Hut 373 Mudeford Sandbank - glamping right on the beach!

FB @Hut 373 Mudeford Sandbank

Set in a beautiful position, on a lovely quiet sandy beach, good for swimming, sailing and canoeing, with views of the Isle of Wight.

Loved since childhood by sisters Emily Bryan and Joanna Argent, they now rent to like-minded experienced hutters or glampers.

Available to rent: Get away from it all and enjoy our basic, but well-equipped and characterful hut. It is family and dog-friendly or great as a romantic get away.

Access: Only accessible via a ferry from Mudeford Quay or a walk or land train from Hengistbury Head.

Sleeping arrangements: It sleeps 4 comfortably and 5 if you don't mind sharing a small double; one bench seat is convertible to a small double bed, the other bench seat is a single bed, plus 2 bunk beds. Single duvets and pillows are available but renters need to bring their own linen and towels.

Other facilities - gas cooker, electric fridge, sink (no running water; we fill water vessels provided from the tap behind the hut), radio, blue-tooth speaker, usb port for charging. All crockery, cutlery, general kitchen kit, games and toys, deck chairs, picnic table, kayaks and paddle board to borrow!

Important to note - there is no toilet in the hut itself, hutters use the toilet block a short walk down the beach. There is a bucket toilet for night time wee's only! No wi-fi.

No unaccompanied youngsters please. 2 nights minimum rental.

Prices and availability

Our prices are lower than the standard hut rentals to reflect our 'leave as found' approach; we ask renters to bring their own linen and clean ahead of the next renters arriving. It is challenging to find a cleaning service on the sand spit, so we can't always visit between renters to check standards.

Please contact one of us for prices and availability:

Joanna Argent - 07910 376 659 / joanna.argent@gmail.com

Emily Bryan - 07706 279 102 / emrosebryan@gmail.com

More detailed information for hut usage will be provided once your booking is confirmed.
