

Principal Quality Standard I, Element B

Research-Based Instructional Practices

This artifact demonstrates proficiency in Principal Quality Standard I, Element B: Principal Candidate Outcomes. The overall goal for improving student outcomes was to support literacy development for MLs, the English Language Development team will work with content teachers through a co-teaching PLC where time and space will be dedicated to the collaboration necessary to develop literacy-based interventions for MLs. Through the collaboration of stakeholders in the co-teaching PLC literacy strategies will be implemented to improve the academic achievement of MLs.
