Parent Data Confirmation is the process on the Aeries portal where parents modify or confirm current student demographics, contact information, medical conditions, and authorization information. As part of the annual registration, parents are required to complete the Aeries online registration forms and to fill out emergency cards, sign various documents, and establish authorizations.

A banner message will display on the home page if you have not completed the data confirmation process. You can also access **Data Confirmation** from the **Student Info** tab dropdown.
