

In the summer of 2006, led by Ms Leosanni Somme, hundreds of people came together and donated thousands of US dollars worth of virtual currency to fight cancer.

In the summer of 2007, led by Ms Lapin Paris, we had another recordbreaking outpouring of real help to stop this terrible disease.

In the summer of 2008, RFL captain Erasmus Margulis raised over \$L 3 million - about eleven thousand dollars - true testimony to his hard work, and the generosity and selfless decency of the community here.

In the summer of 2009, RFL captain Kiralette Kelley raised over \$L 1.5 million during the grip of the biggest recession since the Great Depression, a truly amazing effort.

Summer 2010, Lucien Brentano was RFL chair. Again, an amazing year and a wonderful drive making solidly over \$L 1 million.

For many years, Ms Patty Poppy has been tirelessly and quietly doing all she can for those in need in the community, finally culminating in the 2011 Relay For Life fundraiser captaincy. Again, another strong year for those in need.

- Desmond Shang

These were the American Cancer Society's Relay for Life events, Caledon's main charity effort, which we do our best to support yearly.

This statue memorialises our greatest achievement: unselfish caring for others in need.

It is the true spirit of Caledon, and will always stand as our finest hour.
