

Yale Model United Nations Singapore 2025
Financial Aid Application

Dear Esteemed Delegates,

YMUNS is proud to announce our Financial Aid program for this year's conference. We are strongly committed to making the YMUNS 2025 experience available to as many students as possible, and we strive to make sure that financial circumstances do not become a barrier to participation in our conference.

YMUNS will be issuing financial aid on an individual basis, considering both financial need and demonstrated interest of the delegate. Delegates from group delegations who require financial aid will be considered on an individual basis separate from the delegation as a whole.

The Financial Aid program is available to both domestic delegates as well as international delegates. Our goal is to minimize participant fees for as many students as possible; at this time, we do not generally provide Financial Aid for other costs incurred for participating in our conference, such as those from travel or housing accommodations. We ask for your understanding that our ability to provide Financial Aid is limited by our own budgetary considerations.

If you believe that you qualify for financial aid, please fill out this supplementary application, before completing the other steps of registration for the conference. Please feel free to reach out should you have any questions or concerns.

Sincerely,
Andrew Lau
Secretary-General
Yale Model United Nations Singapore 2025
