden from seeing his dog, his property, his Everything. Sara Penhallegon, unlicensed vet, made medical decisions for MOSES, without the Owner's Consent or Knowledge. Sara, CVAR kept Michael Allmain's dog for weeks with NO VISITATIONS. She made ALL medical decisions for Michael's dog, and was aided and abetted to do this via Deputy Brian Peterson telling Michael his dog was being kept at a "confidential" location. Sara

Penhallegon, director of Center Valley Animal Rescue had no intention of EVER giving Moses back to his Owner, nor taking him to where he legally should have been by this time, which was HSJC, Human Society Jefferson County. More on that later in the Chronology.

April 25th, 2019

We continue on with **April 25th, 2019**, Michael comes into the Jefferson County Sheriff's Office and speaks with Deputy Brian Peterson, Peterson added the above narrative. And also on this day Officer Brian Peterson had Michael Allmain, Moses Owner, Sign a Fraudulent Impound Notice. I say fraudulent, because the Impound Notice CLEARLY says that Michael Allmain's property, his emotional support dog, family and best friend was at the Humane Society Jefferson County and had been since 4-20-2019, pet State Law, per Jefferson County Statutes, and we see those statutes named in the Impound Notice Michael Allmain Signed. We know that was a flat out lie, per the documents above. Moses was clearly, without a doubt, at Center Valley Animal Rescue and NOT at the Humane Society in Jefferson County Washington. I have verified with Michael that the Impound Notice is his signature, and folks though the Impound Notice is dated **4-20-2019**, note there is conveniently no date on the day Michael was served, however we can presume the date is **4-25-2019** from the incident report above and the narrative of Michael's dog being held in a confidential location and his release would be up to the "Vet".

Here is a Photo of the Impound Notice

4-25-2019 Notice of IMPOUND Dated **4-20-2019**. Click Below for PDF.
https://drive.google.com/file/d/1mRPGuhSxIypjLHi1FKrXMHYwsryumsug/view?usp=sharing

I allege this is fraud, and also fraud on the court, bearing false witness, Jefferson County Prosecuting Attorney James Kennedy as the Impound Notice and narrative was sent to the county prosecutors in a criminal investigation. I allege bearing false witness, violation of due process, property rights violations, acting a vet without a license for CVAR and enabled by the JCSO.

Per the Impound Notice Above Officer Brian Peterson gave false witness, as he had the owner sign a fraudulent document and he knew it was false at the time of signing, as Moses, Michael Allmain's Dog had already been at CVAR for 5 days by then, so the whole redeem in 5 days was a complete farce at best.

Back to **April 25th, 2019**, Michael Allmain signs a handwritten Statement to Jefferson County Sheriff's Office. Click Below to read that. Note the date of the Accident was 4-13-2019, and the Date of Dog found by Hadlock Resident, 4-20-2019.

MAY 2019

May 6th 2019

On May 6th 2019 Sara Penhallegon, Director of Center Valley Animal Rescue sent an email to Deputy Brian Peterson and Deputy Kevin Denney.

“Wondering if you talk to the owner yet and if he was planning to surrender the dog or not.” Says Sara. Also this email says we have done a number of surgeries on him now and are doing regular sedation for bandage changes.

Keep in mind folks when there is no discrimination and they follow the law the owner gets to decide what surgeries his dog gets, and the owner is involved in the risk of sedation. Michael Allmain did not give Consent for CVAR to do any Medical Procedures on his dog, Sara Penhallegon was acting as a vet without a license,

and keeping the owner from the process entirely, not even a visitation.

Center Valley Animal Rescue sedated Michael Allmain's dog over and over again because their treatments were so harsh and painful. Moses did not need sedation when he was with Michael, his owner as you will see later in Facebook posts by the Human Society VP Ellen Heineman, where she says that MOSES is doing well with his huma and did not need sedation for treatment when with his owner. Center Valley Animal Rescue is guilty of animal cruelty, I Allege, they were not protecting this dog they were harming this dog for their own unjust enrichment. They gave harsh and dangerous treatments, and with NO CONSENT.

The email goes on to say we have done a number of surgeries on him now and are doing regular sedation for bandage changes. He is on pain medications and antibiotics still and doing well. This email also talks about allowing a member of the public to come and visit Moses several times a week and that this member of the public gave them a $1,000 donation. Center Valley Animal Rescue would not let the owner of the dog see his property his dog, his best friend, not even one time and this was enabled by Deputy Brian Peterson who put in his incident report that he told Michael Allmain that the dog was at a confidential location yet made Michael

Allmain sign a legal document, witnessed by Peterson, that said his dog was at Jefferson County Humane Society.

This email goes on to say we have not put anything out about him since it's a cruelty case but his care will cost thousands so if we can put something out it would be good and we'll offset any county bill.

They were ILLEGALLY using Michael's property, his dog to create revenue for themselves and their non-profit. They are keeping Michael from his dog at this time and driving up the county costs illegally, then act as if getting the word out would be good for the County. NOPE it was ONLY good for CVAR as they got Donation based on the frenzy of slanderous lies and defamation they put "out". And they defamed Michael Allmain with Malice, as they knew that Michael had not abused or neglected his dog, and that he did not deliberately drag his dog. As CVAR states such on their Facebook posts, and in many emails, as you will see below. Yet they worked the public up in an emotional frenzy so the public would donate money to them. At the same time they stated online that they would pay all ongoing costs, seen below too, and yet in Bait and Switch, this Washington State 501(c)3 non-profit sued the owner years later for those costs and took his dog. Let's continue with this email.

Click Below to Read the eMail I am referring to above.
https://photos.app.goo.gl/mSoahgkH5JTXFrKB9

Center Valley Animal Rescue USED Michael's Dog for their Financial GAIN. They STOLE His Property, Defamed Him, Taunted Him, Harassed and Stalked Him. CVAR Let Strangers Visit Moses but Denied the Owner Visitation. Sara treated Moses Cruelly with constant Sedation he did not need with his Owner Present. Sara DENIED the Owner the Right to Make Medical Decisions for His Dog, No Owner Consent.

CVAR, Sara Penhallegon **GOT donations to her Non-Profit** directly off of here emotional, criminal defamation against Michael Allmain, she deliberately, knowingly lied about Allmain on Facebook, and whipped up community outrage, many of those donated to CVAR, including the woman who found Moses donated $1000. I allege this is Fraud, Bait and Switch, Unjust enrichment by defaming Michael Allmain. And these actions by CVAR, Sara Penhallegon endangered Micheal Allmain's life every day, as those in the community she lied to, they believed Michael had drug his dog behind his truck and more than once. They threatened to kill him daily, stalked him, harassed him, called the police on him dozens of times, drove him to massive suicidal mental anguish and suffering daily.

And even though she got these donations, grants from other nonprofits and government agencies, she sued Michael Allmain and won $28,000 and got his dog permanently and a $25,000 judgment against Michael Allmain. I allege this judgment is Fraud on the Court, Denial Of Due Process, Theft, Perjury, Criminal Defamation while knowing the truth.

May 10th, 2019

May 10th, 2019 email from Sara Penhallegon of Center Valley Animal Rescue to Deputy Brian Peterson and Deputy Kevin Denney. Sara wants them to sign a document. See what happened is, Paul Becker, the Director of the Human Society Jefferson County, who was under contract with the county, and where Moses should have been taken and where Deputy Peterson LIED and had Michael sign a Fraudulent Notice of Impound that his dog was at the Humane Society, well Paul filed a complaint with the Jefferson County Commissioners, and I believe the Vet Board, I don't have documentation of the Vet Board complaint yet, however CVAR Sara mentions it in emails you will see further along in this chronology. Anyway Paul contacted the Jefferson County Sheriff and brought the situation to their attention that Moses should be at the Humane Society as a matter of LAW, and so the Deputies let Sara know via Phone Call I presume as I have not yet seen all those communications that day.
Here is the Email from Sara this Day.

https://photos.app.goo.gl/DdfHPWc4ULec4ybq8

7:40am May 11th, 2019, Deputy Brian Peterson eMails CVAR, Sara Penhallegon that he is coming to Get Moses. Sara did not want Moses to leave, she had held him illegally for 3 weeks by then, and wanted the Owner to Pay her, and she did not want Michael to ever have Moses again. They clearly violated Michael Allmain's rights and acted illegally. Click Below to read this eMail https://photos.app.goo.gl/LbVznMP5iJ156bFg8

May 11, 2019, 9:29 am to Jefferson County Sheriff Deputy Brian Peterson, Undersheriff Andy Persteiner, Sheriff Joe Noel, Jefferson County Prosecuting Attorney Julie St. Marie regarding her recommendations on dog Moses she should never have met, and of which she is not a licensed Vet. Click Below for this email.

And here is the Attached Document she had the deputies sign. CVAR and Deputy Peterson of the Jefferson County Sheriff's Office Sign Document that Moses is leaving CVAR and they don't agree with the decision, keep in mind Moses was at CVAR illegally and they were cruel to him, with painful treatments that required massive sedation. Sara's recommendations are coming from an unlicensed vet that had Moses ILLEGALLY.

May 2019 CVAR Facebook Threads, RCC Commentary

Below we see a **Facebook Post from May of 2019**, Center Valley Animal Rescue is Getting Lots of Requests on “Roady Updates”, see CVAR Sara worked the public up about Michael Allmain. I Allege Sara Penhallegon is guilty of Criminal Defamation as she knowingly posted falsehoods about Michael Allmain, she deleted his side of the story and invigorated a Lynch Mob that threatened him constantly, harassed him, stalked him, reported him to the Port Townsend Police ongoing, threatened to kill him, threatened to take his dog out of county and tell him it died, threatened to drive Michael behind a vehicle, and this violence toward Michael Allmain incited by Sara Penhallegon went on for years and all the while she knew he was innocent and his dog had simply had a bad accident and what she did was monstrous. As she kept Michael from his injured dog, so very cruel and discriminating. And all this to CVAR’s Unjust Enrichment. CVAR is also Guilty, I Allege, of Bait and Switch as they knew the Truth, yet Fed the lie to their public on their well established FB page for their long time local non-profit, and got Donations based on this Falsehood, this Defamatory Lie and knew it was a lie. The Video Below is of a Center Valley Animal Rescue Facebook Post of May 11th, 2019. This post proves that CVAR knew they were maliciously spreading lies about Michael Allmain after this, whale they knew the Truth.

I Allege Criminal Defamation, Defamation, Painting in False Light, Life Endangerment, Harassment, Stalking, Bait and Switch, Theft, Constitutional Rights Violations, Violation of Due Process.
Click Below for Facebook Post proving CVAR knew the TRUTH and yet Spread the LIE, of which directly benefitted them financially.

May 11th 2021

On May 11th 2021 Sara Penhallegon, CVAR director, emailed the Jefferson Board of County Commissioners (BOCC) with complaints about a “recurring situation” with

Becker apparently related to an earlier disagreement over animal care. “Becker” is Paul Becker, the Director of the Humane Society Jefferson County, his non-profit had a contract with the City of Port Townsend and Jefferson County, NOT CVAR.

Regarding the wolf hybrid, Penhallegon praised the sheriff’s deputies who brought the animal to CVAR. She said the wolf hybrid was “starving with chronic skin and ear infections” but after three weeks of care, had gained 20 pounds and all but two wounds were closed.

“He tries to bit [sic] and is very hard to even get an injection into and nothing can be done without sedation,” Penhallegon wrote of the animal.

“We are not here for the healthy stray animals, they should go to the [Human Society]; but for the unhealthy, sick or injured animals that need medical or behavioral care, that is what I do,” she wrote, describing herself as a licensed veterinary technician and wildlife rehabilitator.

She suggested that CVAR reach an agreement with Jefferson County and the City of Port Townsend “for animals such as Roady to get the care they need and then proper placement.

We would hope this type of agreement would improve animal welfare in Jefferson County as well as save taxpayer money.”

Click Below to read Sara Penhallegon’s letter to Jefferson County Commissioners and the Added Update.

May 12th 2019

On May 11th, 2019, Center Valley Animal Rescue was made to obey the law and let Moses go to where he was supposed to be as a matter of law, which was the Human Society Jefferson County in Port Townsend Washington. Due to Paul Becker, the Director of the Local Humane Society, HSJC, who was under contract with the County and the City to take in stray animals. Paul Becker complained that Sara Penhallegon, director of local 501(c)3 non-profit Center Valley Animal Rescue in Quilcene had been practicing vet medicine without a license, and he claimed that the treatments she used on Moses were to painful, and she should not have had to sedate him so much. Paul Becker, HSJC Director, let the Jefferson County Commissioners know, as well as local authorities, that Moses was being deliberately kept from his owner, with no way for his owner to redeem his animal. So therefore, Deputy Brian Peterson went to CVAR and got Moses. Sara the Director of CVAR was made and thus began her coming 2.5 year vicious defamatory campaign against Moses owner, Michael Allmain.

Deputy Brian Peterson and Deputy Kevin Denney violated state law in taking Moses to CVAR that first time Moses met Sara. It was unlawful to have taken Moses to an unlicensed vet that Saturday April 20th 2019, when they first got the call about Moses. As there were licensed vet's open and keep in mind that Deputy Brian Peterson had Moses owner Michael Allmain sign a fraudulent Impound Notice as seen above.

As seen above, May 11th, 2019 was a busy day for Sara Penhallegon, Director of CVAR as, even though she violated state law, practiced veterinary medicine in an emergency on Michael's dog illegal and without license to do so or consent from the owner, she still felt she was somehow wronged when the law was followed 3 weeks into her holding Moses hostage. And So May 11th Sara emailed the County Commissioners, Prosecutor, Sheriff Deputies and let them know.

And **On May 12th, 2019** Sara Penhallegon of Center Valley Animal Rescue made a Facebook Post on her Non-Profit Facebook page that said, "in the last 24 hours Roady has been taken from CVAR by the Jefferson County Humane Society after 3 weeks of intensive care at CVAR and against the written recommendations of both our veterinarian and CVAR Director." The social media post urged people to contact (and provided phone numbers) of the Sheriff's Office, Prosecutor's Office, Human Society and the BOCC.

This Facebook Post incited hundreds of people to attack Moses owner, Michael Allmain, and deleted Michael Allmain's side of the story. This created a massive, fast spreading, long lasting campaign of hate, threats, harassment, endangerment.

These community members that CVAR Sara incited, I refer to on my blogs as the CVAR Lynch Mob. As they threatened to kill MIchael Allmain, to drag him behind a vehicle, to take his dog to another county and tell him his dog died, they said they would break the law if need be, this thread defamed Michael Allmain and set of 2.5 years of stalking, harassing, set ups, police calls, death threats, and eventually one of them let Michaels' dog of the lead and finally got him, that part for further down.

