

Boosts.to | Complete Panel Setup Handbook

Getting Started

Ever wanted to launch a simple, automated side hustle with just a few clicks? With Boosts.to, you can begin for as little as \$5 — the minimum required to purchase your first key — and scale up based on your budget (\$10–\$100+). The best part? Everything runs automatically, allowing you to manage your reselling business with minimal effort and no prior experience.

Free Plan Setup

1. Sign Up

Register here 👉 <https://boosts.to/register?ref=RIFLE>

You can sign up quickly using Discord or Email.

2. Add Funds

Boosts.to accepts Crypto and PayPal (via SellApp).

⚠ Important:

If paying through PayPal, ensure you enter your exact username (case-sensitive). Any mismatch will delay or prevent your funds from being credited.

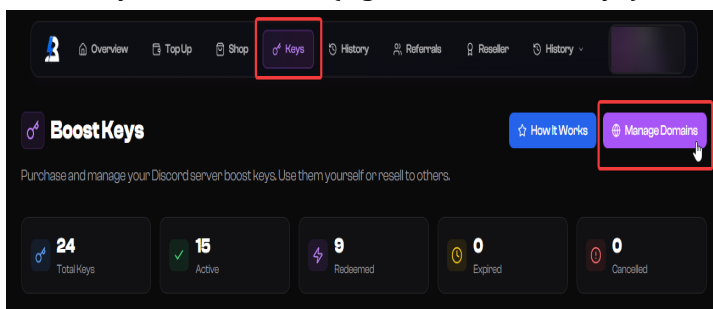

Crypto payments are confirmed within 5–30 minutes, depending on the network.

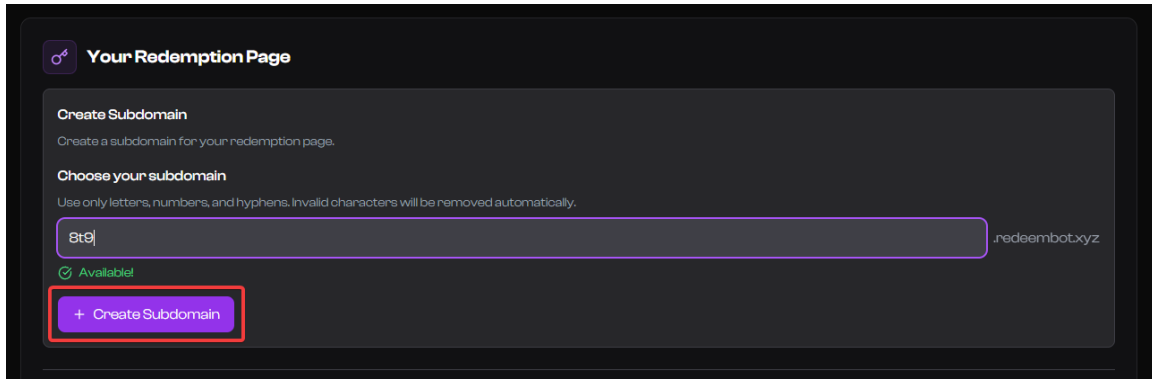

✅ Recommended coins: LTC or SOL for faster confirmations.

3. Create Your Panel

Navigate to “Keys” → “Manage Domains.”

- Choose your subdomain (e.g. rifle.redeembot.xyz)

Your Redemption Page

Create Subdomain
Create a subdomain for your redemption page.

Choose your subdomain
Use only letters, numbers, and hyphens. Invalid characters will be removed automatically.

Bt9 .redeembot.xyz

Available!

