What is Community Engagement?

At ACM we define **community engagement** as a **reciprocal partnership** between the **college and a public or private sector organization**, that: 1) *enriches scholarship,* 2) *enhances curriculum,* 3) *prepares engaged citizens,* 4) *strengthens democratic values,* 5) *addresses critical societal issues,* and/or 6) *contributes to the public good.*

What do we do?

▶ Partner with organizations and leaders to address unmet community needs.

▶ Build connections between the college and the community!

▶ Provide skill building trainings to students, faculty, staff and community members.

▶ Encourage and support diversity efforts at the college and in the community.

▶ Provide voter registration and education to build a thriving democracy.
