

Computer Applications I Project

Comic Strip

Supplies Needed:

- Paint
- Microsoft Word

Scenario:

- You buy a beautiful old guitar from a thrift shop and when replacing the strings, decide to dust inside of it. Your hand finds a small package taped to the inside of the body. Inside the package are a treasure map and a strange coin. In 8 scenes make a comic strip of you cleaning the guitar, finding the map, getting friends to help you on this adventure, following the map through different locations, and then showing us the location of the treasure and what the treasure was. Copy and paste each scene into Microsoft Word.
