

RHINESTONE EYES

PMV / AMV Multifandom Map

RULES:

- This is a Multifandom Map. This means you need to use a character from any kind of media eg. TV series, movies, books ect.
- You can change whatever fandom you use, if you want to, once you get a part!
- This is a PMV/AMV map. If you are using PMV, there needs to be some movement- No still frames!
- **You must have Discord** as there will be a server for the map
- This is not a beginner friendly map, there needs to be at least two examples of animation on your youtube channel.
- This is not first come first serve as well, you'll know if you have the part DM you the link to the server on Discord.
- NO WATERMARKS, if you use software but have paid to have the watermark taken off however, that's fine.
- You can take up to 3 parts however I'd prefer if you didn't take two lyrical parts in succession as they are quite long.
- Please work in 1920x1080p or any variation of that
- No severe gore or NSFW however blood is fine
- PLEASE ONLY ENTER IF YOU THINK YOU CAN FINISH YOUR PART
- In order to get a part please fill out this [google form](#) (also linked in the description of the video), this is just so youtube doesn't delete comments or stop me from seeing them!
- If you have read all the rules, the code word is "monkie"!
- There will be a deadline to see a wip (2 weeks) then another deadline for the finished part (TBA)

THANK YOU FOR READING!
