

Process for Original Photo

By Tim H

“Kentucky History”

Marion County Knight Academy

9th Grade

I created this photo back in November when I saw the books in the library where my mom works. It took around 30 minutes to set up for the photo. I used my iPhone to take the picture and decided that it looked better in black and white. I really like the rugged old books and it was perfect because they were about Kentucky History. I hope you like my picture.