This Facebook thread encouraged violence against Michael Allmain and painted him out as a monster who dragged his dog behind his

truck and not just this time, but alluded to a history of dragging. Michael Allmain answered every comment and let them know his side. CVAR deleted this, and so Michael had no way to stop the Mob. The Police were in on it, as were the prosecutors and deputies so he had no one to call to stop them. They nearly killed Michael Allmain and nearly drove him to kill himself.

This May 12th 2019 Lynch Mob thread proves Malice in Defamation, as Sara Defamed Michael Allmain in this thread, told the public he drug the dog, incited a violent mob after Michael, and did so knowing the Truth, as seen above, the day before she had said on FB and to others in email communications that it was an accident, but she fed the story online that Michael was a vicious monster who drug his dog. And she financially gained from this, as she got donations from her lies.

This May 12th 2019 Facebook thread also shows the Origin of the Premeditated Intent of placing a future lien for vigilante justice to ensure the get Moses away from Michael for good. As many different community members are discussing a lien, then one of them tags Bellingham Washington animal attorney Adam P. Karp, and Adam comes into the thread and gives the Statute for placing a future lien for future charges from when they “get” the dog at some point, away from Michael.

Below is a PDF of this Thread from May 12th, 2019, Keep in Mind CVAR deleted Michael Allmain’s side of the conversation, maliciously and to his extreme danger, as not telling his side and quelching the mob, he was under constant surveillance, photos taken of him, threats, stalking, police calls and constant mental anguish.

May 12th, 2019, 3:52pm Sara Penhallegon, Director of CVAR eMails Jefferson County Deputy Brian Peterson and Prosecuting Attorney Julie St. Marie. She talks of charges being dropped, and money Michael owes her, and Michaels private relationships. She talks of Paul Becker and getting witnesses to get Michael. She is critical of Michael's ability to pay.

And CVAR Sara, in that same email attempts to destroy families by claiming Michael's ex said he was abusive to the dog. Yet that same ex, gave a statement to the Deputy that said this "SPOKE WITH GINGER BY PHONE. SHE SAYS NO REASON TO BELIEVE MICHAEL WOULD INTENTIONALLY OR NEGLIGENTLY HARM DOG. AGREED TO PROVIDE FOLLOW UP STATEMENTS IF NEEDED." As Deputy Brian Peterson Put in his incident report. Click Below to read that Deputy Incident Report Again.

The Charges were dropped by the Prosecutors, yet Sara Penhallegon was not satisfied and never stopped going after Michael Allmain. All branches of Jefferson County Government enabled her and conspired with her against Michael.

After the Above CVAR Lynch Mob Thread, and Adam P. Karp Animal Attorney stating the Statute used for Vigilante Justice, then Robert Heck, Sara Penhallegon's Husband sends her an email with that Statute. Then Robert sends the statute to County Commissioner Greg Brotherton.

May 12th, 2019, 10:27 PM

Robert Heck, CVAR, to Commissioner Greg Brotherton.
Could you look into the dog that Paul Becker had taken from Center Valley. You can see what is going via our Facebook page. This really needs to be looked into and Paul is not listening. Dog is being returned to the abusive owner. Robert says the dog was pulled behind the truck. These busy bodies never stopped defamin Michael and getting the community worked up against an innocent man.

MAY 13TH 2019

On May 13th, 2019, Center Valley Animal Rescue Put up a Facebook Thread, "Roady Update", There is **Going to Be an Investigation**, they are looking for him now, she thanked everyone as if in an academy award speech. Owner picked him up, "they" are looking for him". See folks this further fed the mob, and they helped look. Thing is Michael was a local homeless man and easy to find, always in plain site. They harassed him, stalked him, threatened him and called the police on him all the time. Keep in mind the "they are looking for

him", Michael Allmain was a homeless man in Port Townsend, this alone sent hundreds of CVAR Sara's followers to go "find him" though he was not convicted of a crime, nor had a warrant of any kind that I am aware of in May of 2019. I allege it is criminal harassment, stalking and life endangerment.

This Lien was planned all along to make up, force vet bills and CVAR stay bills, and use those bills to get the dog from his owner, in case there was No Conviction. They lied and got a conviction and the dog and a settlement for 25k.

Jefferson County Undersheriff Andy Pernsteiner emailed Philip Morley, then County Administrator May 13 2019, regarding Michael Allmain's Dog Moses and the actions of CVAR, Center Valley Animal Rescue Sara Penhallagon - JCSO Admits CVAR illegally holding PROPERTY.

Keep in mind here also that the Sheriff PAID Sara and she got the $1000 donation and did fundraisers from her criminally defaming Michael Allmain while knowing the truth.

Also note here, the Fraud in the BILLING, most likely after CVAR, Sara got the lien statute from attorney Adam P. Karp, then the higher the bill, the more the chance of stealing the dog, and she did eventually.

Dogs are Property is Important to Note here.

Subject: RE: Letter for Roady

Good Morning Philip,

Just tried to call you to talk about this dog issue, I'm off today but will give you the story in a condensed version.

The dog was in the back of Michael Allmain's pickup, in a canopy with a door on the back. The back door came open when the truck went over a bump and the dog jumped out, the dogs harness got hung up on the truck and the dog was drug for several blocks. Allmain was alerted by other motorists and stopped, untangled the dog and it took off running. The next morning (less than 12 hours after the accident, not a week later like Sara says in her letter) the dog was located and JCSO was

summoned. Deputy Peterson responded and when he called the shelter they said to take it to Hadlock Vet, which is closed on Saturdays. The deputies on duty opted to call Center Valley rescue and they agreed to treat the dog. The dog received medical treatment from Sara at Center Valley.

Last Friday I met with Paul Becker and advised that JCSO cannot legally turn a dog over to Center Valley because of the contract the county has with the Humane Society. Becker also advised that Center Valley isn't license to provide emergency medical treatment, he cited RCW 18-92.260.

I called Sara at Center Valley and advised her of this issue and that we can't legally allow her maintain custody of the dog, she agreed and stated that she understood. Sara told me that the medical bill for the dog was around $2000, of which someone had donated $1000 and the Sheriff's Office would be responsible for $1000. I advised that JCSO would pay the $1000 and that Deputy Peterson would come get the dog in the morning.

After talking with Sara I heard from Chris Ashcraft at the Prosecutor's office, he advised that they would NOT be charging Allmain for Animal Cruelty. As such we have to legal reason to keep the dog from the owner. Once the dog was transported to the Humane Society Allmain was advised and he is trying to get him out now.

I just got a copy of the bill that Sara just sent to Mark Apeland, interestingly the bill is now over $9000.

The Sheriff's Office, Prosecutor's office and Humane Society have been inundated with calls thanks to the facebook post.

As you are well aware in the state of Washington dogs are considered Property and as such we can't keep someone's property from them for some kind of personal interest.

Andy

DOGS ARE PROPERTY. Sara Penhallegon STOLE Michael Allmain's Valuable Property. She was enabled by Jefferson County Prosecutors and the City of Port Townsend who was holding Moses as Evidence in a Criminal Trial Against Michael Allmain.

JCSO Admits Wrong Doing in Michael Allmain Case

On May 14th, 2019, Sergeant Mark Apeland of the Jefferson County Sheriff's Office put on the record, the FOI Public Record that is, that Michael Allmain's dog should not have been taken to CVAR, as a matter of law. Yet CVAR Sara, having taken Michael's dog illegally in May of 2019 for weeks, got Judge Keith Harper, in October of 2021 to award her, CVAR, payment for those three weeks and the added year that the City of Port Townsend kept his dog Moses at CVAR as Evidence in their Criminal Case against Michael Allmain. Oh and the Kept his Dog as a Lien was against him you see. Ya know that premeditated lien to steal Michael's property.

Anyway here is a Video Clip I took of the email. Jefferson County Sheriff Office admits wrongdoing, another words "LIABILITY", and admits that Moses should NOT have been taken to Center Valley Animal Rescue, as it was NOT Lawful. Interpret the words how you please.

Greetings,

Recently it was revealed that when the JCSO takes custody of a domestic animal that requires veterinary care, that animal needs to either go to the JCHS Shelter so they can get the veterinarian care, or to an actual veterinarian clinic. This applies to domestic animals only.

Center Valley Animal Rescue is a certified wildlife rescue, and the JCSO should not use them as a veterinarian care facility for dogs and cats in lieu of the JCHS animal shelter or a **licensed veterinarian** care facility.
Thank you,

May 15th 2019 Paul Becker wrote a letter to the Jefferson County Commissioners. In the letter, Paul Becker, director of Humane Society Jefferson County cited several county codes and state laws regarding care of domestic animals, of which were allegedly violated.

Paul Becker claimed that the Jefferson County Sheriff has only two options: take the animal to the official county animal shelter, or to a licensed veterinarian if the animal has life-threatening injuries. Regarding the wolf hybrid, the animal was recovered on a Saturday when a veterinary hospital in Port Hadlock was open.

Instead, a deputy turne**d** “custody and control of the animal over to an organization that is not a veteran [sic] and is licensed only to provide veterinary services limited to animals owned by qualified low-income households, and the services provided limited to electronic identification, surgical sterilization and vaccinations,” Stated Paul Becker, HSJC Director.

Paul Becker criticized CVAR for prescribing treatments that were “so painful” it required the animal to be anesthetized. Becker accused CVAR of confining the animal with “intent to deprive the owner of access to it,” which he alleged violates state law. Becker said the Sheriff’s Office needed to provide the animal’s owner the opportunity to regain custody.

“A social media assault was started by the organization against the Sheriff, the Prosecuting Attorney and the animal shelter,” Becker wrote to the BOCC. “This caused numerous threatening phone calls and messages to be made causing some employees to be very concerned for their safety as well as questioning the integrity of the people involved.”

Becker closed by asking if the county would consider charging CVAR with practicing veterinary medicine without a license and for allegedly attempting to conceal a pet from its owner.

Moses was at CVAR illegally and Yet she wants Paid. She seeks that continually from the Public with Donations, Seeks Restitution, Gets a Lien against Moses (Wins $25,000). Jefferson County Prosecuting Attorney Julie St. Marie tells Sara Penhallegon, Director of 501(3)(c) Non-Profit Center Valley Animal Rescue to File a Lien against Michael Allmain. More Evidence of Premeditating a Lien for Future Forced Vet Bills. In other words, to STEAL MICHAELS DOG through Abuse of Process and Fraud on the Courts.

After harassing, stalking, threatening, bullying, following, reporting Michael for years, and finally letting his dog loose. They used the Lien through Civil Court, to tie the hands of the Criminal Court as Moses was Evidence held by the City of Port Townsend at Center Valley Animal Rescue in Quilcene and to hold Michael[s property over a year from November 23, 2020 as an animal at large up until October 22nds 2021 when they got Moses FINALLY for good through Jefferson County Superior Court and a Civil Lien finally executing on their crimes. Your Prosecuting Attorney Julie St. Marie was in on it for the Whole Time. the MOTIVE? Ask them, seems Emotional to Me and add in some criminal restitution, county and city paying invoices, and a bit of hey add CVAR to the county and city code. https://photos.app.goo.gl/mABc4UMebh6o2pdu7

On **May 20th, 2019** the Jefferson County Commissioners met and they discussed the issue of CVAR, Sara, Paul, Moes and Michael during its afternoon briefing session.

Administrator Philip Morley explained how the Sheriff's Office's lack of an animal control officer contributed to the situation. Morley said that former Sheriff Dave Stanko in 2018 had changed the status of the animal control officer, removing the position from the Corrections Division to reduce the pay scale and apply that budgeted money to other JCSO needs. So they set out on a mission to get an animal control officer. Yet Sara was the Problem, not necessarily the lack of an animal deputy. Still they hired Deputy Erik Allen for this position and he joined the Lynch Mob as FOI emails clearly show.

Morley acknowledged the apparent tension between the CVAR and Humane Society leaders, and cautioned that the county "shouldn't react too strongly, too quickly" until regulations are reviewed and the complete story is known. The thing is folks the COUNTY allowed the LAW to be broken and Michael Allmain to be their Victim. The "tension" was CVAR and their gang of Thugs breaking the law and violating Michaels rights and Paul Becker and the Human Society obeying the law and not violating Michael's constitutional and civil rights.

Commissioner Sullivan noted that the two groups are "good people doing good things that save us money." NOTE here folks they are not GOOD PEOPLE. The Record Clearly shows how malicious and cruel these people really are.

The commissioners were warned, from a local agency the county and city was under contract with, warned that CVAR and the JCSO were violating Michael's rights and giving him no way to redeem his dog. Becker let the commissioners know that Sara was practicing vet care without a license, and the did nothing and fact further enabled CVAR Sara's malicious behavior.

They STOLE Michael's property, his emotional support animal, and kept him for weeks injured and not able for his owner to even visit or make medical choices, to give consent, and the Jefferson County Commissioners seemed to have had no issue with this.

May 20th, 2019 9:29PM Sara Penhallegon tells Deputy Brian Peterson that she is extorting homeless man Michael Allmain, she says if Michael can't pay the bilt, ya know the $9000 bill from 3 weeks of holding Michael's Dog Illegal, anyway if Michael don't pay immediately she will take his dog. Michael was not charged. Deputy Brian Peterson and Deputy Kevin Denney took Moses to CVAR illegally and now she wants paid a huge amount. And is threatening Michael over it, she tells the sheriff and they do nothing. And keep in mind that Sara made sure he could get no credit at the local Vets as she contacted them ALL and Criminally Defamed Michael Allmain, all the while knowing he was innocent and his dog had simply had an "accident".

She wants the dog in lieu of payment, more intent to place a future lien, as she did finally get the dog with this lien, a $28,000 lien finally enacted in October of 2021. You could be their next victim. Click Below to read this email. https://drive.google.com/file/d/1NFsUXeGRd3ze4O_a5wB-SwjCZpY4o3Gy/view?usp=sharing

May 22nd 2019

May 22nd 2019, Sara, Director of Center Valley Animal Rescue emails Deputy Brian Peterson yet again Meddling in Michael Allmain's Business. She had his dog ILLEGALLY, his Property, his Emotional Support Animal. And the Jefferson County Sheriff's Deputies enabled her to do it. Then she wanted to be paid for her crimes and went after Michael Allmain consistently for years. The Police Knew and were in on it. The Commissioners Knew and Greg Brotherton tried to "help". All of the County Prosecutors knew and were in on it. **"Fun"** as Chris Ashcraft calls it.

