Title: A Breakthrough in ==<crowdsourcing subject area>!==

Content:

==<Include a photo of the winning innovator, when possible>==

We are proud to announce the winner(s) in the ==<crowdsourcing project name>==!

By the close of the project, we had received ==<total number of entries>== entries. And after ==<number of weeks in judging stage>== weeks of judging, the award has been granted to ==<award winner full name. If a team, list the members of the team>==.

==<award winner first name>=='s solution - ==<solution title>== - uses ==<list aspects of the winning solution that distinguish it from other solutions>==.

==<What Happens Now - describe what will happen next in the application of the breakthrough>==.

We would like to take this opportunity to thank all of the innovators who participated. While only one innovator ultimately wins the award, there were so many other insightful solutions that we are confident many will do great things in the future. Thank you all for helping make this crowdsourcing project a success.

We would like to thank our employees for supporting our efforts in this initiative. Specifically, we'd like to acknowledge ==<list of employees to acknowledge>== for their contributions.

We would also like to thank all our supporters, partners, commenters and anyone else who in any way contributed to our community. Without you, we would not have had the innovator turnout that we did.

Warm regards,
==<your name>==
