

[Kentucky wildlife officials expect another active deer hunting season, which begins Sept. 7](#) September 2, 2024

WDRB

... During the 2023-24 season, officials said hunters took more than 140,000 deer, the seventh-highest number on record. "We expect the deer harvest for the 2024-25 season to be around 140,000 deer, similar to previous years," Joe McDermott, deer program coordinator for the Kentucky Department of Fish and Wildlife Resources, said in a news release Tuesday. "Kentucky holds about 25 deer per square mile statewide, ...
