EPIC RAP BATTLES OF MMX

NONSENSE

VS.

REED LXIII

BEGIN!

0:10 - **relxi:**

“It’s time for a showdown,
between me and you!
If you weren’t with sheriff Fred,
folks would be eating wolfish stew!

Call me your sensei, chan
I will teach you how to fight;
as I’m the forum’s Obi-Wan,
blowing the mind of a mite!

I’m a fighter with heart,
a monk with sword and pen,
I own your ass like in
your fanfic reading part ten!

I have Nordic blood,
yet none of your foes, lowelf!
But I love (al)chemistry,
hunting for giant loser’s toes myself!

I give you a chance to rap,
but you shouldn’t have hopes.
My lines are firm and solid
just like Rapha’s vampire hunter robes.

I even played a sheep
that ripped out fellow’s flesh -
but what you ever made:
Cute children, 08/15 trash!”

0:42 - Nonsense:

"The Forum's Obi-Wan?
Well I remember that he died,
how can an avatarless fag
teach **Morondit** how to fight?!"

When this battle is over,
you'll call me your **master**
The big *Sensei* is gone,
can't **fap** even faster!

I've got banned hundred times,
but still here I am!
every account was worth as much
as *relxi* times **ten**

I posted the shit out of them
for so many Years
What did you in the same Time,
except having fears?!"

They all know my Name,
they all know who I am
'*The F*ck is relxi?*' asked csg
as we talked about my fan

I wrote Ponyfics, Lyrics
and so many awesome roles
while your random sheep and fred
were dumber than **mere Dolls!**

1:13 - relxi:

"You call it fear
that I don't post more?
I'm just too kind to rival you
as that's the only thing you're respected for!

Who cares about cred
I just want others to feel right;
sacrificing for guys like you
even if your raps are trite!

And at least I have courage
and a soul to cry.
Writing more RPG posts:
You were too scared to try!

So stop your Nonsense,
I have to sprite for SKS.
You'll be mentioned in the credits
as publicity dumbass!"

1:34 - Nonsense:

Oh right, now you mention SKS
What exactly was your part?
Does anyone yet know your name
or does **no one** give a dusty fart?!

Sure I'm known for speaking much
I'ts just like I'm a Posting-God
I made Interviews and LP's too
and soon kicking your plot!

Your rapping makes me smile, smile, smile
cause we both are Bronies long for sure
But while you're fine with watching It
I became **all knowing for!**

Now just shut the Buck up
and crawl back in your hole

Some more of crying *Mimimi*
and I'll molest your **Soul!**

WHO WON?

WHO'S NEXT?

YOU DECIDE!
