

Dear Supporters of For the Future,

We thank you for your continued support! We hope you continue to read our newsletters and tell others about For the Future. The first step to our success will be publicity, and we can not thank you enough for your support, and hopefully for telling others about this business. If you have not already told others about For the Future, we encourage you to do so. It would be a massive help for the business and climate change as a whole because one of the goals of the business is to spread awareness for climate change. Overall, if you share For the Future with your friends and family you are not only helping us but the entire world.

In the coming weeks, there will be a For the Future event, which is our first live event. This live event will be our official release to the public. We will cover many topics, including the overview of our business, our first non-profit, project, and product, as well as the current situation of climate change. This event will take place on June 30, 2020, and it is at 12:00 PM ET. We hope you will fill out the form on the Events page of our website in order to receive access to the Zoom meeting.

Upcoming Events

1. First Live Event
 - a. Date: June 30, 2020
 - i. Time: 12:00 PM ET

Climate Change Article of the Week

<https://www.bbc.com/future/article/20200616-how-iceland-is-undoing-carbon-emissions-for-good>

This article talks about the idea rising in Iceland to take carbon emissions and turn them into stone. This article was written by the BBC.