This email is about Michael Allmain having a Go Fund Me Page (Remember Julie St. Marie Prosecutor advising and conspiring with CVAR said that was proof of NO NEGLECT) Anyway Sara saw dollar signs and so she wanted the money for holding this man's dog hostage, away from him and performing medical procedures without his consent and trying at that time, May 2019, to STEAL his Dog Forever. She Never Stopped.

The Authorities need to tell her to STOP, possibly arrest her for harassment, theft, stalking, inciting a violent mob, bait and switch, abuse of process, fraud on the courts. JULY 2019

July 2019 Sara Penhallegon contacts the local paper, called the Port Townsend Leader, she apparently worked people up saying that there was a court order and the sheriff was looking for Michael, as she thought Moses should come back to her. Or the Sheriff called the Human Society and put a hold on Moses with no court order, simply his own wishes to please Sara, but gee darn, Moses was gone. I will add email threads regarding this soon, here is one from the Leader to Sheriff Joe Noel.

“To: Joe Nole <JNole@co.jefferson.wa.us>

Subject: Fwd: The dog saga continues

Hi Sheriff,

Paul Becker forwarded me your email communication about the court order surrounding the dog. How should I update the article to make it more correct? I'm sorry if I made an assumption there and got it wrong.

Here is what the article currently says:

"The dog was released to its owner, Becker said, because the law requires organizations to contact the owner as soon as possible. This was done despite the Humane Society’s knowledge of Center Valley’s neglect allegations and the Sheriff’s Office’s pursuit of a court order to stop the release of the dog.

That court order was obtained too late. When Nole called the Humane Society to ask them to hold the dog he was told it had just gone back to its owner hours earlier."

Would this be accurate if I just deleted that second highlighted sentence and ran a correction saying "No court order was officially obtained." Because you were going to get one if the dog had not already been given back, correct? Were you calling preemptively?

Thanks as always, I hope I don't have to take up anymore of your time on this in the future

Center Valley Animal Rescue Clearly Violated LAW in May of 2019, the Humane Society Jefferson County CLEARLY Obeyed the LAW and with Humanity. Yet CVAR managed to avoid an Investigation. Why? How? Well I Allege, because the Sheriff, and Jefferson County Prosecutors created a Smoke Screen of some kind to Protect CVAR.

October 21st, 2019, Prosecutor Julie St. Marie and CVAR Sara Penhallegon, reviewing the narrative on Roady, will never call him Moses, someone said he was drug, Flat out Defamation, Moses was not previously DRUG. This Malicious Woman never stops and your Authorities, your Prosecuting Attorney enable her and conspire with her. Email from Sara to Julie St. Marie. I am working on my “Paul” Case.

October 29th, 2019

On October 29th, 2019 Jefferson County Undersheriff Andy Pernsteiner writes a letter to CVAR to fulfill their request to write a letter on their behalf so they don't have to "worry". This letter suggests that CVAR was the only option, without actually saying that. It alludes to it being a weekend and not many options. It was a flat out LIE as there were Licensed Vets Open on that Saturday and it was ILLEGAL to have taken Moses to CVAR instead. On top of that it was illegal to lie to the owner on the "served" Notice of Impound as to the location of his property, his dog. And it was illegal to keep Moses from his owner for 3 weeks.

On December 11th 2019 Sara, Director or Center Valley Animal Rescue Email to Julie St. Marie, Jefferson County Prosecuting Attorney.

Can We Get Prison Time Next Time? What's the point of an appeal when the Judge lets him off? And are you going ahead with that Roady Investigation? Sara NEVER STOPPED Going After Michael Allmain, knowing all the while he was innocent as emails between Julie St. Marie and Sara Penhallegon consistently show.

January 9th, 2020, **4:28 PM** Aaron P. Below is the County Deputy that accompanied Officer Davis on the Call, for some unknown reason, however we do know that sometime later that year, this same Deputy was waiting at the traffic circle out of town for Michael and was said to have pressured Michael Allmain to be an informant, Michael said no and Deputy Justin Coronado allegedly said if Michael did not straighten up he would take his dog.

TO ME THE FOLLOWING SAYS THAT OFFICER WENDY DAVIS WAS NOT AUTHORIZED TO ISSUE CRIMINAL

CHARGES IN NOVEMBER 2020, WHEN SHE DID JUST THAT AGAINST MICHAEL ALLMAIN.

On February 10th 2020 Officer Wendy Davis was designated as Community Service Officer. See document below signed by Wendy Davis and then Chief of Police Michael Evans.
https://drive.google.com/file/d/15d68Ao4h6ntLLy7JocMr1JqSNryMHDS5/view?usp=sharing

I Allege that Officer Wendy Davis Never Had the Authority to take homeless man Michael Allmain's Dog as Evidence in a Criminal Case as she was Designated by the Chief of Police that she, Officer Wendy Davis, does NOT **"have the power of arrest or to issue criminal citations"** Per the Chief of Police Document Linked Below from February of 2020, months before she arrested and issued a criminal citation in the Michael Allmain Case, November 2020. YET these Monsters stole his emotional support dog FOREVER, and convicted him of Abuse and Neglect, and a $25,000 Lien.

The point of this is to show that Deputy Allen went to training after the first May 2019 incident and was not experienced nor qualified to participate in email diagnosing of Moses and he conspired to STEAL Michael's Property. Deputy Allen took over as the County Animal Control Officer via the Michael And Moses "dog saga" in the Port Townsend Leader and the County Administrator Philip Morely seemingly advocating for CVAR then worked with Sheriff to get a specified Animal Control Officer, thing is he was not qualified in my opinion and this led to CVAR Sara bullying ALL and being in charge. He was new and not confident and Sara was acting illegally, and he went along with it and conspired to STEAL Michael's Property, his dog Moses.

Malicious Conspiracy between Deputy Erik Allan, Animal Control and Port Townsend City Cop Wendy Davis, and Director of local non-profit animal rescue in Quilcene Sara Penhallegon of Center Valley Animal Rescue. September 2, 2020 Erik Allen, Wendy Davis, Sara Penhallegon. Michael Allmain Case

More eMails from September 2nd, 2020, just 2 months away from getting MOSES and MICHAEL for Good. This batch of eMails is from Jefferson County Deputy Erik Allen, Animal Control and Center Valley Animal Rescue Sara Penhallegon, and Officer Wendy Davis, as well as the RP planted by Sara, who stalked Michael and took photos of him at QFC, then sent the photos to Sara. Officer Wendy Davis got the stalking photos and sent them to Deputy Erik Allen. THEY NEVER STOPPED CONSPIRING AGAINST MICHAEL ALMAIN AND MOSES. They were Clearly setting him up for Neglect and Abuse of which he was NOT Guilty of and of Which Officer Davis was NOT authorized to prosecute or arrest on. These guys are in trouble someday, if there was ONLY any Law Abiding Official in Jefferson County Washington, however it seems like there is NOT, not in this case at least, so I will be reporting them all to state and federal authorities. September 2, 2020 1:42:55 PM. Jefferson County Sheriff Deputy Erik Allen Clearly Conspired with Port Townsend Police Officer Wendy Davis and CVAR, Center Valley Animal Rescue Director Sara Penhallegon to Get Custody of Michael Allmain's Dog. They Clearly Conspired for quite some time, to STEAL this Man's Property and Set him up for a Crime. And to the Unjust enrichment of CVAR as Keep in mind after these plotters got "Custody", the City of Port Townsend kept Moses, their Evidence in a Criminal Case with the Assistance of the Jefferson County Prosecutors and Charged Michael for It and have a $26,000 Judgement and Michael's dog. Then on March 12, 2021 Judge Mindy Walker, the Court, Ordered that Moses be returned to Michael and CVAR Defied this Court Order, enabled by James Kennedy. And they charged Michael for those fees as well.

Below you See an eMail whereby Jefferson County Sheriff Deputy Erik Allen Clearly Conspired with Port Townsend Police Officer Wendy Davis and CVAR, Center Valley Animal Rescue Director Sara Penhallegon to Get Custody of Michael Allmain's dog Moses. Sounds like Erik is acting as a Vet without a license and conspiring with non-vet Sara over delusions of Gum that are bad. Note here, listen to the Vet testimonies from the trial video transcripts linked further down in this chronology. Moses Gums were healthy. Deputy Erik Allen defamed Michael and conspired to harm him and steal his PROPERTY.

"Thank you, I passed it along to CVAR so the vet that is there today could take a look. Its hard to determine a BCS just based off of that picture. But it appears to be really skinny, has hair loss, and I am going to guess that the teeth and gums are bad. If I had to give it a body score just off of the picture I would think 2 1⁄2 bcs.

It is good to have this picture as a reference for the future because **I think eventually one of us are going to have to take custody of the dog.**

Please let me know if you need any assistance.
Thank you,
Erik

Sidenote out of Chronology. Here is a link to what I am pointing out above, that Prosecuting Attorney James Kennedy KNEW and admitted that the Court Ordered Moses be returned in March of 2021, yet CVAR defied the court order and charged Michael Allmain for that CVAR service too. Sued him and won for $28,000 and got his dog.

“until 3/12/21 based on when the court order that the dog be released back to Mr. Allmain (still unbelievable)” That is Prosecuting Attorney Kennedy ADMITTING that the Court Ordered that Mr. Allmain’s dog was released back to him, yet it NEVER happened. I Allege Deputy Erik Allen violated Michaels right to privacy by sending police photos to CVAR. And that he committed a crime conspiring to steal Michael’s Property.

September 3rd, 2020

On **September 3rd 2020 at 12:21am** CVAR Sara Penhallegon emailed a criminal complaint to Officer Wendy Davis alleging Moses was dull and depressed, and she got photos from the reporting person. Moses may be emaciated but it may be a shadow. If you need a welfare exam, Christine is “good” at “write ups”. So does this mean

we can do a wellness exam with our “volunteer” vet. So Michael was open to an exam as the record shows so what happened? Why did “seizing the guy” become the most viable option? Sara says if money is an option for the city, we can take care of it, I will talk to the board. What? After years after this many for PAY, she can cover it? And cover what really? The vet is alleged to be a volunteer. Click Below to read the September 3rd complaint email to Officer Wendy Davis, and Officer Davis’s response.
https://photos.app.goo.gl/9sWrowfqt2E5emLEA

Here we see the September 3rd 2020 incident report showing that just after Officer Wendy Davis eMails Sara Penhallegon of CVAR back she goes out to find and question the suspect, Michael Allmain and you can see the Source she misleadingly claims.
https://drive.google.com/file/d/18cLkVdwgSU-Wu0mXudgE65anPakic2i-/view?usp=sharing

ON 9-3-2020 12:49 PM the incident report says it was Officer Initiated, however there is a clear record that the complaint originated with the Director of Center Valley Animal Rescue Sara Penhallegon, emailing the Port Townsend Police with a Complaint, and discussed how to set Michael up with a great “write up” from her volunteer vet Christine Parker Graham. Michael continually said yes to vet care, only if he could be there.

The 12:49PM September 3rd 2020 incident report narrative says “ALSO CALM AND FRIENDLY. WE PICKED UP OUR CONVERSATION FROM LAST WEEK ABOUT SECURING VET CARE FOR THEM. TALKED OVER A COUPLE OF IDEAS, AND HE AGREED TO LET ME ARRANGE A WELLNESS VISIT AS
LONG AS HE WAS ABLE TO ALSO ATTEND.”

Per her own incident report Michael agreed to get vet care, yet Officer Wendy Davis went after him for cruelty and neglect, and even abandonment. Clearly there was no neglect or abuse.

Incident 20-5424 9-3-2020 Michael Agrees to Vet Care, incident report discussed above linked below

CVAR, Center Valley Animal Rescue Initiates a Police Incident Report, Yet Officer Wendy Davis says on her Official Incident Report that the Source is Officer Initiated. eMails clearly show that CVAR Sara Penhallegon emailed Port Townsend Police Officer Wendy Davis and lodged a complaint against Michael Allmain that same day and Officer Wendy Davis emailed Sara back then she set out to investigate that complaint, yet again she stalks and harasses Michael Allmain. Officer Davis filed her report that day fraudulently I allege, stating it was an Officer Initiated Incident Report that same Day of September 3rd, 2020.

Here are the September 3rd, 2020 emails from a lodged complaint, Incident CLEARLY initiated by CVAR. And answered, responded to by Port Townsend Police Officer Wendy Davis.

September 8th 2020 Police Incident Report, Reporting Person Nancy G. Karam. Constant stalking, busy bodies and the Port Townsend Police violating Michaels privacy rights and letting members of the public know whatever they want. It was none of their business. Note also in this incident report Officer Wendy Davis notes Moses not “depressed” and Wendy tells strangers she is looking for ways for Moses eval. IT IS NONE OF THEIR BUSINESS. Just because we live in a vehicle does not mean we have less rights. You need a warrant to search a home, a vehicle is a home protected under the homestead act. Yet they searched Michael and Moses often, looking for dog food and whatever they want in his private home of which they need a warrant per recent rulings even if the homeless are in a tent. We have rights.

NOVEMBER 2020

On November 23, 2020 Early afternoon Michael Allmain goes to Sequim for supplies for his camper, finally a place to live. By 3PM Moses had already been captured, taken to the Human Society then immediately to CVAR. Moses was let off his lead. He was on a long runner lead, in a private yard. The bad guys saw Michael leave and unhooked Moses at the long end so that there would be plenty of lead to catch him. Another note here as Officer Wendy Davis kept trying for abandoned, yet Moses clearly had a long lead on him and was NOT abandoned. Anyway the lead and collar was not broken in any way as Officer Wendy Davis testified. It was clear that Moses was unclipped as you would need thumbs to unhook it and nothing was broken.

On the Evening of November 23rd, 2020 Moses, Michael Allmain's Dog, his PROPERTY, goes missing. He contacts Officer Wendy Davis, she states in her deposition that Michael Talked to her the very next day. (Meaning MOSES was NEVER Abandoned, and that Abandonment Statute she wanted to STEAL Moses was Not Ever True.

Dog Park, November 23, 2020 Witness Jean Simmons Calls in Incident, here is that Incident Report 11-23-2020 https://drive.google.com/file/d/1VMiXsvWy8M1gzZURZngqCd9NO-IXNn7Q/view?usp=sharing

November 23rd, 2020 4:30 PM. Officer Davis IMPOUNDS MOSES.

Note Here Folks, Wendy did **KNOW who the OWNER** was and did NOT put it on the Impound Form linked below. Wendy had Michael's eMail and Phone number, he had hers. There is an incident report that Michael called her, spoke to her November 24th, 2020. She was staging an abandoning, yet there is a record he contacted her that day and again on Dec. 6th, as well as contacted the humane society and Chris Ashcraft prosecuting attorney. HOLD UNTIL FURTHER NOTICE IT SAYS. Moses held Hostage again with no end in sight. And No criminal charges filed for a couple weeks. Officer Delivering the Animal says DAVIS. Why No Owner Contact information Given.

