Kofi

1. How does it work

I will draw whatever you like (that is allowed) for about 30-45 minutes, or for how long I feel like it.
This will only be allowed while I'm streaming, and if I'm accepting requests.You will be added to the
$5 commission list on trello when payment is submitted.

There will be a cap of only 20 slots.

2. Where to send $5 USD

The best way to send payment is through the Stream Elements link. No invoices will be sent. Please have your idea ready and tell me in chat or anywhere via DMs. Discord is preferred.
Link here if needed: **DA LINK**

Twitch BITS are acceptable! They must be a minimum of 500 bits.
Kofi is an acceptable platform as well.

Twitch Subs will not be allowed for this.

****Please do not pay anonymously when submitting a request.** It will be treated as a

standard tip and you won't get a slot.

3. FAQ

Q. ***Why are you doing this?***
A. Because I want to. It's a limited time event for whenever I feel like doing it.

Q. ***Can I give more money to work on it more?***
A. No. Please do not tip more or give more thinking you will get more work out of it. I want this to be fun for the stream, and not stressful. You are more than welcomed to tip more if you feel like it, but it is not required. The minimum wil stay at $5

Q. ***Where will the drawings be posted***
A. They are being posted mostly in my discord. Please ask for an invite if you like to join! You *DO NOT* need to join - if you want it DM'd via other social media platforms, let me know!

Q. ***How long can I expect to see my drawing?***
A. There is no set time frame on this, but I will try to at least get it done within a month or less. Some people will get it early, some late. This is due to other obligations I have as well as other work. The **Trello** link will provide details of when you can expect your piece. Most if not all will be done on stream. Please also reach out personally to me if you want to ask about it too!

Q. ***Can I buy someone a slot***
A. The person who wants a slot needs to be in chat. Someone can gift you a slot, but the person I'm drawing for needs to be in chat and tell me what they want. I'm not hunting people down.

Q. ***Are revisions allowed***
A. No.

Q. ***Can I get a refund if I am not happy with it or decide to back out?***
A. There will be no refunds for this. Do not participate in this if this will be a problem.

Q. ***Can I get multiple***
A. Yes, but you will not get it back to back. I want to go through new people before doing recurring people.

Q. ***Is this fueling your Gatcha addiction with ZZZ? (Zoneless Zen Zero)***
A. No

4. What is allowed

Anything is fair game. If I am not comfortable doing something, I will please ask you to change. Do not argue if I ask to change a piece please.

What I will not draw:

- Lewd content. Needs to be on stream friendly
- NSFW off stream
- Multi character pieces
- Complex angles or backgrounds
- Stickers or emojis

5. General Rules and what to expect:

- **Keep your expectations low.** This is a stream event thing, do not go in thinking you will be getting a $300 commission. Quality of a piece may be inconsistent due to how loose and carefree these drawings are.

- I will not start a drawing until you submit payment and tell me what you want.

- As stated before, do not ask for stickers or emoji concepts. These are meant to be quick sketch pieces / illustrations.

- Ultimately, I want to have full creative freedom with the piece, but I still want your ideas and if you have specific requests.

- No color will be added (unless I want to).

- If I suspect you are plotting anything in bad faith with this event, you will be banned.

- Do not make fake submissions and attempt chargeback fraud. Any joking behavior will just result in a ban.

- If I spend more time on a piece than I should, that is my decision. Do not complain if another person had more time on their drawing.

- **DO NOT** use past payments as credit towards a drawing for one in the future.
  Ex: You tipped $5 last week, but then next week you tip $5 for a sketch. You will only get

one drawing.

- The reason I do this is because there are so many requests as well as nice people over tipping (when they don’t need to). If you want a request, Please be concise when you are paying for a sketch. If not, it will be treated as a tip / donation.

6. How to contact me to send info:

The easiest way to get your request in is through twitch chat and TTS the moment you submit payment. However, if you have specific details and want to send refs, please feel free!

Everything should be @/notsophatmatt. Please just notify me where you send your info. You can reach out at any of the following:
