New landfill to open next week

The town's new sanitary landfill site will open for business next Tuesday at 8 a.m. Oct. 9 will also mark the closing of the present site on Williams College land off Stetson Road. Signs will be posted at the old site directing traffic to the new one, west of Simonds Road.

The entrance road to the new site is on the west side of Simonds Road, a short distance north of the Rt. 7 bridge over the Hoosic River.

The new site is expected to serve the town for 20 to 25 years in conjunction with the recycling program to cut down on the amount of refuse going into it and the purchase of a new compacter to more efficiently handle what is dumped.
