

How to Get Any promo code quickly and easily using your mobile phone.

This is only working guide, **PLEASE READ everything** so you can safely get unlimited coupon codes!

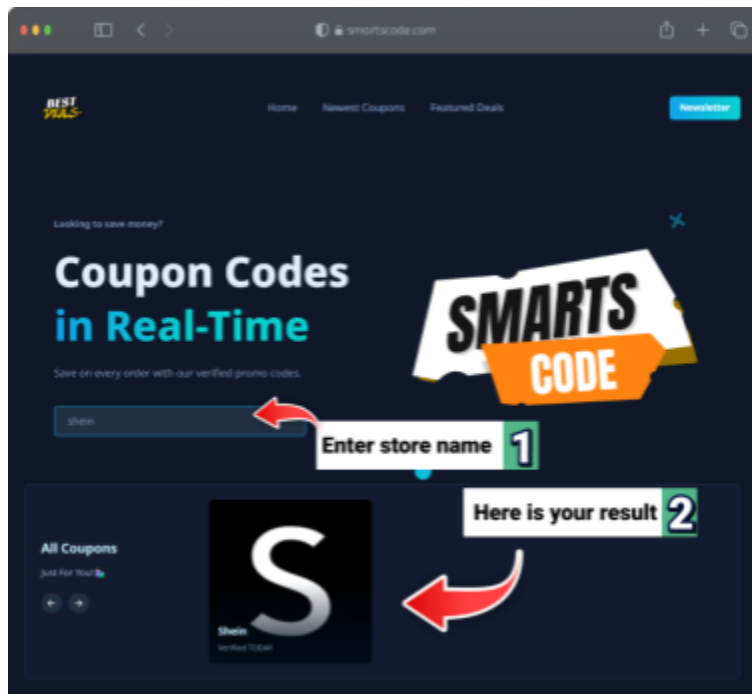

Step 1 - Open your safari browser on iphone , if your on android use google chrome or whatever you prefer

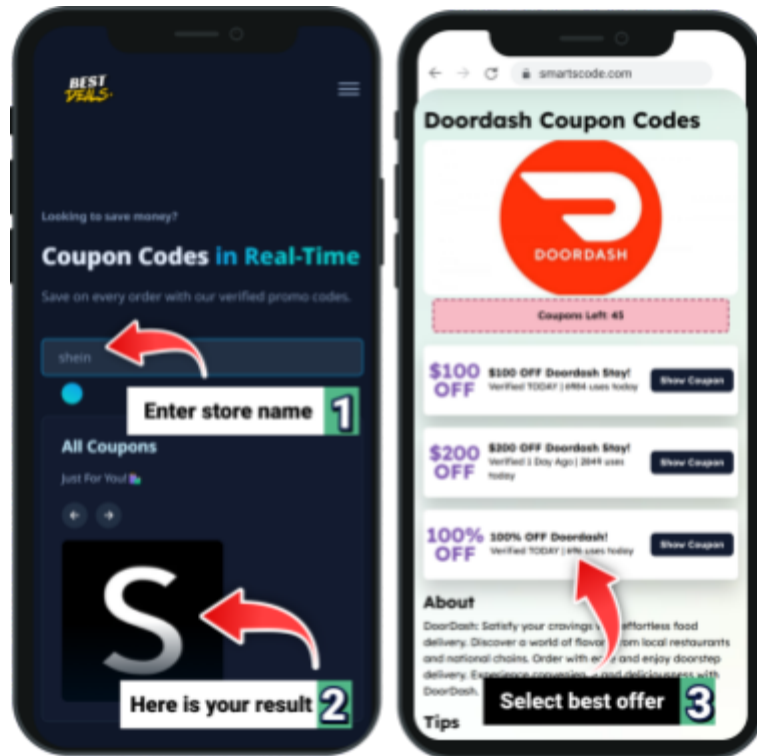

Go to:

smartscore.com

Step 2 - Once it loads, choose your store are looking codes for and click “Show Coupon” button.

Step 3 - Then you will come to sponsored part, all my guides are free and to keep them free you need to do 2 ads/offers. They are really easy like installing a game and reaching some level in the game or to do a survey etc.

Step 4 - If you did ads correctly your codes will be unlock.

SUPPORT

If you are not redirected to the guide after doing ads, try to do another one.

Keep in mind that these codes are limited, so you'll need to unlock your personal code. This step prevents others from stealing the codes.
