

Social Media Process

Last edited: July 12

Note: The instagram should have a colourbrand guideline

Step 1: Plan Content

Step 2 Shoot Videos & Pictures

Team: Cameraman + Content Creator

Create picture & video content. The content creator will provide direction and instructions for each video including the concept and title. (Every video should ideally start with the title name of the video "hollywood style").

- 2 shoots & 1 social event per week (3 events, each event we make content)
- Shoot 5 small videos for instagram/facebook/linkedin at every event
- Take 5 awesome pictures at every event
- At every photoshoot do 1 "attractive man" video for youtube /2x a week / each photoshoot
- At every photoshoot do 1 video for UNICORN FREEDOM, Teaching Video (Youtube teaching) 2 / photoshoot
- Do 1 youtube video for every event. Can also be Interviews (Youtube Podcast) - 3
- Shoot 10 TikTok videos

Step 3: Upload Content That Can Be Used

Folder: Content needs editing

3.1: Cameraman uploads unedited content onto Google Drive folder so that team can access in "Content needs editing"
Team: Cameraman

3.2: Label content correctly so that the team can find it by name. Use title sheet to find exact
title: https://docs.google.com/spreadsheets/d/1d2HeC6KW_bt4akKpr_FOWCJ1nPXJXjSG8AqiNCyhNbM/edit?usp=sharing
Team: Cameraman
https://drive.google.com/drive/folders/1mhuRo5P7c2qEXNfTus_J4AICGGi4sjrx?usp=sharing

3.6: Make sure images from **Content finished editing** → **"Pictures - Raw Edited"** → **Images that need editing** are divided 50-50 → **"Quote Cards"** and the other 50 % are put inside → **"Normal Pictures"** folders

Designer

Step 4: Repurposing Content

(Test: rev.com + free software + temi.com)

TRANSCRIPTION

4.1: Pick video from **"Rest Of Social Media - Raw Edited"** and write Transcription of video

- Make sure that the text transcription without the sound makes totally sense
- Go through transcription and do diligence

3.3 Editor download videos from “content needs editing” check if edits need to be done
Edit unnecessary parts out to ensure content is ready for further use
Team: Editor

3.4: Upload/move edited content into folder: “content finished editing - Raw Edit” in google drive
(All videos for IG, FB & Linked in put in the same folder called: “Rest of Social Media - Raw Edits

- Label content correctly, the exact file name must be copied

Team: Editor

Image Process: (NUHR START HER)

3.5 Make sure that you create 1 image from each video. Label each image the same as video file and upload to
Content finished editing → **“Pictures - Raw Edited”** → **“Images that need editing”** Team: Writer

4.2: Upload srt. File and google docx. Versions of the same transcription in google drive: **“Content Ready”** →
“Transcription For Videos - Ready” + **“srt. file”** folders. Label it correctly

Word file: https://drive.google.com/drive/folders/1AWVYzO_bZkn6TFhpiMd3zUXpEcJZDES?usp=sharing

Srt file: <https://drive.google.com/drive/folders/1rtkJ1HpM9JLqghZza2wDOxUAxRb28q7t?usp=sharing>

Team: Writer

4.3: Open **“Content Ready”** → **“Quote Sheet”**

Team: Writer

4.4: Put direct link to specific transcription into **“Content Ready”** → **Quote Sheet** and mark the status “Ready for quote”

Team: Writer

4.5: Send the direct link of transcription to 2nd writer

- 2nd writer looks for mistakes
- Make sure that the text transcription without the sound makes totally sense

Transcription process finished

Quotes:

Create quote from transcription:

4.7 Open: **“Content Ready”** → **Quote Sheet.**

https://docs.google.com/spreadsheets/d/1PwPK2W882b5yTLFdIWc0I6a9yq2lwl-ttQTP_PxJBWg/edit?usp=sharing

And open the google doc link inside the sheet (that directs to the video transcription). The file is marked “Ready for quotes” inside the excel sheet.

