

Greetings from the music room,

You are reading this note because you might be interested in playing or singing in HS Music groups, but can't fit them into your schedule. We have a way for you to be involved in a very user-friendly way. The goal is to make music possible for everyone.

WIND ENSEMBLE (Band for folks who can't schedule Band) and **CHAMBER SINGERS** (Senior Chorale for folks who can't schedule Senior Chorale) are classes that have no defined meeting time during the school day. You will get credit, complete with a letter grade for these classes. We will be using callback period for rehearsals, which will be scheduled just like other callbacks. No worries about not having enough practice time at home!

Tuesday callback - Wind Ensemble

Thursday callback - Chamber Singers

Please check out the linked document and if you decide you want to participate, just complete the linked contract. After that, I'll use your school email account to communicate with you. Remember, the goal is to make this work for you, so if you read the linked documents and are worried about anything, please let me know. Don't worry about how late or early in the semester it is, or about making a larger commitment than you can handle. You can add or drop *almost* anytime.

[If you want to get involved, just fill in the form here.](#)

Thanks,

MrR

PS. If you don't get around to filling out the form, just ask your advisor to schedule you to the appropriate callback day. You can also send me a note saying you want to join. Questions?? Let me know.
