Subject: Applying for the farm worker job position.

Dear Hiring manager,

I was excited to see that **Ag recruitment ltd** is hiring for **farm worker** that I found on your website. Please accept my letter with higher level interest in working for your organization. I know of your company through social media and know that your organization is top leading in agriculture sectors and have many branches world wide.

I have a **strong background in farm work**. I have **three years experience from Himalaya Organic Farm Nepal Ltd** in Kathmandu, **In that period I have developed my professional skills and knowledge on a variety of different farms where I gained experience in tasks such as planting, pruning, weeding and harvesting. In addition, I have also gained experience in packing, picker by hand and sorting produce for distribution, as well as maintaining farm equipment and facilities.**

I am physically fit and able to work long hours with under pressure and I am comfortable with the demands of farm work, including working outside in all weather conditions. I am also reliable, punctual, and have a strong work ethic.

I hope to **discuss my qualifications further with you in an interview**, as I'm prepared to handle the intriguing challenges your position presents. I have **attached my resume for your review**. Please let me know if you require additional information, and I look forward to speaking with you soon.

Kind regards,
