

NAME: EVA SMALL

DISCIPLINE: PSYCHOLOGY

Past/current experiences working in the field of disabilities:

I have worked in the field of autism intervention as a peer support/respite worker, as a registered behavioral technician, and also in my clinical work doing externships in neuropsychological evaluation

Goals for your LEND training experience:

I aim to grow in my capacity to understand the wealth of services and interventions available for individuals with ID and neurodiversity and how to best connect these services.

What you wish to contribute, in the future, as an advocate/professional/family member in the field:

I want to make sure that I am bringing the lessons I have had from my 7+ years of in-the-field experience working in ASD interventions.
