

You will finally speak to your audience!

Hey Drew,

I'm a regular customer at Pour coffee in Wilkes-barre. And It's no surprise that your customer loyalty is so strong, given the exceptional service and attention you provide. The black coffee and pastries are a personal favorite

After looking over your social media pages, I saw that there's room to be more impactful and to have an even greater reach to your audience.

I crafted a couple strategies for Pour Coffee, which if implemented in your social media pages will increase your engagement and recognition by twice as much in as little as two weeks, just by highlighting the opinion of existing customers and using them for content.

I would be happy to share them with you, as im confident they will make a difference

Abide Coffee house is already using similar strategies and getting favorable results in their social media performance

This is something you can do too!

Are you open to look into this?

Best regards,

- Luis Gonzalez
