Macomb-UM-Flint CONCURRENT ENROLLMENT OPTION

Beginning in the fall of 2021, Macomb Community College will be partnering with the University of Michigan-Flint (UM-Flint) to offer a unique program that allows students to simultaneously complete an Associate of Applied Science in Nursing (AAS) degree and a Bachelor of Science in Nursing (BSN) degree. Enrollment in the concurrent enrollment option is not required to participate in Macomb's RN program. Students interested in participating in this option must be accepted into the RN (AAS) program at Macomb. Students interested in applying to this concurrent enrollment option should contact a University of Michigan-Flint advisor. Brooke Michael: Jbjkk@umich.edu or Tiffany Bishop: Tfitch@umich.edu.

In addition to Macomb's program and degree requirements, students enrolled in the collaboration agreement must complete extra coursework required for general education requirements at UM-Flint, as well as complete UM-Flint program requirements to earn the BSN degree. Courses required to satisfy UM-Flint's general education may be taken at either Macomb or UM-Flint. Some of the courses may also apply to program and/or degree requirements at Macomb. The table below outlines extra courses that will be required to complete the BSN degree. Some of these courses may also satisfy general education requirements at Macomb. Students will receive up to 30 transfer credits once they pass their NCLEX. These credits can be used towards the overall 120 college credits needed for the degree. Please make sure to work closely with a UM-Flint and Macomb advisor.

TO SCHEDULE AN ADVISING APPOINTMENT, please visit our website: go.umflint.edu/SONadvising

Students are strongly encouraged to work with a UM-Flint academic advisor to determine the likelihood of program completion and develop a plan for course completion that is realistic and will result in the timely completion of the degree. Policies related to progression in Macomb's program will apply. Students will be eligible for NCLEX testing and licensure upon completion of the Macomb RN (AAS) program.

The curriculum plan for each cohort starts includes only required prerequisites, major requirements, and the order of completing these courses at both institutions. MTA requires non-nursing courses for the BSN degree, and UM-Flint general education courses are *not* included and may be completed during a semester at the student's discretion. A Macomb-UM-Flint Concurrent Enrollment Option Advising Sheet is available to students in the Admissions Office and the Health Sciences Division Office to assist with planning and course tracking. The Advising Sheet lists all courses required to complete the Macomb AAS (RN) degree and the UM-Flint BSN-Completion degree.

Macomb's nursing program application deadline: February 1st.

Semester outline:

UM-Flint: Fall=August or October; Winter=January or March; Summer=May or June

Macomb: Fall=August; Winter=January; Spring/Summer=May

With the pathways below, students can complete their BSN in **3 years and 4 months**, including all prerequisite courses and general education requirements for both Macomb and UM-Flint.