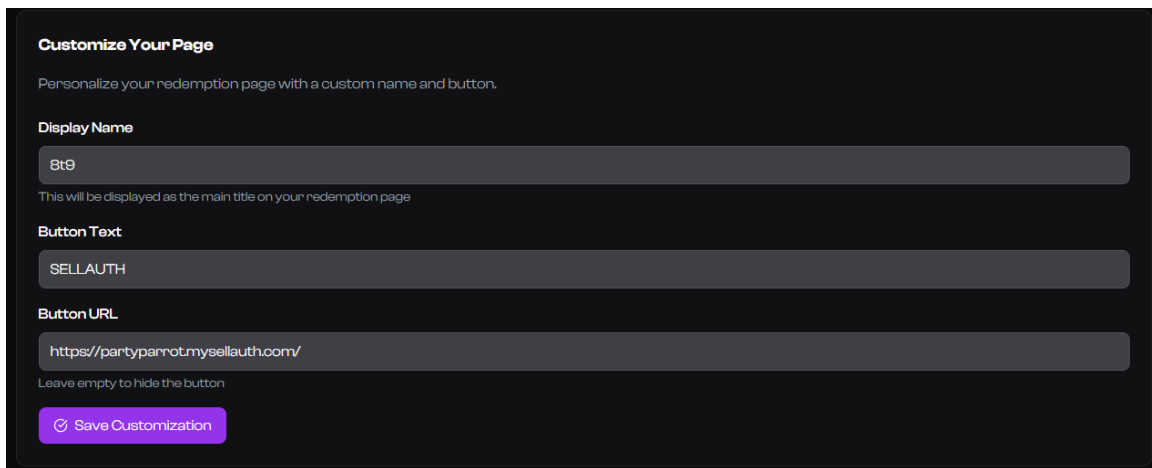

+ Create Subdomain

- Wait 5–15 minutes for DNS to update
 - Once updated, your panel will be live!
- (Custom domains are available with a Reseller Plan.)

4. Configure Panel Buttons

Link your shop platform to your panel.

SellAuth, SellApp, or Paylix recommended

Customize Your Page
Personalize your redemption page with a custom name and button.

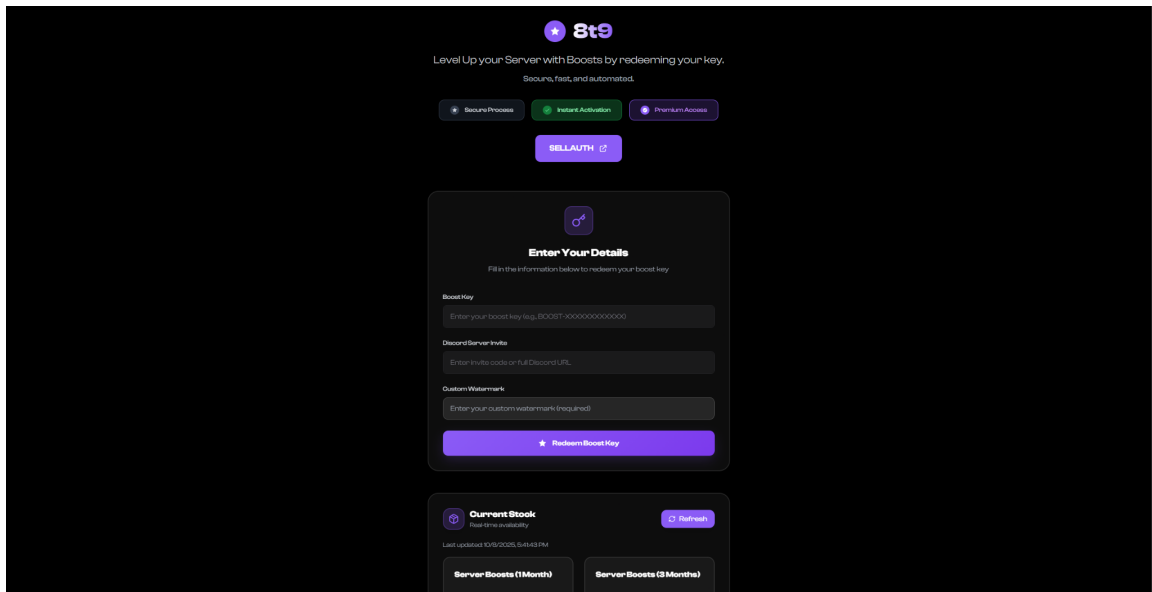

Display Name
Bt9
This will be displayed as the main title on your redemption page

