

Academic Update

Sixth Grade

For the week of: January 15th

Math Mr. McCain	We will continue in chapter #4 and cover the topics of using patterns to write and solve equations and relate tables, graphs and equations. AM test on Friday. (need 4 objectives)
Science Mrs. VanWinkle	We will be discussing thermal energy transfer this week and investigate how thermal energy is transferred between different materials and states of matter.
ELA Ms. Ziebarth	This week we will be starting our literary analysis unit.
Reading Ms. Ziebarth	This week we will continue reading <i>Wonder</i> with a focus on characterization. Readings will be due on Wednesday and Friday. Students can listen to the audiobook versions on youtube if they so choose!
Social Studies Ms. Ziebarth	This week we will be learning about ancient Rome.
Keyboarding Mr. Olsen