On **November 24th, 2020** per the Police Incident Report Below, Officer Wendy Davis speaks with Michael Allmain, this was less than 24 hours and yet Officer Wendy Davis and Prosecuting Attorney Julie St. Marie tried to get Moses on "abandonment".

"11/24/2020 3:44 PM SPOKE TO ALLMAIN " And the very next day does not know who the owner of the dog is, why leave it off of the impound form? Click Below for the Incident Report, look in Narrative at the Bottom. Officer Wendy Davis Spoke to Michael Allmain the day before. Yet did not put his name on the Impound Document, and later

claimed Moses was Abandoned and CVAR owns him, she even sent CVAR Sara the Abandonment Statute.

November 23, 2020, Day Moses was Gone Forever by Officer Wendy Davis.
Animal Cruelty 2 is a Crime, so is this document below a "criminal citation". Or Just a report. How about the probable cause and the closed by arrest? Why bother having Officer Wendy Davis sign that she is not authorized to issue criminal citations when clearly she was and did. This was her case, every time Michael called the police he was referred to Wendy, the case was a CRIME. Here is the Animal 2 Citation. Michael Allmain Suspect yet she is not authorized for criminal investigations ? And note here on this document as well from November 23rd 2020, Officer Wendy Davis knew the owner's name yet did not put it on the impound form and set Michael up for the abandonment statute and CVAR owning his dog, Moses. Of which Officer Wendy Davis basically GAVE to CVAR.

November 23, 2020 Criminal Citation, Suspect Michael Allmain
https://drive.google.com/file/d/1xOtqRP6ybEGFa_cMy-85SGvdFjRr9g5-/view?usp=sharing

Define Criminal Citation: “A criminal citation is used by police in some jurisdictions in order to charge a person with a crime without the need of making a physical arrest.”

Was Officer Wendy Davis Authorized for Issue a Citation, a Probable Cause, and get this guy for the CRIME of Neglect and Abuse? Below again is the contract Officer Wendy Davis Signed with then Chief of Police Michael Evans, that She is NOT authorized to issue citations. Click Below to read the document dated February 10th, 2020.
https://drive.google.com/file/d/15d68Ao4h6ntLLy7JocMr1JqSNryMHDS5/view?usp=sharing
Does Wendy get out of this by referring it to the Prosecutor? She was clearly the instigator and the investigator and her incident reports show here get a criminal complaint of neglect and abuse and checking on Michael for neglect and abuse as she puts this in her narrative, yet somehow she skirts around the actually citation? What?

Indigency Side Not:

On the Day that Officer Wendy Davis picked up Michael Allmain’s Dog Moses “at large”**, November 23rd, 2020.** She puts on the Record that the reason Michael’s dog Moses is Suffering is due to being financially unable, another words indigent and no ability to pay. She worded it

like this **“Allmain and I discussed ways to provide veterinary care for Moses as Allmain is currently transient and unemployed and has limited resources.”**

First of all, how does the above report fit the narrative that Moses was abandoned, she knows Michael and talks all about knowing him, yet tells CVAR that per the abandonment statute they can have his dog?

Secondly and WOW, she clearly says in the narrative above that Michael Allmain’s dog has issues because of Economic Factors. Yet Michael Allmain got a GUILTY Verdict because Judge Mindy Walker said there was no preponderance of Evidence that Michael Allmain was Indigent, or that Economic Factors was an Issue. And Judge Walker said she had no information as to if Michael was employed, yet the arresting report clearly says it all. We saw Prosecuting Attorney James Kennedy adamant about there being NO ECONOMIC FACTOR, yet the arresting report officer said that was indeed a factor, and a big one.

Initial Case Report Narrative, November 23, 2020, above quote is on page ONE.

November 24, 2020 by NOON private citizen Michelle Sanchez gets information from the Jefferson County Humane Society, Officer Wendy Davis, CVAR or some other party that Moses is at CVAR, and she then Posts on Facebook as seen in screen shot below. So the very next morning after Moses goes missing and his owner is frantically looking, even though ALL parties knew who the owner was, they did not contact the owner nor tell him where his dog was later that same day when Officer Wendy Davis spoke with Michael Allmain as the incident report linked above shows. Yet somehow this woman knows? How did this woman know that quickly that someone else's private property was missing? And how did she get information of where that stolen property was, where his emotional support dog, his property was?

November 24th 2020 Incident Report PROVING, not even 24 hours after Officer Wendy Davis Impounded Michael Allmain's Dog, Michael Allmain contacted that Exact Officer, yet she tried to set him up for Abandonment.

Incident Report 20-7039, 11-24-2020. Also keep in mind later in the chronology, prosecuting attorney Melissa Pleiman claims Michael Allmain did not try and get a hold of any of them, flat out lied as an officer of the court.
https://drive.google.com/file/d/11mxvOAUpde--2b8B72nBwNWvCkzsBQVN/view?usp=sharing

Keep in mind folks, Moses was only gone one night and Michael called Officer Wendy, yet she set him up for

abandonment as FOI emails with CVAR show and the statute too.

sidenote:
(January 20 2021 eMail from Officer Wendy Davis to CVAR Sara, Moses was abandoned, the abandonment statute applies, here it is, yet Officer Davis had been in contact with Michael the whole time, less than 24 hours later he called her, they talked, he called again days later, incident reports show all this, so why go for Abandonment statute https://photos.app.goo.gl/rjyA7YSP6YaK7jP36)

sidenote:
(On 3-12-2021 at the Evidentiary Hearing, Prosecuting Attorney Melissa Pleiman says Moses was abandoned, and Michael never even tried to contact the city or humane society. By 4PM on November 24th 2020, Moses, Michael Allmain's Dog was at CVAR, as per the Case Summary Report Below. So now CVAR is a licensed VET, this is a Tuesday? Why not take Moses to a licensed Vet if he had severe enough issues to claim Neglect and Abuse? Officer Wendy Davis made the Call, it was her decision that Moses goes to CVAR. Was this legal, if he needed emergency care was CVAR then a licensed vet for such emergency care? If not an emergency then why not keep Moses at

human society or take to the local Oort Townsend vet instead of Quilcene Wa, the same county 3 towns over, 25 miles. There were a whole lot of licensed vets closer.

Below is the Michael Allmain Criminal Case Summary, Police Report, Probable cause and more. Moses did NOT need “URGENT CARE” and CVAR was NOT a Licensed Vet and Moses SHOULD not have been taken there, AGAIN.

11-24-2020, Officer Wendy Davis Releases Evidence in a Port Townsend Criminal Case, Michael Allmain’s Dog Moses to Center Valley Animal Rescue in Quilcene via an Agency Release to Robert Heck of CVAR. Must have been really bad, not even a Vet Tech signs the intake. Robert Heck of CVAR signs that the Humane Society has no liability? What? How can this guy let everyone off the hook here, wouldn’t that be the owner that would do that. November 24th, 2020.

How does the above report fit the narrative that Moses was abandoned, she knows Michael and talks all about knowing him, yet tells CVAR that per the abandonment statute they can have his dog? And she clearly says in the narrative above that Michael Allmain's dog has issues because of Economic Factors.

Deputy Erik Allen was called to CVAR by Officer Wendy Davis and went to CVAR to meet Wendy to bring Moses, Michael Allmain's Dog, to CVAR. Turns out Robert Heck of CVAR drove to Port Townsend and picked up Michael's property, the Evidence of the Port Townsend Police and took Moses to CVAR, per Officer Wendy Davis's request and release to CVAR of Michael's private property.

Michael Allmain eMails Humane Society, Michael does not know where his property is, meanwhile CVAR is taking Donations for Moses care and letting the general public visit Michael's dog at CVAR's facilities. Prosecuting attorney Melissa Pleimann later claims, at the March 12th 2021 hearing, that Michael Allmain never tried to get his dog Moses, and never contacted the City, County or anyone. She Lied, you could be their next victim, they are your county prosecutor and represent the city in this case, they lie and have no LIABILITY.

Michael continues to contact everyone and anyone, he posts on community pages, he calls the police and everyone he can and is ignored. Others contact the county attorney on his behalf and they are shut down. Meanwhile the public, lynch mob I call them, gets information from government officials and a non-profit about his private property.

This is important as it shows that Moses was NOT abandoned, as this ws 7 days after Moses was taken by the City of Port Townsend Via Officer Davis who was trying to Get Moses on abandonment, this email proves Michael Allmain was communicating with Officer Wendy Davis, and her admitting to CVAR, Sara Penhallegon that she had spoke with Michael Allmain, therefore NO ABANDONMENT.

On December 2, 2020 10:43 AM, Officer Wendy Davis gets guidance from Deputy Erik Allen on what forms need to be in place to ensure that she seizes Michael's dog for good. Deputy Allen assures Officer Davis on the forms he made up from a neighboring county will work just fine, as in his experience the Judge shuts down the defense immediately.

Officer Wendy Davis Probable Cause Statement.
12-2-2020 Probable Cause Statement. Keep in mind the testimony of Dr. Christine Parker Graham, initial intake underweight and skin issues, she also said Moses' condition was chronic and incurable and caused by Allergies of some kind. Listen to all the Vets testify on the Michael Allmain Case on Rumble. This probable cause statement is so FAKE when you factor in all those Public Records eMails that they were conspiring the whole time. Anyway if Interested here is the Delusional Probably Cause Statement used to Set UP Michael Allmain By Port Townsend Police Officer Wendy Davis. MOSES DID NOT REQUIRE URGENT CARE THAT DAY. And if he did then there were a whole lot of licensed Vets long before

Quilcene. The Vets testified that the ear crust was due to allergies. This was worth Michael's life? This was worth $28,000 in vet bills, massive police pay, deputy pay, prosecutor pay, a public attorney, judicial time, city attorney pay, and so much more? WOW Right? Your Tax Dollars in the Hands of MONSTERS.

If An Officer Signs a Probable Cause Statement with the "facts of alleged criminal activity" is that in any way a violation of this document below that she is NOT authorized to issue a criminal citation. There seems to be ways around everything.

December 2nd, 2020. Notice of Domestic Animal Removal. Keep in Mind folks Officer Wendy Davis spoke to Michael in less than 24 hours after taking Moses, yet to Trick him she mailed him a NOTICE, general delivery and did not tell him. FAILURE TO ACT MAY CAUSE YOU TO LOSE YOUR ANIMAL. Michael never got this notice and saw it in court in January. She Tricked him over and over, meanwhile acting as if helping him, feeding him, when he was leary of her, she said he was too proud for help. I personally do not feel there was enough in the probable cause statement to keep his dog forever at CVAR JAIL.

These DEMONS prevented him from seeing his dog, tricked him in fraud on the court and abuse of process. https://drive.google.com/file/d/1vbFe86KmS3AcLbDhjqGGYin6zxpNU9mS/view?usp=sharing

More to Ponder Here about the Probable Cause Statement

December 2nd, 2020 Probable Cause Document Signed by Officer Wendy Davis, this post is about the CLEAR Connection to Proven Documented Economic Factors, right from the start.

Judge Mindy Walker, I Allege, Committed Fraud on the Court as she claimed that Michael Allmain was Guilty and that there was not a preponderance of Evidence in the case that Michael Allmain was Indigent, or that Economic Factors played a role whatsoever in Michael Allmains dog Moses's health issues, yet the Probable Cause Statement dated 12-2-2020, signed by the arresting, charging officer, Wendy Davis clearly says the following:

"Allmain and I discussed ways to provide veterinary care for Moses as Allmain is currently transient and unemployed and has limited resources."

Economics was a Factor All Along. And they all knew it, so Why Lie in a Court of Law to Give a 7 year old dog to a local non-profit? What's the real motive for going after Michael Allmain maliciously for 2.5 years?

Anyway, Judge Mindy Walker claimed there was no information as to employment or financial factors in the case that would allow him the affirmative defense clearly and legally available to him.

Why was THIS DOG, Moses, worth all these Co-Conspirators Careers? Assets? Alleged Crimes? What was so special to them about Moses? We know why Moses is massively important to his Alpha, his bestie Michael Allmain but why did all these "prominent people" risk everything for this ONE DOG?

The Initial Case Narrative became part of the "Probable Cause" statement. Judge Mindy Walker referred to this document throughout the case. The Document says the same thing as the Initial Case Narrative.

So did prosecuting attorneys James Kennedy, Julie St. Marie and Melissa Pleiman read the Probable Cause Statement?

How does the above document fit in with the below document. Officer Wendy Davis must have signed another contract or document with the police chief that nullified the document below or how in the world did she issue a criminal citation, an arrest if not, right? Here is the document again signed by Officer Wendy Davis on February 10th, 2020 and signed by then police chief Michael Evans, stating that Officer Wendy Davis DID NOT have the Authority to issue criminal citations or arrest. I must be missing some changes in what Officer Davis was authorized to do, if I find a new contractual document of her authority to arrest and issue citations I will let you know. For now click below for the document I am referring to that states she is not authorized to do what she clearly did. I

must be reading it wrong. Or missed a change somewhere, again I will let you know if I come up with that.

Chris Ashcraft, your Prosecuting attorney, I allege is guilty of violations of privacy, due process, interfering with a criminal case by emailing private details of it all to whoever asks. Prosecutor Pleimann says this in her "Citation", her Charging Document, "May 20, 2019 and November 23, 2020 as a continuing course of conduct," If it was a continuing, then why not convict in May of 2019, they did have Michael on trial for May 2019 this whole time. The prejudiced Michael Allmain for a past case that was an admitted accident, all agreed as seen in emails, and there were no past criminal charges so to say it was "continuing" or "ongoing" as a matter of law there would have had to be a past history of a crime and there was none. They violated Michaels rights of due process at every step in the road, and even right there in the charging

document they render a guilty for his last “incident” of the accident he had in May of 2019.

“Unemployed and Limited Resources” right there in the original filing document yet he was rendered guilty and the Judge said there was no preponderance of evidence that Michael was unemployed, or financially unable.

