

**Dear Parents,**

**Have you registered your children for complimentary COVID-19 testing?** In conjunction with the North Carolina Department of Health and Human Services, Pollocksville Elementary is providing COVID-19 testing on site at our school. **In order for your student to participate in this free, StrongSchoolsNC COVID-19 testing, you will need to register your student.**

### **How it Works**

A parent or guardian must register any minor under 18 years old. You'll give a one-time consent and HIPAA authorization to share testing results with all necessary parties. All testing information is confidential and results will be available in hours.

Raleigh-based MAKO Medical will administer an anterior nares nasal swab test that is quick and gentle. (This is NOT the test that tickles the brain!)

### **Register Today**

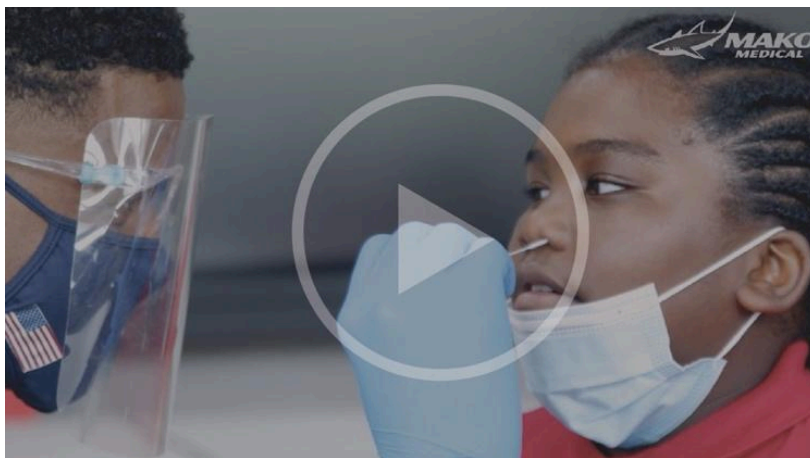

We are dedicated to keeping North Carolina students and educators safe, but we need your help.
