

Privacy Policy for iknx

We respect your privacy. This application (iknx) is designed to control your KNX Smart Home system directly via your local network or your own configured gateway.

1. **Data Collection:** We do not collect, store, or share any personal information, location data, or usage data on our servers.
2. **Local Network:** All communication happens directly between your device and your KNX interface/gateway.
3. **Contact:** If you have any questions, please contact us at: [Điền email của bạn vào đây]
