Write a 500 word report on the show. Critically reflect on the style of the piece and the message you think they were trying to deliver through:

- Acting (the vocal and physical skills you see, note any actors that stood out and why)
- Performance space (how it was staged – in-the-round, traverse, proscenium arch etc)
- Set (use of colour, materials, how the actors use the set)
- Lighting (effects, colours, fades/snaps)
- Direction (theatrical style that the play was presented in e.g. Naturalistic, multi role, etc)

Watch with some family members or friends and discuss what you thought about the show.