December 12th 2020

On December 12th 2020, Michael Allmain Posted this Statement on Facebook
“The city took my service animal from me , the community I used to call home and worked for lived in and respected over 15 years has failed me ,

I will hold everyone involved responsible from the infiltration of activists who would rather spend thousands keeping tabs on me and stressing me out to the point of considering suicide, then to be a caring community and put me to work , to the non licensed for domestic animals vet he should have not been sent to but the owner has wanted him for over a year and put her money to work to bully ,rob , and ruin my life , to the ones who ignored and avoided all contact with me for 2 weeks acting more like thieves then professionals, as well as the few (un mentioned) member's of law enforcement who gained my trust just to strip the only thing I had left right as the holidays were around the corner ,

I had no idea humanity could be so cold , my dog was taken care of never went without food or water and every instance the could bend the truth and deceive the higher ups they took but they aren't getting any consequences for psychotherapeutic invasion tactics forced on me and my service animal, I will be a good boy and jump through the political hoops with there teams running the show but if that fails I am going to exercise my right to protest and go on a hunger strike until my companion is returned or until the inevitable occurs,

I'm tired of being an escape goat for people's fears and entitlement and without my dog and the way my community attacks me again and again I have no reason to stay around and watch humanity fail , to support me repost this as they will remove it knowing I'm telling truth and in the meantime while I await court I plan to go out of county and get a mental health assessment (Again) and another IQ test to show I am 100 percent sane and have an IQ of over 180. I also posted this would happen many months ago and my concerns for the people-groups that were following me and plan to put a stop to it either with the truth or with my life I am not the only one who suffers from the hands of uptown thugs and won't rest until justice serves truth”

Michael Allmain also said this on the site today:

“I did see that I believe my post was removed as was the post I sent to cvar's website after the accident of moses and my reunion that they took down saying it was to graphic though they had posted bloody pictures of him and those were not , they then

infiltrated my life everyday after that intending to use psychotherapy practices to make me look insane and nearly succeeded until recently I went to get our home situated and someone trespassed in the yard he was staying and set him loose , he then went straight to the dog park to play and was apprehended, if my dog wasn't publicized and such an amazing and extremely well mannered disposition none of this would be happening but everyone wants my animal because I raised him well and spent years training him ,

I think his disposition alone reflects the truth in how he was cared for , but again people with money and entitlement judge me from there own delusional thoughts and fears and again we suffer at there hands because politics and wealth persuade many people over love compassion respect and truth , but no more this time I'm standing up for myself and my remaining family member and am going to put a stop to it one way or another its unfortunate we even have to 15 years ago when I moved here it was a much different place since then my entire family besides 3 have passed and the remaining are not with me and the support I get from the community is less then I would receive in a freaking prison, and it really makes life unpleasant every second of every day.

I've never treated another human being wrong even if they deserved I've alway carried myself honesty and with empathy, CVR never once returned a call and wouldn't even give me his bill I had over 500 dollars from a go fund me page that I respectfully returned all the money to the donors without taking a penny , being homeless at the time I think that also speaks volumes about my character, but we look I've in a world that only wants to see drama in everything they do to avoid all there shortcomings rather than admitting the truth”

December 15th 2020, OlyCap Director Kathy Morgan eMails Chris Ashcraft regarding me, Crystal.

It was not about OlyCap having relation to the dog, it was about OlyCap not helping homeless but keeping them homeless at the time and she copies the shelter guy, meaning the one who runs the shelter in Port Townsend.
Of which I have stayed and interviewed people over 7 years. The conditions are horrific, discriminating, toxic and violate human and constitutional rights, I tell them they ignore and prejudice me. Others tell them, they ignore them as well, prejudice against the sector of society they allege to help, the Homeless of Jefferson County, and OlyCAP is in the way of other non-profits actually helping the homeless as they get the government grants to help, but don't and when others try they are told no funding for them because OlyCap is doing that in this county, yet they are NOT.
Here is the Email Exchange, keep in mind by this date, it is an OPEN Criminal Case and violates Michael Allmain's rights to a fair trial by the Prosecuting Attorney discussing his case with private members of the public, even those who are directors of PRIVATE non-profits receiving PUBLIC government grants.

When Chris says "ended up with his dog." that means STOLE it the SECOND and Forever time.

Jefferson County Prosecuting Attorney Chris Ashcraft Forwards the Above eMails, about the Crystal Lady telling Untruths, to Prosecutor Melissa Pleimann and Prosecuting Attorney James Kennedy. ASHCRAFT says I, Reverend Crystal Cox, he calls “this woman” and claims I am spreading “falsehoods”. Meanwhile Michael is

fighting for his life and they have stalked him, harassed him, taunted him, set him up and took his dog at this point, and this prosecutor emailed Kathy Morgan of OlyCap about an OPEN criminal case and there by prejudicing the then Defendant Michael Allmain, case dismissed right there.

Jefferson County Prosecuting Attorney Chris Ashcraft Says:
“Nothing we can really do to stop this woman from spreading falsehoods but it’s good to know what
is being said about us.”

December 16th 2020 Michael has email correspondence with County Attorney Chris Ashcroft, he is told he can't talk to him because a criminal case has been filed. So WHOSE responsibility was it to notify the OWNER as per this leader article they admit they have to.

Again Keep in mind where soon after this, Prosecuting Attorney Melissa Pleiman said flat out that Michael had not contacted the city, or the county, the human society or anyone and the record shows he contacted them ALL. And those in the Prosecutor's Office.

December 31st, 2020 Officer Wendy Davis writes up a report regarding the CVAR bill and the invoice of CVAR vet Christine Parker Graham for “restitution” from December 22nd, 2020. Also Officer Wendy refers to sending Michael Allmain a Certified letter on December 7th, 2020, keep in mind she knew how to contact him and he had called the police about his dog within 24 hours and more than once. She was going for the “abandonment” statute so she sent a certified letter to confuse Michael and set him up. Also Keep in mind. CVAR Vet Christine Parker Graham testified under Oath that she was a volunteer vet, yet submitted invoices to the city and to SUE Michael Allmain for her services he had NOTHING to do with.

https://drive.google.com/file/d/15FlGjpyTNuTrtixHpAOAMD2Z9F1xJzSZ/view

Michael Allmain tried to get to his dog for months, not even allowed a visit. Then on FRIDAY February 19th, 2021 Port Townsend City Officer Wendy Davis mails

Defendant Michael Allmain a Legal Remedy to redeem his PROPERTY, his Dog Moses. The law in the letter says it is supposed to be sent in a “feasible” amount of time, I allege this was not sent to Michael Allmain in a feasible amount of time, as matter of law. Anyway, 3 MONTHS in a letter is mailed to notify the property owner the LEGAL Remedy, as a matter of law to redeem his property.

Video of Reverend Crystal Cox on February 21, 2021 at the time it happened, Discussing the City of Port Townsend Officer Wendy Davis Letter Officer Wendy Davis City of Port Townsend .FINALLY 3 months in the City of Port Townsend Notifies Michael Allmain they have his dog and how to get it back. (SPOILER ALERT IT IS A LIE.)
https://odysee.com/@ReverendCrystalCox:2/officer-wendy-davis-city-of-port:3

Was it Lawful to provide a REMEDY to retrieve the property, the emotional support dog 3 months later? The law, as stated in the Remedy Letter above that the REMEDY has to be provided within a "feasible" amount of time, is Feasible a legal term? Does 3 months, and after a $11k Vet Bill (at that time was 11k ended up at 28k) racks up, seem FEASIBLE as a matter of Law?

Is it Lawful to then finally give this Remedy, state the EXACT Total Amount to be paid to redeem your PRIVATE PROPERTY, YOUR Emotional Support Dog, and then when you meet their REMEDY Demands, as a matter of law, they change the TOTAL and add more to the REMEDY? Was this lawful? IF SO YOU ARE NEXT.

Center Valley Animal Rescue Extorting the Port Townsend Homeless? UPDATE on the Michael All and Moses Story posted at the time by Reverend Crystal Cox.
February 22nd, 2021. UPDATE on Michael getting the Money to Pay the Requirement to Get Moses Back as per the Legal Remedy letter giving him 5 days or else the City of Port Townsend can adopt the dog out or destroy it as per the Legal Remedy Letter sent MONTHS after the City of Port Townsend Impounded Michael's dog Moses on November 23, 202. Michael Comes up with the MONEY and the Change the story and Keep his Dog. They did not think he could come up with the money that is obvious.
https://odysee.com/@ReverendCrystalCox:2/center-valley-vet-extorting-the-port:7

On MONDAY **February 22, 2021**, MIRACULOUSLY, homeless man, Michael Allmain has someone offer to loan him the Legal Remedy stated in the legal remedy notice, the $2556 in order to redeem his property, his family, his Dog Moses. Michael contacts his court appointed criminal attorney, who then contacts Officer Wendy Davis and tells her that his client has the money (ya know the LEGAL REMEDY can be fulfilled per LAW) and she allegedly acted surprised, I allege she did not think there was anyway for this

homeless guy to come up with the $2556, so they would keep the dog and the issue would simply go away. So she allegedly said something like, well, I am not sure I will have to check with CVAR and see if they have a lien or any expenses. Ok So NOW the "Legal Remedy" has changed? IS THIS LAWFUL? Is this how it works for everyone, or just for us homeless folks?

After this Port Townsend Police Officer Wendy Davis contacts Center Valley Animal Rescue and they have their attorney Adam P. Karp of Bellingham email a lien, basically just an invoice, not a court filed, adjudicated document or ruling, and they used this invoice of CVAR's expenses as a faked lien until the real lien was filed in June of 2021, and adjudicated in October 2021 long after the TRIAL was over. They used the invoice titled LIEN to KEEP Michael From his Dog Moses, and at the unjust enrichment of Center Valley Animal Rescue, a Washington State NonProfit.

Keep in mind the eMail where Center Valley Animal Rescue Director Sara Penhallegon asked Officer Wendy Davis if she should file the lien.

On **December 29th, 2020** Sara Penhallegon of CVAR asks Officer Wendy Davis if she should file a lien against Michael Allmain's property, his dog Moses. Click Below to Read.
https://photos.app.goo.gl/4eeTZfz9TFkPf6VKA

And remember on May 20th, 2019 when Prosecuting Attorney Julie St. Marie said CVAR, Sara Penhallegon should file a Lien, that is linked below to remind you.
https://photos.app.goo.gl/uB3JpaoizgAHNogZ8

Ok so that phone call with Michael's attorney and Officer Wendy Davis letting her know he has the remedy where can he pay and where is the dog, oh and MICHAEL did not know where MOSES was until that moment when Officer Wendy Davis said she would have to see if CVAR has a lien. Though so many other people, Not the Owner, knew all along.

LATER THAT SAME DAY. On MONDAY **February 22, 2021**, Magically CVAR did have a Lien, well I allege they had one on the standby in case they needed it to ensure they keep the dog while they set the owner up for criminal abuse and neglect charges and steal his personal property, harass and torment him. THE LIEN HAS THAT EXACT DATE OF FEBRUARY 22, 2021, that evening at 7PM emailed to parties by CVAR attorney Adam P. Karp (remember meeting him in May of 2019 on the CVAR Vigilante Lynch Mob Thread whereby he suggested the premeditated lien)

Here is the Later that Same Day Lien (after 3 months), Notice of Lien in eMail exchange, keep in mind it GROWS to $28,000 by Fall.
https://drive.google.com/file/d/1qM2zxG677VyCwqA0BH3SqqpPHoy6ZEft/view

So after 3 months Defendant Michael Allmain is given a Legal Remedy by the City of Port Townsend, and when he meets this Legal Remedy (by Statute, as a Matter of LAW), the City of Port Townsend Officer in charge contacts CVAR and gets them to enact their pre-meditated lien to keep the stolen property, I ALLEGE.

More emails, reports and Facebook Screenshots regarding the premeditated lien.

Keep in mind with the above, Officer Wendy Davis did record Michael Allmain at QFC, there is an incident report that day, but no officer cam footage as apparently Officer Davis claimed it was not related to the criminal case, or it was 60 days after and so it did not exist. However, the incident report does say that Michael agreed to vet care. The recording would have shown Michael saying he was scared of CVAR taking his dog and after this Officer Wendy Davis enabled, co-conspired with CVAR to take Michael Allmain's Dog Moses FOREVER.

Here is the Incident Report, no mention of CVAR but does prove Michael was willing to get Vet Care. Click Below to read.

February 24th, 2021

On February 24th, 2021 Michael Allmain, via his Public Attorney Nat Jacobs filed a court motion Called PETITION AND MOTION FOR RETURN OF ANIMAL. This came after the Legal Remedy Letter that Officer Wendy Davis sent Michael Allmain, and then after the conversation she had with Michael's attorney and with Michael regarding having him having the money to get his dog back, as was legally served to him via Officer Wendy Davis and apparently the City Attorney. Michael Allmain came up with the $2500 that Officer Davis said, in her Legal Remedy Letter served on him, what he needed to do to get his dog back, and when he did she changed the story, the legal letter to get your dog back in 5 days or we adopt him out or kill him, changed to, well CVAR has a lien, and therefore **YOU NEVER GET YOUR DOG BACK**. Keep in mind in **December of 2020** CVAR asked Officer Wendy Davis if they should put a lien on Moses, Michaels dog, and keep in mind the lien now alleged was NOT filed, did not legally exist and was in NO WAY Adjudicated at that time.

Michael's lawyer filed this motion to attempt to save Moses, and to return him to Michael. And to ensure that Moses was not adopted or neutered. Spoiler Alert, over the next 3 hearings it is made Clear that the court ruled that MOSES, Michael Allmain's dog, his property be returned to Michael on Conditions. Michael bought several large bags of dog food, he paid vet bills in advance, he got a place to live and the court ruled that he had proved he could take care of Moses and the COURT released Moses to Michael. He Met ALL the Conditions. However Center Valley Animal Rescue, with the assistance of the Port Townsend Police and the Jefferson County Prosecutors CVAR, kept Moses against Court Order. They justified it by claiming a lien that had not yet existed in the courts, and had not been adjudicated yet at this time.

February 26th, 2021

On February 26th, 2021 there was a Hearing regarding the above filing titled, Petition and Motion to Return Animal.

Jefferson County Prosecuting Attorney Julian Elizabeth St. Marie, Jefferson County Melissa Pleimann - Deputy Prosecuting Attorney, Nat Jacobs for Defense, Michael Allmain Defendant. Judge Mindy Walker Presiding.

You will see in this hearing linked below how confusing Port Townsend Police Officer Wendy Davis made getting Michael's dog back. She was emailing CVAR regarding the abandonment statute, talking of the lien, talking about criminal charges of neglect and abuse. She was giving Michael hoops to jump through, he did and then NO DOG. This Hearing and the next one, the Evidentiary Hearing was regarding this same Motion, with the Goal of Getting MOSES back to Michael.

However, Center Valley Animal Rescue is above the law and enabled by the law to break the law and defy a court order so Michael did not get his dog back after these hearings and CVAR racked up more BILLS to sue Michael for and eventually litigate that premeditate, then threatened lien, Get a Judgement, and sell Michael's dog Moses to themselves for $1000. Of which Michael could have easily paid in October of 2021 when they finally faked, staged, this CVAR Auction for Moses, to sell Moses to themselves, not even fair market value and breeding rights money, at LEAST $1000 a puppy. Research the value of timber wolf hybrid puppies and breeding fees. They wiped out Moses' Economic value after they destroyed the Emotional Bond.

