

Meet the Teacher

September 2025

Dear Parents,

I am Michael Peck and I am excited to be your child's teacher this year! This is my fifth year at Noecker and I am so happy to be back! I hope you and your family have had a relaxing summer and are looking forward to the 2025-2026 school year. This school year I will be the 5th and 6th grade science and social studies co-teacher with Mrs. Thomas and Mr. Giumara! I will also be teaching kindergarten replacement math! I am an Elementary and Special Education teacher. I completed my Bachelor's Degree at Rider University where I received my elementary teacher certification and last summer, I completed my Master's Degree in Special Education at Rutgers University. As someone who enjoys the creativity and collaboration of education, I am excited to be able to bring this to the classroom! My goal is to create a supportive classroom environment where each student can flourish academically, socially, and emotionally. It has been especially wonderful to see and help contribute to many of the traditions such as the Ancient Artifact Museum and Science Fair at Noecker and I am looking forward to another exciting school year.

We will work together as a team to continue the progress your children have made and achieve their short and long-term goals.

Please feel free to contact me with any questions or concerns and I look forward to working with you all this year!

Sincerely,

Mr. Michael Peck
