

Sigmanauts Meeting Agenda 11/6/22

- Working group based around governance/structure
 - Volunteer post in Discord
- Voting app/notification system
- Twitter takeover of @ergoplatformorg Sigmanauts
 - Think of a handle, CW willing to donate @Sigmanaut
 - From CW for clarity: Hey guys seems a little confusion so will provide some clarification. The EF will provide access to the account (65k followers) via tweet deck, it's an admin panel of sorts for the Sigmanauts Just need to decide on a handle to represent the account, plural sounds good and also decide who will have access.
 - Who is interested in running the account / helping run the account?
 - It would be cool to start being more active in Twitter Spaces via this account
 - If you're a creator via TweetDeck for the account can you still login and attend Spaces from this account?

Sigmanaut Meeting Notes 11/6/22

- Voting App Demo
 - qx() showed a demo of the voting app (see attached video)
 - Feedback: Voting options and category's for sorting.
 - Segmented voting to support more than just sigmanauts
- Mission statement
 - First and foremost a mission statement needs to be drafted, voted on, and published
 - This week do some research to bring to next weeks meeting with ideas
- Sigmanaut Subcomitties
 - Governance committee
 - Agreed to meet once a week (Sundays at 2pm UTC)
 - Suggestion for main group of Sigmanaut's to meet at least once a month
- Definition of Sigmanaut
 - Draft clear documentation on what it means to be a Sigmanaut
 - Define roles and responsibilities (possibility of interim roles while they are voted on)
 - Creating a formal program structure in a traditional sense (President, Board members, Treasurer etc)
- Treasury
 - Management - raise funds, seek funding from the ecosystem.
 - Discussed dues to help sustain or other ways of fundraising to ensure sustainability and functionality