Center Valley Animal Rescue DEFIED a Court Order and the Record Proves that the Prosecutor acknowledged the court had ruled Moses be returned to Michael and that he, James Kennedy and CVAR deliberately violated that court order.

Here is an email below, out of chronology, to show you Prosecuting Attorney James Kennedy admitted that Judge Mindy Walker, the Criminal Court Judge ruled that Moses be Returned to Michael and the Prosecutor enabled the NonProfit CVAR, Center Valley Animal Rescue Sara Penhallegon to KEEP Moses Illegally, I Allege.

“until 3/12/21 based on when the court order that the dog be released back to Mr. Allmain (still unbelievable)” That is Prosecuting Attorney Kennedy ADMITTING that the Court Ordered that Mr. Allmain’s dog be released back to him, yet it NEVER happened.

COUNTY ADMITS CVAR HAD NO LEGAL RIGHT TO HAVE MOSES, Michael Allmain's property. Thereby admitting LIABILITY and WRONGDOING.

By March 11, 2021, Center Valley Animal Rescue already had Moses for 5 months by this time. This email below seems to be CVAR Sara Penhallegon admitting that she had NO AGREEMENT with the COUNTY or CITY and yet she had MOSES, Michael Allmain's property. I Allege she had Moses ILLEGALLY yet again. Click Below to Read Email Exchange. No Agreement, County Commissioners knew, yet CVAR had Michael Allmain's property.

Subject: Interim working agreement

Dear Mr. Brotherton and Mr. Morley, Thank you for your assistance with this question of domestic animal medical care in Jefferson County.

We understand the Humane Society of Jefferson County is OK with CVAR accepting dogs and cats in need of medical care when requested, even as **the current county code may not specifically support this action.** This is an interim solution until the county code can be reviewed and modified as needed.

Would it be possible to get something in writing covering this so we act accordingly and there are not further misunderstandings? A couple of sentences in an email would be fine. We are just concerned that we all working off the “same page”.
We appreciate your efforts in resolving this issue.

Thank you..!!!

March 12th, 2021

On **March 12th, 2021** there was a hearing on the Petition to Return Animal, the first part is determining whether the hearing is relevant or allowed per court rules, it was determined “allowed”. The next part was Evidence brought by Michael Allmain’s attorney Nat Jacobs to show that Michael Allmain could take care of his dog and had taken care of his dog. I, Reverend Crystal Cox testified at this hearing and it was the second time I met Michael Allmain.

At this hearing Prosecuting Attorney Melissa Pleimann claimed that CVAR was not holding Moses as Evidence, that Moses, Michael Allmain’s dog was not Evidence Judge Mindy Walker Said YES Moses is EVIDENCE.

What is the Relationship Between the City of Port Townsend And CVAR, Center Valley Animal Rescue who is acting as an Agent for the City in this Case? Also was Moses Abandoned? Did Michael Allmain contact the City?

What is the Relationship Between CVAR and the City of Port Townsend? Does the City of Port Townsend have an Agency Relationship with CVAR, Center Valley Animal Rescue?Was Michael Allmain's Due Process Violated? Did Michael Allmain Really Commit a Crime?

How To Use the Civil Courts to Get Your Way in the Criminal Courts.

Did Jefferson County Prosecutors, the City of Port Townsend Attorneys, and the Port Townsend Police along with a County Commissioner, the Sheriff, and other Law Enforcement Conspire to Set up a Homeless Man for a Crime he DID NOT COMMIT, and Steal His Private Personal Property, his Emotional Support Animal? Was Officer Wendy Davis conspiring to set up a homeless man and steal his emotional support dog, KNOWINGLY? Is the City Liable, Prosecuting Attorney Melissa Pleimann says they are.

Judge Mindy Walker starts the hearing by asking **if Michael has received Moses back, as if she has nothing to do with it. CVAR held Michael's Dog against court order.**

All that and more in the Hearing Video Transcript Below.

Judge Mindy Walker SAYS when the Michael Allmain Case Became CRIMINAL
https://rumble.com/vo5wjy-judge-mindy-walker-says-when-the-michael-allmain-case-became-criminal.html

Michael Allmain Case. From the Evidentiary Hearing March 12th, 2021. Prosecutor Melissa Pleimann, Making sure the Court has the Power to Act, if We have a hearing today. Yes Hearing was Granted. City Attorney Heidi Greenwood SAY Nothing. City Code is Applicable so THERE IS NOTHING THE COURT CAN DO IN THE CIVIL SIDE OF THIS. They seize the Dog, premeditated, then place a lien from faked, forced, premeditated Vet Bills. Holding Under Civil Code YET Evidence in a Criminal Case. Officer Wendy Davis Seized the Animal. Remembering that Judge Mindy Walker RULED Michael Indigent and gave him a FREE ATTORNEY.

There is a Jumble of Notices by Wendy, though she knows where to find Michael, she is trying to set him up for Abandonment, yet there are incident reports that prove Wendy was in contact with Michael within 24 hours. Also about the Legal Remedy from the City of Port Townsend, ya know the one sent 3 months late and said a reasonable amount of time. What a Sham right?

The Maze of how to Retrieve the Dog. Click Below to watch
https://rumble.com/vnszev-3-12-2021-evidentiary-hearing-reverend-crystal-cox-commentary-part-one.html

Court left it that day at Michael getting his dog returned to him, based on conditions. In the Hearing below on 3-28-2021 it was RULED by the Judge and agreed upon by Prosecutor Melissa Pleimann that Michael Allmain was in compliance and had met those conditions. Melissa Pleimann wanted those conditions, which she herself made up in the Evidentiary hearing of 3-12-2021. Yet once agreed he complied, the Jefferson County Prosecutors and the City of Port Townsend Law Enforcement holding Evidence at CVAR, allowed CVAR to Keep Moses in direct defiance of a court order.

CENTER VALLEY ANIMAL RESCUE DEFIES A COURT ORDER TO RELEASE MICHAEL ALLMAIN'S PROPERTY TO HIM.

Sidenote here, besides the Judge seen in these hearing releasing Moses, Michaels dog by order of the court, you see her sign the order in the hearing, and the Court Order Released the Evidence in the City of Port Townsend's Case against Michael Allmain, we also have the Prosecuting Attorney, James Kennedy admitting that HE and CVAR knew the Judge released Moses March 12, 2021 and THEY directly, deliberately, knowingly, maliciously defied a Court Order in Criminal Case to release the Evidence to the

Defendant. And did so knowingly. Here is that eMail to remind you, Click Below to Read https://drive.google.com/file/d/1i9haiD1UTvDbqxmFKlU22Wr6QgpsMY1m/view?usp=sharing

March 2021

from March 2021 NextDoor site Message to me, Reverend Crystal Cox, from Witness Kate MacMillan the day Moses was taken from the Dog Park.

"I happened to be at the dog park the day in Nov. that Moses showed up on the outside of the fence, trailing some sort of lead. He seemed to me to be **"looking for someone"**. He was well behaved, and although I did notice that he had some skin issues, **I did not notice the kind of distress that's being suggested, and he did not appear to be in pain.**

Someone at the park recognized him and called the police. They arrived fairly soon and took him with them, I assume, to JCHS. **It was clear that the person who called the police, and the police as well, were familiar with the dog**, and I heard the general **story of his previous unfortunate accident**, and that he **belonged to a homeless person.**

I said to the police when they left, that **I would like to help financially with care for the dog**, not knowing the extensive list of concerns that I've now seen listed. I had always wondered what became of the sweet dog I briefly encountered. I say sweet, because in just the few minutes I saw him, **he was calm and seemed well socialized,** even if he did look like he had skin concerns. **He did not appear excessively thin, at least to my eye then.**

I have had only one significant experience with the Port Townsend Police Department, and it was unsettling, upsetting and my traffic court experience was the most unpleasant experience I've ever had with an arm of government. I was treated in the most disrespectful way I've been treated at any time in my 76 years. A former school teacher, who lived in a privileged community, I moved from upstate NY about 8 years ago to be closer to my cardiologist daughter who lives with her family in Seattle. Having had that experience with the police, and seeing no recourse for my distress, I couldn't help being **concerned about the treatment Michael is experiencing.** I've owned dogs my entire life, and my family now consists of essentially me and my dog. He is vitally important to my well being.

I would like to help in some way. I am able to contribute something financially, and I certainly want to see Michael and Moses reunited. I do want to be sure that Moses gets the care he needs, and that Michael gets the help he needs in caring for Moses.

Michael Allmain's mental anguish is severe by this point and we are praying daily together, and working through his grief of losing Moses. He is done and finding it hard to have a will to live on this day and he posts this on a community social network site called Next Door

Michal Allmain Posts The Following:

“I'm about to just give up I've lost hope In this community and humanity. if something were to ever happen to me make sure my daughter knows the truth and nothing less that's my only wish”

Sidenote here: I have more evidence of Michael Allmain’s Mental Anguish for a Civil Attorney for a Case against all the Co-Conspirators, i will not be posting all of this online, email me at ReverendCrystalCox@gmail.com for that information.
In Case you are Wondering just how DARK and Lawless your Jefferson County Prosecutors are. I, Reverend Crystal Cox, put out videos at the time about Michael’s mental anguish over THEM stealing his dog. I cry and plead for his life, Melissa Pleimann emails Chris Ashcroft and makes fun of me spelling his name wrong, that is how much they cared about this man. Anyway, Michael Allmain had a thread on NextDoor about ending his life and making sure his daughters knew the truth. YOUR Prosecuting Attorney Julie St. Marie, the ONE causing the Mental Torment to Michael and conspiring with Sara Penhallegon of Center Valley Animal Rescue, is in the THREAD.

She says there are public records and that the community should not overreact without information. She had total disregard for the POSTER, Michael Allmain contemplating taking his own life.

THESE PEOPLE ARE MONSTERS. You Pay Them. They Gaslighted him daily and made him look crazy, driving him to near death and inciting a violent mob after him daily. No kidding, there are police incident, reports, emails and more “public records” proving it. Here is the Thread from March of 2021. These Monsters NEVER considered Michael's life, NOT one time. Nor his daughters.

They NEVER once considered Michael Allmain as a living, loving, breathing being. They did NOT care if Michael Lived or Died and showed it viciously and consistently for years. All FOUR County Prosecutors, Sheriff Deputies, Commissioners, and a hundreds of people incited by Sara Penahallegon of Center Valley Animal Rescue. I Have Seen the FOI emails, THEY are the Bad Guys, tons of proof. Here is the NextDoor thread where Michael may have died within days. DEMONS they are Pure Dark.

Prosecuting Attorney Julie St. Marie Puts on the Record that WE KNOW THAT Michael Is INDIGENT that is Why he has a Public Attorney. And the Unfairness to CVAR. This Clip also shows that over and over Julie St. Marie tries to claim Moses was Abandoned (see 2:22 timestamp and 1:59) and keep in mind Moses was NEVER abandoned and spoke with Officer Davis the very next day as this chronology of evidence clearly shows. This clip also speaks of LIABILITY for the State, and NOT representing CVAR at timestamp 2:14. At 2:18 Timestamp, Judge says this is the first time that Future Costs have been addressed. Restitution should have been the way the state recovered cost and NOT a Lien and Foreclosure.

2:19 Michael Allmain is a party to a criminal case and whether the dog gets returned we don't know the outcome of the case. 2:21 not allow alter or adopt out. 2:21 Julie readdressed the subject of Seizure, Judge makes it clear that regardless of how Moses was seized he is Evidence in a criminal case. 2:05 Mr. Allmain has not had his due process. March 31st 2021

On **March 31st 2021 Prosecuting Attorney** Julie St. Marie Joined the NextDOOR thread where Defendant Michael Allmain was pleading for his life. She did NOT let it be known that she was the prosecutor in a then OPEN Criminal Case.

Here is a Video I made before the NextDoor post was Deleted in October of 2021 when I posted “source documents” and “public records”, and Michael commented and the Post was Deleted, having been there for 7 months.

Julie had the site administrator delete the site on the grounds that it is an “ongoing case”. Michael was ruled GUILTY in July 2021 and they Auctioned off his Dog in October 2021. Click Below to Watch.
https://rumble.com/vocc17-prosecuting-attorney-julie-st.-marie-never-cared-whether-michael-allmain-li.html

In October of 2021, Tom Christopher NextDoor Site Moderator removed the POST Thread entirely and says it is an ongoing case and does not belong here and that people complain about Michael’s post, he does not want any favoritism or manipulation to be implied. Good Luck it’s sad but private communication is best. Click Below to Read this communication to Michael when the post was deleted.

Vet Christine Parker Graham Deposition

Michael Allmain Case April 23, 2021, Christine Parker Graham Deposition, Reverend Crystal Cox Reading and

Commentary. I allege that Dr. Parker Graham violated State Law, did not have the owner's Consent, and that she is Liable.

Dr. Christine Parker Graham made the medical decisions for Moses, Michael Allmain's property. She determined he was strong and healthy and with healthy gums, he had allergies causing skin issues and ear issues. Her Vet license is the one that made the decision to use medical treatments on Moses that had a "risk" and did not get the KNOWN owner's consent. After the Sedation and the anesthesia, Moses, the half timber wolf hybrid dog, then had a "murmur", and they added that to things Michael Allmain had "neglected". CVAR and their "volunteer" Vet made medical decisions for someone else's dog, with KNOWN risks. MOSES did not have issues of Emergency and the first Vet to see him after Officer Wendy Davis STOLE Moses, well here is her Deposition (this is different than her court testimony videos I did, be sure and see them as well to get a picture of What Michael's life was worth, just what injuries are worth what these Co-Conspirators did to Michael Allmain and his family.

Part TWO Christine Parker Graham Deposition, Reverend Crystal Cox Reading and Commentary
https://rumble.com/voqqxa-part-two-christine-parker-graham-deposition-reverend-crystal-cox-reading-an.html

I allege that Dr. Christine Parker Graham committed perjury, and fraud and was a co-conspirator in theft of property, and that she caused health issues in Moses, Michael Allmain's dog of which the second time CVAR got Moses, they had a Vet take care of him, that Vet was Dr. Christine Parker Graham, at this point, being licensed, she was responsible to follow Vet laws, ethics and state code of which she did not. She performed unnecessary dangerous sedations, she did not have the owner's consent and she caused heart issues in Moses as admitted in her deposition.