SELLAUTH

Button URL
https://partyparrot.mysellauth.com/
Leave empty to hide the button

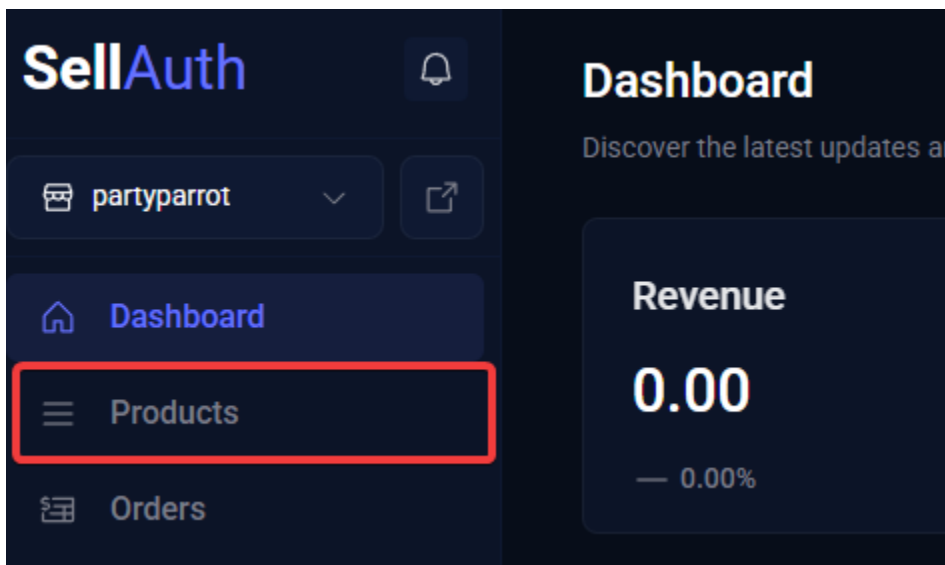

Save Customization

Paste your shop link under Button URL so customers can purchase keys directly from your panel. Your setup should now display a button that redirects buyers to your shop.

Shop Setup Example (SellAuth)

1. Create a SellAuth account and set up your payment methods (Crypto, PayPal, etc.).
2. Go to Products → Create.

3. Set Delivery Type to Serials (this allows restocking with Boosts.to keys).
4. Example Product: "14 Discord Boosts – 1 Month" (you can also create variants like 3 Months or 30 Boosts).

Deliverables Type

This will determine how the product is delivered to the customer and how the stock is managed.

Serials

Automatically delivers serial keys. Stock count is based on the number of entered serials.

Service

Automatically delivers ONLY instructions. Stock count is entered manually and can be infinite.

Dynamic

Automatically delivers content from a specified webhook URL. Stock count is entered manually and can be infinite.

Pricing Tips

- Don't exceed a 50% markup from your base cost.
- For faster sales, aim for a 20–30% margin.

- Example: Buy at \$3, resell at \$5 → \$2 profit per sale.

Buy Now

Automation: When a customer redeems a key, Boosts.to automatically handles delivery and activation. Your only job is to restock keys as needed.

Example: Buy a key for \$3, sell it for \$5 -> earn \$2 effortlessly. Spend 10–30 minutes daily restocking and promoting, and the automation takes care of the rest.

Marketing & Promotion

Once your panel is live, start spreading the word.

Recommended Methods:

- Post your panel and shop link on OGUser, Cracked.to, Nulled, and similar forums.
- Promote in your own Discord server / Telegram Channel.
- Purchase sticky threads or ads (e.g., \$80/month can bring big sales boosts).
- Use social media platforms like TikTok, Instagram, or Twitter/X.

Thank you for reading this guide! If you follow these steps carefully, you can start earning extra income quickly. It's a simple, low-effort side hustle that anyone can do — you only need 10–30 minutes per day to manage it.
