Aeries Online Registration Guide

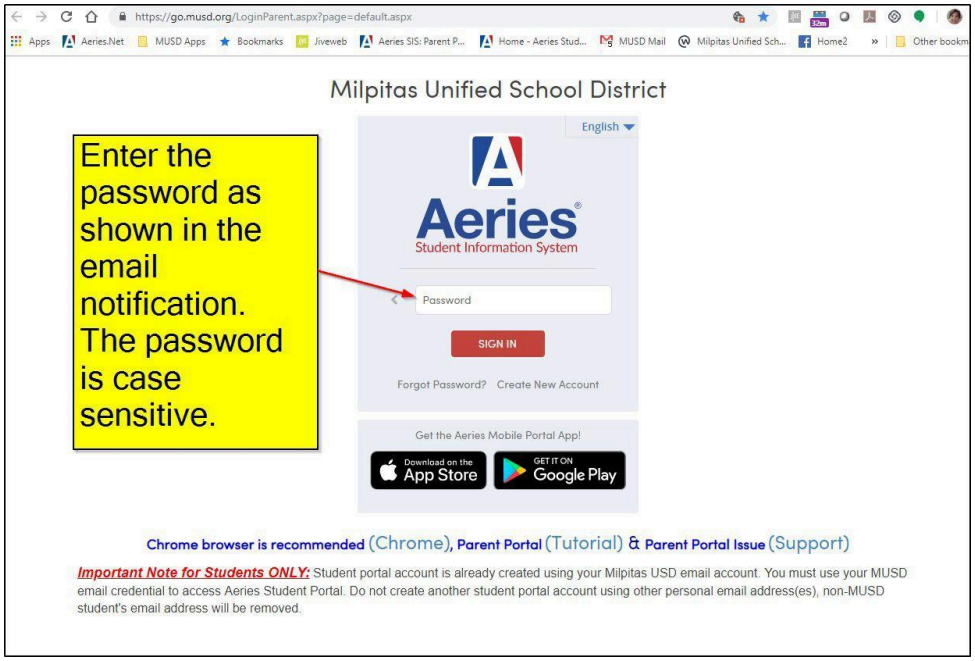

Welcome to Milpitas Unified School District's Parent Portal. Aeries Internet Parent Portal allows parents to quickly access information about their student and allows parents to make changes to student information online.

Please use the links in the email to navigate to the MUSD Parent/Student login page

Enter your email address in the space below.

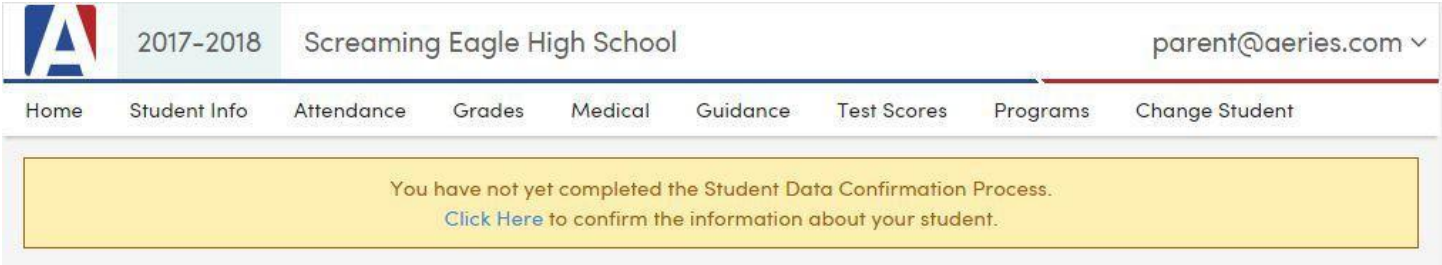

Enter your password and click on the “sign in”button. If you forgot your password, click on the “Forgot Password” link. The password is case sensitive.

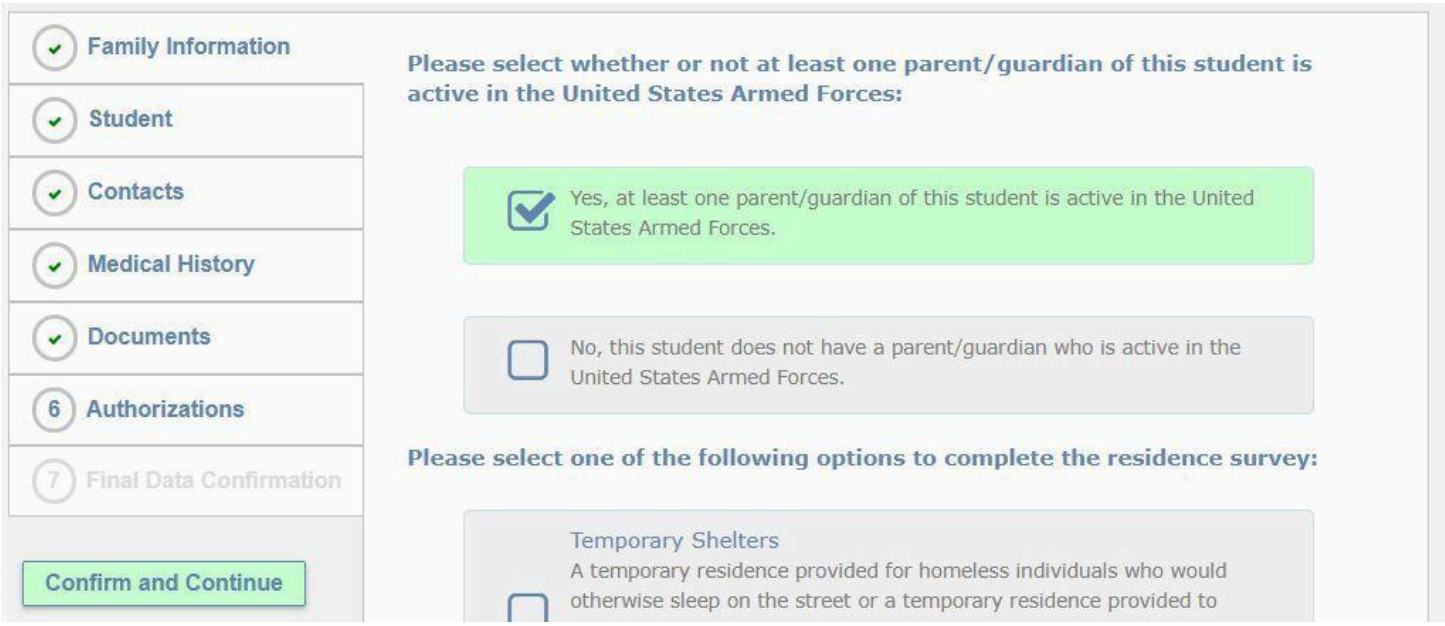

Parent Data Confirmation is the process on the Aeries portal where parents modify or confirm current student demographics, contact information, medical conditions, and authorization information. As part of the annual registration, parents are required to complete the Aeries online registration forms and to fill out emergency cards, sign various documents, and establish authorizations.

A banner message will display on the home page if you have not completed the data confirmation process. You can also access **Data Confirmation** from the **Student Info** tab dropdown.

After you click the link to continue the process, you will be presented with a wizard-style interface to complete all of the required information presented.

On the Final Data Confirmation page, you will be directed to download and sign the **Acknowledgement of Receipt and Review** form. You must also click the link to **Print New Emergency Card**. If your student is TK-6th grade, you will need to send these forms with your student on the first day of school. If your student is 7th -12th grade these forms will be required on their registration day.