The deposition states there was no heart murmur until she put Moses under unnecessary risky Anesthesia. Moses, then he had a heart murmur, as seen in her deposition. It was unnecessary as the record already showed that Moses did not need sedation or Anesthesia when his owner was present, they, she, cruelly kept Moses owner away from him in his time of need and illegally performed medical treatment without the owner's consent.

Here is Dr. Christine Parker Graham's Deposition (the heart murmur is discussed on page 13, I Allege Graham caused the murmur, as deposition suggests)

Sara Penhallegon, Director of CVAR Deposition.

This Deposition is Flat Out Full of Lies, knowingly providing false evidence in a criminal case. I allege this is fraud on the court and this directly financially benefited CVAR and Sara Penhallegon. Keep in mind when Sara did this Deposition, there had been a court order the month before to return Moses, Michael's property to him and this court order was directly defied by the Jefferson County Prosecutors in the Case and by Center Valley Animal Rescue and Sara Penhallegon who had no legal right to have ever had Moses as they had no licensed Vet the first time and this second time they had no contract with the city or county and by law had no legal reason to have held Michael Allmain's property, and without him being able to know where his property was, nor comfort his wolf dog he had raised since a puppy.

Michael Allmain Case. **April 28th 2021 Trial Confirmation Hearing**, Michael's Public Defender Nat Jacobs, asks the Court Yet Again to Preserve the Evidence. The Evidence is HIS DOG Moses as this same Court has Ruled Over and Over TO BE EVIDENCE and NOT Abandoned. As per the probable cause statement, and proof Michael contacted Port Townsend Police Officer Wendy Davis immediately. Here you see proof of premeditated intent to place a lien in the future, willfully with intent, through the Civil Courts, (abuse of process, fraud on the courts) and sure looks to me that CVAR is getting Legal Advice PAID by Jefferson County Taxpayers, from Jefferson County Prosecuting Attorney Julie St. Marie to steal a homeless man's property, his dog, and destroy his family maliciously, all the while knowing Michael Allmain was innocent as their emails clearly prove. Keep in Mind Folks This Violent Gang Stocking Lynch Mob Nearly Killed this Man, and they are Your Government. May 5th 2021

The Following is Important to this Chronology as this hearing, this moment in time, is what made it so that Julie St. Marie was no longer a prosecutor and therefore Prosecutor James Kennedy took over the Michael Allmain Case after this.

On **May 5th 2021** there was a Hearing on a Case that Prosecutor Julie St. Marie was involved in, for some reason it was included in the Michael Allmain Case Video Transcripts, so I watched. It was regarding a case that had gone on for quite some time and finally got FINAL Trial Confirmation, however OOPS Julie St. Marie Forget to send out the Subpoenas and the Trial is in a few days, oh and well Julie is not available for that date anyway, conflicting schedule and all. You can play the clip at the link below.

Julie Says the State Can Prosecute the Case how they Want. She Admits to Egg on her Face.

Ms. Powers wants the state to pay the costs associated with the Jury change and let's the court know she is filing a Complaint in this Matter. She says she is filing CrR 8.3 Motion and notes Governmental Misconduct. Ms. Powers says there is no grounds for continuance as Ms. St. Marie had already asked for a continuance to serve subpoenas and did not so there is no ground. Ms. St. Marie does not know she has to put the subpoenas in the Judge's file, and Judge Mindy Walker suggests Julie check out the Rules.

Prosecutor Julie St. Marie admitted Government Mismanagement. The Judge Refuses the Continuance.

Center Valley Animal Rescue files a Civil Lawsuit against Michael Allmain in Jefferson County Superior Court through their Attorney Adam P. Karp. I allege this lien was illegal, and was

premeditated to steal Michael Allmain's dog Moses and for Vigilante Justice, in order to attempt to use the Civil Courts to control an outcome in a Criminal Case.

I do not know if Mr Allmain receives food stamps or any other social benefits that would be an indication of indigency. I do not know if Mr. Allmain is Employed or Unemployed. AFTER THE HEARING AND MICHAEL ALLMAIN IS RULED GUILTY WITH NO AFFIRMATIVE DEFENSE, Prosecuting Attorney James Kennedy emails CVAR Sara and her attorney Adam P. Karp. Kennedy is clearly advising CVAR in this matter. CVAR seems to be the Client and not the City of Port Townsend or the State.

July 13, 2021 Kennedy to Karp

“The judge found that the defendant hadn’t presented sufficient evidence for the indigency defense”

“Good Afternoon,
Today the judge found Mr. Allmain guilty of 1 count of animal cruelty. The judge found that the defendant hadn’t presented sufficient evidence for the indigency defense (which both parties agrees was available to the defendant because the allegations go back to 2019).

However, Mr. Jacob then said that he realized that he hadn’t discussed his client’s indigency to the detail he needed to and that it was probably ineffective assistance of counsel, but that he would be happy to re-open the trial right now so that his client could testify as to his finances. I objected and the court said it would take it under advisement and set sentencing to this Monday. That said, do you know if CVAR wants to request restitution for the case? I don’t know if doing so would impact your lien. If CVAR would like restitution do you have an idea of how much to request?

I AM NOT SURE WHO GOT TO JUDGE MINDY WALKER. I am Sure that you Cannot Legally Have a Public Attorney in Court Without a RULING of INDIGENCY.

How Can Judge Mindy Walker Render a Ruling that Michael Allmain is Not Indigent and the Affirmative Defense Does not Apply to Him, when she is Looking Right at Michael's Attorney, that the County is Paying for as she RULED Michael Allmain Indigent, Financially Unable long ago.

Who is Paying Michael's Attorney Nat Jacobs in this Very Moment that she says Michael has not proven he is financially unable or indigent? YOU Are Jefferson County. You are paying Nat Jacobs because Michael proved he was unable and this VERY COURT, in this VERY Case RULED Michael H. Allmain Indigent. WOW Right.

Clear Fraud on the Courts. Clear Blatant Corruption, and Why? This Video takes a look at the Verdict again and the FORM that YOU would have to fill out in order for the court to rule you Indigent, Unable to Pay and Award you, Appoint You a Public Attorney. Something is Wrong Here Folks, HE can't be Financially Unable and Financially Able at the same time and with a FREE ATTORNEY because he is Financially Unable.

To Me there it is not plausible to say that Judge Mindy Walker erred in ruling that Michael Allmain was Financial Unable as she sits on the bench and says it directly to the attorney YOUR Paying for Jefferson County because she ruled Michael Allmain Indigent,and that attorney is still sitting right there in that very courtroom for that Ruling.

Who Paid for Public Attorney Nat Jacobs to be in that CourtRoom that Day? If the public did then there was a ruling that Michael was unable to pay. And in this there had to be employment records, public assistance and more documents reviewed as that is in the application to get a Free Attorney, as seen in the video below.

This is Your Courts Jefferson County. Let's Take a Deeper Look, Video Below.

CLIPS from This Hearing.

MICHAEL ALLMAINS DOG MOSES IS NOT BEING HELD UNDER THE AUTHORITY OF THIS COURT SAYS JUDGE.

Prosecuting Attorney James Kennedy Asked Judge Mindy Walker in the Michael Almain Civil Case if she would ORDER that Moses Be Forfeited to CVAR, Center Valley Animal Rescue. Pretty Please Judge Can my Buddies at CVAR have Moses, Pleeeeease.

This after so many hearings where the Prosecutors tried to get the judge to rule Moses as NOT EVIDENCE, and Every time the Court said YES Moses is Evidence. Moses was Evidence in a Criminal Trial picked up by Officer Wendy

Davis of the Port Townsend Police, and this Port Townsend police evidence in a criminal case was taken several towns over in the same county to Center Valley Animal Rescue in Quilcene Washington.

“In Case” Michael Allmain did not get CONVICTED of Neglect and Abuse, they placed a premeditated Civil Lien on Moses, Michael’s dog to ensure he would never get the dog back. They used the Civil Courts to tie the judges hands per say in a criminal case to ensure they keep the “Evidence” forever.

Then Trials Over, they got a GUILTY, and the Bad Guys Won so now they change the story and want the court to give them Moses. Yet Judge released Moses to Michael about 5 months prior but he could not have his dog because CVAR claimed to have a lien. I call this Fraud on the Court and Abuse of Process, as well as THEFT.

Judge Says Moses is NOT being Held Under this Case (at this time). Remember Folks every time they tried to Say Moses was NOT Evidence and the Court said over and over, YES MOSES IS EVIDENCE.

MICHAEL ALLMAIN’S DOG MOSES IS NOT BEING HELD UNDER THE AUTHORITY OF THIS COURT, Says Judge Mindy Walker.

Law Enforcement is HOLDING MOSES, Not THIS COURT. Says Judge Mindy Walker on 8-13-2021 at Michael Allmains Sentencing hearing.

MOSES IS NOT BEING HELD UNDER THIS CASE NUMBER SAYS JUDGE MINDY WALKER

If not for the LIEN Michael Allmain Would have had his Dog Back months Ago. Says Judge Mindy Walker.

LAW ENFORCEMENT WOULD NOT STILL HAVE MOSES IF IT WERE NOT FOR THE LIEN.

I Allege this is Abuse of Process, and Fraud on the Courts and a VIOLATION of Michael Allmain's rights of Due Process.

Here is a Short Clip from the Sentencing Hearing 8-13-2021, Michael Allmain Criminal Case Jefferson County Port Townsend Washington proving the above. https://rumble.com/vo8nm9-michael-allmains-dog-moses-is-not-being-held-by-this-court-says-judge-mindy.html

Judge Mindy Walker Says MOSES is NOT Being Held Under the Authority of this COURT. Port Townsend Law Enforcement was holding MOSES as Evidence at CVAR against Michael's Will, they were the ones that created the contract with CVAR that led to the LIEN, that STOLE MOSES. This Gang of THUGS used Fraud on the Court

and Abuse of Process to STEAL MICHAEL'S Dog Moses by Vet Fees, ya know from the Volunteer Vet, and at the Location Chosen by Officer Wendy Davis for Evidence in her Criminal Case (Note Document of Feb. 2020 that Officer Wendy Davis was NOT authorized to issue Criminal Citations via a document signed by then Chief of Police Michael Evans).

As Far as this Court is Concerned Mr. Allmain Could have Had his Dog Back Months Ago Says JUDGE MINDY WALKER. See Folks the Crooked Prosecuting Attorney(s) assisted the City of Port Townsend who took MOSES to CVAR to make Michael Pay for the Care of MOSES at CVAR, through a Premeditated Lien to Steal Moses, Evidence Shows Years worth of Premeditated Intent.

SO STEAL YOUR PROPERTY THEN PUT A LIEN ON IT AND JUSTIFY KEEPING IT, AND AFTER YEARS OF PREMEDITATING. Here is Judge Mindy Walker letting Prosecutor JAMES Kennedy know that MOSES is NOT held Under the Authority of this COURT. Wow Right Folks, you could be their next Victim.

Jefferson County Prosecuting Attorney James Kennedy ADMITS that the Court, a Judge in a Criminal Case RELEASED the Evidence, Moses, Michael Allmain’s Dog, on 3-12-2021. Yet the City of Port Townsend Law Enforcement DEFIED a Judicial Order, along with the assistance of Prosecutor Melissa Pleimann, Prosecutor Julie St. Marie and Prosecutor James Kennedy. AND REFUSED TO GIVE MICHAEL'S DOG BACK.

Their reason was the claim of a LIEN on Moses for CVAR’s forced Vet Car, and all the way back to May of 2019 when they had MOSES illegally, first 3 weeks $9000 Bill. Ended up around $25,000. The Lien did not Legally Exist at that time.

When the LAW Breaks the LAW, What Can You Do? For ONE, hold them accountable, fire them, get them out of office. And all we can do really is file complaints to agencies outside of the county in the state and federal governing bodies and “hope” that there is Accountability and Law Enforcement STOPS doing what was done to Michael Allmain.

Why Bother having a Judge Rule Anything when the Prosecutor will DEFY the Order and use the Jefferson County Law Enforcement to Do it.

Your Legal System Port Townsend, kept Michael's Dog Moses at Center Valley Animal Rescue, even though a Port Townsend Judge ruled that Michael was in compliance with proving he could take care of Moses, and there was NO Lien In Place in March of 2021. None of that mattered, CVAR Kept Michael's property against Court Order, claiming a lien in Civil Court that was not yet fled nor adjudicated, they did not even have a judgment yet at that time, still the Cops and the Prosecutors kept this man from his PROPERTY, his Emotional Support Dog and against a Judicial Order.

Also keep in mind, this was admitted in court by Jefferson County Prosecuting Attorney James Kennedy when he said in the verdict finale and sentencing hearing of the Michael Allmain Criminal Case in July of 2021, on the record that CVAR only had the lien and stated that lien statute in order to use civil courts or even a civil court threat that had not actually happened yet, in order to influence the outcome of a criminal case. "In Case there was no Criminal Conviction" he said.

With Jefferson County Prosecutors assistance this enabled CVAR to ILLEGALLY, and against Court Order, keep Michael's property and rack up more bills to later sue him on and finally win against Michael in the civil lien in October 2021 in Judge Keith Harpers Court, a Civil Proceeding across the Hall, months after the Final Verdict Day of August 12, 2021.

CVAR kept Moses against a Court Order and to their own Unjust Enrichment and the massive mental anguish of their Victim, Michael Allmain.

Here is Jefferson County Prosecuting Attorney James Kennedy telling Sara Penhallegon his restitution plan and in it, flat out admitting that Judge Mindy Harper released Moses to Michael 3-12-21, and they DEFIED a COURT Order. by Keeping Michaels Dog, his property, MOSES and racking up more bills to their Unjust Enrichment. This eMail is Dated August 13th, 2021.

CIVIL CASE Against Michael for MOSES via a LIEN, Center Valley Animal Rescue vs. Michael Howard Allmain. Case Number 21-2-00076-16, 9-3-2021, DECLARATION OF SARA PENHALLEGON of Center Valley Animal Rescue. Look at the INVOICES from Vet Christine Parker Graham Right? She testified under Oath in a Criminal Case that she was a Volunteer at CVAR, yet Sara says Christine works for Center Valley Animal Rescue and YA she is No Volunteer, BIG HUGE BILLS. They held Michaels DOG hostage as an agent of the City of Port Townsend, and charged the Owner, stealing his dog through a premeditated lien in civil court. Here is Center Valley Animal Rescue Sara Penhallegon's Declaration. Still won't call MOSES Moses. Keep in mind Deputy Denney brought Moses to her the first time Illegally and all these Vets she conspired with and they refused to help Moses because of it. Number 15 lies about a lien in place, it was not in place until later. Michael Was Convicted BECAUSE Judge Mindy Walker in the Criminal Case across the Hall, Claimed MICHAEL was not Indigent, and had not proved a financial hardship, YET he had to prove that in order for her RULING of Jan. 4th 2021 to be VALID as she RULED he was indigent. So the Guilty Verdict Gave CVAR time to SUE Michael and GET MOSES FOR GOOD. They also got Donations from the Public for these bills and they LIE about Having a Volunteer Vet. Here is the Slanderous Sanctimonious CVAR Sara Declaration.