4.8 Use the transcription file to create ONE QUOTE: 2 -22 words quote that recaps the “message” of the video transcription fileo.

4.9 Insert the quote in the **Content Ready** → **Quote Sheet** and make sure to label the quote status “not used” in the quote sheet

Team: Writer (preferably 2nd writer ?)

Designer steps in:

4.10: Choose picture from **“Content Finished Editing”** → **Pictures - Raw Edited** → **“Pictures For Quote Cards”** and open **“Content Ready”** → **“Quote Sheet”** and match it with “Not Used” quote from Quote Sheet, put quote and image in your design program.

Find images for quote cards here:

<https://drive.google.com/drive/folders/1dVaxskvUeKAYUhonJR3miagv8wNMJjFg?usp=sharing>

Match it with quote from quote sheet:

https://docs.google.com/spreadsheets/d/1PwPK2W882b5yTLFdlWc0l6a9yq2lwl-ttQTP_PxJBWg/edit?usp=sharing

Team: Designer

4.11: When you have matched a quote with a picture. Take picture from **“Content Finished Editing”** → **“Pictures - Raw Edited”** → **“Pictures For Quote Cards”** and put it in → **“Pictures Used”** Team: Designer

Team: Designer

4.12: Design Quote Card

- Look at Gary Vaynerchuck or Grant Cardone to model Design
- Decide on a cool filter
- Don't let quotes fill up more than 20-40 % of the image.
- Use design program you are comfortable with (using Canva, PickMonkey, Phonto)
- **Nuhr: Check properties for linkedin Facebook Instagram**

Team: Designer

4.13: Upload fully designed quote cards to **“Content Ready”** → **“Quote Cards Ready”**

https://drive.google.com/drive/folders/1wu_zPZlby1rfbkCpCB04wDmEzn8stHrq?usp=sharing

4.14 name the quote card the same as the video transcription file

Team: Designer

4.15. create direct link to the quote card and insert in the quote sheet

4.16 Mark the status of the quote card: “Quote Card Ready To Post”

Design videos for Social Media ready to upload:

4.17: Pick video for FB/Insta/LinkedIn & start editing process of creating video subtitles + Design frames for social media + Edit into the right dimension so video is ready to be uploaded

Pick the video from **“Content finished editing”** → **“Rest of Social Media”** and then continue to next step

4.18 Insert subtitles on the video - Take the transcription srt file from **“Content Ready → Transcriptions for video - Ready → srt.file”** <https://drive.google.com/drive/folders/1rtkJ1HpM9JLqghZza2wDOxUAxRb28q7t?usp=sharing> and insert subtitles into the video that you are editing. You can use handbrake app to burn in subtitles (srt file)

Guideline for subtitles:

- model Gary V & Grant Cardone in subtitle design style, font, size, colour, the way the subtitles come in (1 sentence at the time)
- Don't write anything that is not being said and write in a way that makes sense to the reader with no sound.

4.19 Insert “design frames” for social media into the video. Important: Use the file name of the video in the headline of the design frame for the video.

- Copy/Model the style of Gary V & Grant Cardone

4.20 Once the subtitles are added to the video. Take the transcription file: **“Content Ready → Transcriptions for video”** and move it to **“Transcription Ready For Description”**

Move from here: https://drive.google.com/drive/folders/1AWVYZO_bZkn6TFhpiMd3zUXpEcJZDES?usp=sharing

To here: <https://drive.google.com/drive/folders/1kGHu2iE32Ggtt2G2bxs-Peo91uCeUPVy?usp=sharing>

4.21 Edit the video into the right dimensions for FB/IG & Linked & upload to respective “Video Ready” folder

Dimensions:

720x 720 for Facebook & Instagram

4096x 2304 for For LinkedIn:

- Upload Facebook/Instagram edited videos on **“Content Ready” → “IG + FB Video - Ready”**
- Upload LinkedIn edited videos on **“Content Ready → LinkedIn Video - Ready”**

Team: Editor/content creator
