

Multiple positions open at Lucid Psycheceuticals (a sub of FSD Pharma)

Lucid Psycheceuticals ("Lucid") is a Toronto-based biopharmaceutical company, with three pipelines under development in the areas of inflammatory, mental health and neurodegenerative disorders. Lucid is a fully-owned subsidiary of FSD Pharma Inc. (NASDAQ: HUGE, CSE: HUGE, FRA: OK9). As part of its continued growth, Lucid is recruiting for several positions and is interested in receiving applications from qualified individuals. Lucid is looking for self-motivated and dynamic candidates with high-quality credentials, ability to work independently, focused on developing novel therapeutics in neuro, psychological and inflammatory disorders. Salary and perks are dependent on education, qualifications and prior experience of the candidates. More information can be found at <https://www.fsdpharma.com>

Additional open position includes:

- Lucid is interested in individuals to provide leadership in preclinical/basic research projects. In this position, the scientist will review relevant medical literature and oversee studies in animal models in the areas of neuro and immune disorders to evaluate the efficacy of new compounds, as well as to evaluate risk profiles. The incumbent will analyze data from these studies, write scientific reports of the findings, and help prepare regulatory documentations. The aspiring candidate must have received a Ph.D. along with postdoctoral experience in related areas, and experience/understanding of preclinical animal models of disease and interest in clinical studies. The aspiring candidate must also have demonstrated proficiency in data analysis and scientific writing. Experience in immunology and/or neuroscience fields is required. Experience in clinical trials/studies is desirable, but not essential, as the scientist will also work with other team members to develop plans for clinical trials. It is expected that the incumbent will be a part of drug development team.
- Clinical Coordinator (experience in managing multi-site clinical trials in multiple jurisdictions is an asset)

All interested candidates may submit a copy of the curriculum vitae along with contact information for up to 3 references, to lpk@lucidpsycheceuticals.com. All applications will be screened and those selected will be contacted for further discussions. FSD Pharma Inc. and Lucid are E.O.E. and embrace diversity.