CIVIL CASE, Center Valley Animal Rescue vs. Michael Howard Allmain. Case Number 21-2-00076-16, 9-3-2021, DECLARATION OF SARA PENHALLEGON of Center Valley Animal Rescue.
Fraud on the Court, she uses 3 year old pictures from Accident, knowing it was an accident as if to make it look like it just happened, she charged him for 3 year old bills while she kept his dog ILLEGALLY.

Click Below for an INVOICE submitted across the Hall in Civil Court, Superior Court Judge Keith Harper (CVAR Vs. ALLMAIN). So did Christine Parker Graham lie under Oath or is she lying in Civil Court to aid and abet the premeditated theft of a valuable dog, half timber wolf, emotional support animal belonging to the man they sued, after holding his dog for nearly a year by then as EVIDENCE in a Criminal Case for Law Enforcement, the Port Townsend Police?

Sara Penhallegon, Center Valley Animal Rescue 501(c)3 Non-Profit got Grants, Donations, and Invoiced her Vets, all the while telling the Public that she would pay the ongoing costs of Moses care and told Officer Wendy Davis if the City Could not afford it CVAR would Pay, then in Illegal BAIT and SWITCH, they sued the owner of the Dog, MOSES for those Same Fees, see they wanted this DOG NO MATTER what they had to do and they got him.

Jefferson County Superior Court CIVIL RULING CVAR Finally GOT MOSES for Good in October of 2021.

Here is the Declaratory Judgment that was the Last Nail in the Coffin per say for Michael and MOSES. A premeditated lien finally enacted. I Say on October 1st, 2021 Adam Karp, Julie St. Marie, CVAR, Sara Penhallegon and Officer Wendy Davis Executed on their final crime, as the courts simply went right along with all these FLAT OUT FRAUDULENT LIES in this Declaratory Judgment Filed by CVAR's Attorney Adam Karp. They Say whatever they want, Truth is Irrelevant, YOU LOSE. They Got Michael Allmain, an innocent man, in Civil Court and Criminal Court, ALL A PREMEDITATED 3 year Set Up.

Your Corrupt Courts in Jefferson County Washington Awarded CVAR Payment for the 2019 Moses Accident, for holding Michael's DOG Illegally. The Sheriff took Moses to CVAR ILLEGALLY. Judge Keith Harper GRANTED CVAR Payment. Then the City of Port Townsend STOLE Moses and kept him hostage for 10 months with no visitations as EVIDENCE in their criminal case and Charged Michael Allmain for it ALL. They Say Allmain is Liable for Roady's Care, as they held his dog Hostage, and refuse to call him MOSES. Plus all along they kept saying they had ownership, now Michael had ownership all along and is responsible for their FORCED lodging and vet care for 10 months? WOW Right. You Could Be Their Next Victim.
Sick People, Very Sick Indeed. CRIME Certainly Pays in Jefferson County Washington.

Click Below for the FINAL BLOW, the Judgment in the Civil Case where Center Valley Animal Rescue SUED Michael Allmain in Civil Court and finally was awarded MOSES.

I understand that you are not involved in the criminal case, but center valley has led that case from the beginning and has influence on that case as well , not to mention that if I make this agreement with them , the courts are attempting to get 14,000 in restitution for center valley on that end so it wouldn't make sense to me to even make the deal, my only other option is to get a continuance until after I win the criminal case and by then our home will sell and I can pay center valley an amount we can both agree upon and retrieve my animal

KEEP IN MIND here that the last hearing in the Michael Allmain Criminal Case, his sentencing hearing on 8-13-2021, he was allegedly NOT INDIGENT and Ruled GUILTY because of It, yet Magically a few weeks later he was again indigent and appointed yet another public attorney, WOW Right? **Judge Mindy Walker RULED that Michael Allmain was NOT indigent, She Said:**

Timestamp: 7-13-2021, 1:49:59
Judge Mindy Walker Says, **"What We do not have for Mr. Allmain is we have zero information on his finances, his bank accounts, his social benefits. I do not know if Mr Allmain receives food stamps or any other social benefits that would be an indication of indigency. I do not know if Mr. Allmain is Employed or Unemployed. I do not know if he was looking for housing at that time, I do not know if he could not find housing based on income."**

Second Time Stamp: 7-13-2021. 1:51:48
Judge Mindy Walker Says:
"I am not finding that the defense has met the burden of proof for that affirmative defense based on the information I was provided. Again I had no information on finances, bank accounts, social benefits, whether Mr. Allmain was employed or

unemployed, and so I am not finding that this applies in this particular case."

Civil Court, the Lien, Execution of Crime I Allege. Hearing on Motion for Declaratory Judgement. Judge Keith Harbor Granted Adam P. Karp, Attorney for CVAR, (Granted CVAR) a Declaratory Judgement against Michael Allmain, and this rendered a Judgement Against Michael Allmain. To me this was enacting on the Crime that they had premeditated since May of 2019. They finally STOLE Michael Allmain's Wolf Dog, finally get the Neglect and Abuse charges, and this after 2 and half years of mental anguish, stalking, harassment, threatening and bullying.

Here is the Motion for Summary Judgment and Hearing Ruled for CVAR, Center Valley Animal Rescue.

I Allege that on this day, **October 1st, 2021** CVAR, Center Valley Animal Rescue executed on their criminal intent to steal Michael Allmain's private property, with Malicious, premeditated intent, as Michael Allmain, at that point on his own with no attorney, as they are now in Civil Court, this pro se litigant had his rights violated and was discriminated against. Michael was denied due process and the Jefferson County Prosecutors enabled non-profit Center Valley Animal Rescue to keep Michael's dog after a court order in March 2021 to give Moses back to Michael, and the Prosecutors enabled CVAR to use the Civil Courts to control an outcome in a criminal case.

Sara Penhallegon Expected a “Shit Show” at her Faked Auction at the Jefferson County Courthouse to FAKE SELL MOSES, Michael’s Dog to herself, her nonProfit Center Valley Animal Rescue, and thereby putting the Final Nail in the Coffin of her Devious Premeditated Plan over years to steal a Port Townsend Homeless Man’s Dog.

The email below shows poor Slanderous Sanctimonious Sara wanted protection at the courthouse for some imagined “Shit Show”. As if she was the one somehow in imaginary danger. As if Shit Show Sara is somehow now the Victim after Getting Michael in every way possible.

So funny right, for years, as the record clearly shows, CVAR Sara’s Lynch Mob Posse stalked Michael, threatened to kill him, threatened to drag him behind his vehicle, threatened to steal the dog, threatened to take his dog out of county and tell him his dog died, let his dog of the leash and drove him to mental anguish off the charts and near suicide and for what? This same woman whipped up a mob against this man, nearly killed him And now wa wa poor baby Sara wants protection after **SHE WON IT ALL:** $28,000, the Family Member, the Breeding Rights, Ownership of Michael’s dog and Criminal Charges against him. And now she is afraid of some imagined psychotic dangerous “Shit Show” and asks for police protection on your dime? Why not right, the entire case was run by her, she was given legal advice by every prosecutor and the police, the VICTIM, Michael Allmain never had a chance at fairness, equality, justice or even humanity, dignity or respect. And You Reader could be their Next Target. Constitutional Rights and Due Process need not apply with these folks.

The Finale of this Premeditated Evil THEFT Drama Mini Series was in the same essence as her entire Vendetta War against Michael Allmain, her seeming sworn enemy for some reason since May of 2019, when SHE held his PROPERTy, his Family, Illegally at CVAR with no intention to ever Give Moses Back to his rightful owner.

The Finale of this PROGRAM did not Fail to produce the same lynch mob crowd pleasing dramatic machinations of a seemingly madd woman raging against the uncut wild timber wolf and his pack leader. Bizarre and Cruel Tale Indeed.

Anyway here is the email as the Port Townsend Police, the Sheriff's Deputies, and the Gallant Steed Animal Control Officer Erik Allen mounts up their posse to ride in

protection of the great CZAR of Jefferson County Sara Penhallegon of CVAR, who clearly runs all branches of government and as for victims in her wake, well they had better just sit down and shut up or the LAW will take care of them. Nothing can be done when the entire local government is after your dog for some out of control seeming maniac enabled by someone from every branch of the local government.

Click Below to read the CVAR Sara Shit Show Help Me, Help Me, Civil Standby Request to CVAR superhero Deputy Erik Allen, ya know the guy who does not want to "be the bad guy" and is glad that Officer Wendy Davis did the dirty work, as I have reported on previously.

October 11, 2021 Moses Was Sold at a Faked Auction to CVAR for **$1000**. You may say, well anyone could have bid on Moses, not true, the price was around $28,000 and CVAR would have gone that far, as it was paying themselves. THEY bought Moses, they STOLE Moses. This was a Premeditated Theft through the Civil Court Process and Enabled by all branches of Jefferson County Washington Government and Law Enforcement.

Also keep in mind CVAR got Grants, Donations from an Emotional Charged public builit up by defamatory lies about Michael Allmain from CVAR. CVAR got donations from the woman who found Moses and others based on demonizing an innocent man via their Facebook Group.

CVAR is a Washington State Non-Profit and has acted illegally and unethically. They are also Guilty, I Allege, of Bait and Switch as they told their public they were willing to pay ongoing costs, there is clear evidence of this in this chronology. They claimed their vet was a volunteer then sued Moses' Owner Michael Allmain for $28,000 and Won in Superior Court Judge Keith Harper. And $9000 of that $28,000 was from the first three weeks in May of 2019 when Michael Allmain's property Moses was illegally taken to and held at CVAR, Center Valley Animal Rescue. And Deputy Brian Peterson had Michael Allmain sign a fraudulent Notice of Impound claiming his property, his

emotional support dog was at the Jefferson County Humane Society

Keep in mind from this Chronology that the Jefferson County Commissioners knew and at least one helped or tried to help CVAR, Greg Brotherton and the Sheriff was involved, several Deputies and City Cops, the City attorney, all four prosecuting attorneys, hundreds of community members, as well as a man named Wyatt Ranson who knew all of Michael's business and all I found in FOI a year later he knew. This is far reaching and why? To take a homeless man's dog? The motive is bizarre at best. It is unethical in the very least. To me it is Criminal, Cruel, and violated Michael Allmain's Civil and Constitutional rights as well as denied him Due Process at every turn, committed fraud against Michael and flat out STOLE, premeditated, his Valuable Wolf Dog, keep in mind Moses puppies were worth $1000 to $3000 per current market and when they stole Moses he was neutered.

You Could Be their Next Victim.

NOTICE to MICHAEL ALLMAIN that CVAR has SOLD his Dog, his Property, his Family to the ALLEGED highest bidder which was themselves.

MOTION TO CONFIRM SALE AND ENTER SUPPLEMENTAL JUDGMENT
Sale took place on 10.11.21
“It appearing to the Court that the Notice of Sale was given by posting and emailing, and it appearing that on 10.11.21, all right, title, and interest of Defendant in and to the dog at issue was sold to Center Valley Animal Rescue for the credit sum of $1000,”
https://drive.google.com/file/d/1zwcDs82SUKXHVEWal5SxG2YXYeeJ6DfJ/view?usp=sharing
Keep in mind with the Above, Michael Allmain had $1000 on this day, they went after him for way more. Also one batch of puppies of Moses is worth $1000 to $3000 per puppy, 7 to a batch. ONE of MOSES puppies, as he WAS an un-nuetered 50% timber wolf hybrid. I allege this is theft and fraud on the court.

supplemental judgment in the Judgment Rolls.
Done in open court this 10.22.21

I Want you Folk to understand THEY put this man through. Michael Allmain had a tragic accident with his dog in April of 2019, the Jefferson County Justice System including all four prosecutors, deputies, police, a large number of private citizens and a Jefferson County Non-Profit all acted illegally, unethically, and unconstitutional from start to finish. I want you to know that you could be next. This page of chronology, as well as my rumble channel, and blogs, show you how this happens. Justice is ONLY for those in Control of it. If you are their target, they will find a way, and as this case shows there is nothing you can do about it, a puppet in their play.

After Stalking, Harassing, Threatening, Setting Up, Lying About, tormenting and seriously stressing Michael Allmain out since May of 2019, they gave him a Criminal Conviction, they kept his dog forever, it’s been about a year now as I am writing this. And on top of it all and more to CVAR unjust enrichment they got a $25,000 judgment that Michael carries with him for charging Michael for the medical procedures for his dog, his property that he did not give consent to, holding his dog illegally from April 20th 2019 to May 10th, 2019 (approx. $9000 for that). And for the City of Port Townsend holding his dog, by their choice not his, as Evidence in a Criminal Case

Against Michael Allmain and holding his dog Moses at CVAR then Billing Michael Allmain for these costs as seen in this chronology. And CVAR, Sara Penhallegon through their attorney Adam P. Karp, got a ruling for Michael Allmain to pay for them ILLEGALLY defying a court order

Again here is the proof the court ordered Moses be returned, they kept Moses against court order, sued him for the costs of keeping his dog, though ordered to give back, and they WON in Jefferson County Superior Court Keith Harper.

Prosecuting Attorney James Kennedy communicates with CVAR, Sara Penhallegon and her attorney Adam P. Karp regarding Civil and Criminal Case. I allege James Kennedy conspired with CVAR in their use of the civil courts to affect the outcome of a criminal case and keep the evidence in that case forever, and to their own unjust enrichment.
https://drive.google.com/file/d/1j0L88u9ghUSeAc4HHuxYieYhSOPiWGsD/view?usp=sharing

Here Again is the email with Prosecuting James Kennedy admitting that MOSES was Court Ordered to Be Returned to Michal Allmain, his PROPERTY court ordered to be returned and Prosecuting Attorney James Kennedy enable CVAR to directly disobey a court order and keep Michael Allmain's property.

So because the sale was ONLY for CVAR they SOLD Moses for way under value, as stated above, ONE batch of puppies is worth a minimum of $21,000.

These Co-Conspirators Got this Man in every way possible.

I am alleging that this sale was FRAUD, and they were violating Michael Allmain's Constitutional Rights, his Rights of Due Process, and that CVAR illegally, fraudulently used the CIVIL courts to interfere with a Criminal Court Process and to their own unjust enrichment.
