Discussion Items

Sharing of Uncertainty-related Concerns/Interests/Activities

We had a vibrant exchange of ideas, captured in the word cloud below.

NCHRP Study Update - Incorporating Uncertainty to LRTPs

Naomi Stein provided an insightful update on the NCHRP study. If you're interested in participating in the upcoming Spring workshops, please reach out to Naomi at naomi.stein@ebp-us.com.

2024 Activities for the Initiative

We delved into the types of uncertainty that planners face and how we respond to them. This discussion culminated in approving the proposed initiative name change to Decision Making Under Deep Uncertainty (DMDU). With this refined direction, we will be working on learning sessions, building support for exploratory tools, and developing calls for papers / workshops in future conferences.

Interested volunteers can email Marty at: mmilkovits@ctps.org
