email

When I started to travel the world. I like to express my feelings about Cambodia. I wrote down every single thing I completed there. I reveal everything I did there, the good and bad parts of Cambodia.

To see what kind of lives they live in Cambodia. Also, you could compare your life to them and you can also see what they get upto daily.

This is what makes Cambodia a **unique country**. It has rich culture Cambodians have developed a unique Khmer culture and belief system from the syncretism of indigenous animistic beliefs and the Indian religions of Buddhism and Hinduism.

I could go and visit this country every year. Because of their nice people, nice beaches and the ancient temples, you get heaps of benefits that other countries don't offer.

If you want to go to a new country with a whole new experience and atmosphere, Cambodia is one of the BEST countries if not the best out there **RIGHT NOW**.
