- **Purpose:** To support the whole student in identity development, physical, mental and social emotional well-being and post-secondary planning in connection with staff, families and communities.
- **Mission:** every student feels a sense of belonging and pathway to success.
- **Vision:** To create a network of support by building authentic relationships with students and families and working toward a fully culturally aware and inclusive school community
- **Values:** Community Building. Collaboration. Leadership. Integrity. Professionalism. Ethical Standards. Self-Determination.

Serving team 1B:
